SPECIAL INFORMATION

PRICES

The prices quoted in this Catalogue are **WHOLESALE** in every case, and are **NOT** subject to Trade Discount.

All our Merchandise is Billed at Current Market Prices, whether lower or higher than named herein.

TERMS

We give the usual dry goods terms and cash discounts with the following exceptions:

Gillette and Autostrop Razors and Silverware, 2% in 10 days, 1% in 30 days, or Net 60 days.

Ladies' Kid Gloves, Piece Silks, Batts, Warps, Waddings, Grain Bags and Men's and Boys' Overalls, Net Cash with Regular Dry Goods Dating. Also some additional lines specially mentioned in catalogue.

GOVERNMENT SALES TAX

The Government Tax, is $1\frac{1}{2}\%$ and applies on all Merchandise.

FIRST ORDERS

In asking us to open an account, new customers should remember that their names may not as yet appear, with satisfactory information, in the commercial reports. Therefore, to save delay, please fill out definitely the information blank to be found in front of the blue order sheets at the back of this book, mentioning as reference the names of other wholesale houses with whom you deal on open account, or of your banker. (When goods are wanted immediately, it is well to send cash

with first order, as the investigation of references necessarily consumes some time.)

MAKING OUT ORDERS

Write your orders on separate sheets from any other communication you have to make. This permits both being attended to at once.

Always put prefix letter before number, as given in catalogue, and write one item only on each line.

You help to expedite the handling of your orders when you group all goods of a department together. The letter prefixed to number indicates the department to which an item belongs.

SHIPPING INSTRUCTIONS

Shipping instructions are important. If you are not located on a railway or a water route, be sure and mention your nearest shipping point. If there are competing lines, name your preference. If express shipments, specify which company serves your town.

Please note that we are strictly wholesale merchants and manufacturers. Any merchant, customer or not, who sees our catalogue or advertising matter in the hands of anyone not entitled to same will do us a favor by reporting the matter to us.

ORDER FORMS

Please use our regular order sheets, which are put up in pads. If you have not a pad, mention in your next order or drop us a card. You will help us to give you best and quickest service by observing the above suggestions.

A GRANNY'S OWN LABEL ON YOUR YARN IS A PLEDGE OF QUALITY PUT THERE FOR YOUR PROTECTION

In these days when most women appreciate the distinctive value, enhanced appearance and superior wearing qualities of hand-knitted garments, it is to your interest, Mr. Merchant, to put in a carefully selected stock of reliable, up-to-date, dependable yarns. We pride ourselves that we have attained this most desirable end in our "Granny's Own" Brand. For softness of texture, brilliance in color, evenness in twist, working and wearing qualities, we unhesitatingly and with confidence place them beside any other yarn produced to-day. For these reasons we unhesitatingly commend them to the most discriminating of buyers.

A SUGGESTION—It is important that merchants impress upon their customers the advisability of buying sufficient of a desirable shade to finish the garment, as it may be difficult to obtain perfect match later.

The Grand Prize **EUREKA** Electric Vacuum Cleaner

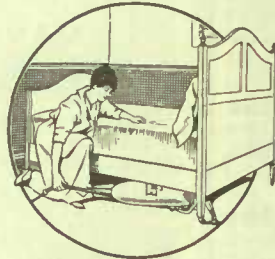

THE EUREKA WILL CLEAN ALL HOUSEFURNISHINGS

Cleaning Upholstered Furniture

Cleaning Portieres

Cleaning Under Beds

Cleaning Mattresses

THE HOSE ATTACHMENTS

With the hose attachments every piece of furniture in your home can be thoroughly and quickly cleaned. Every corner and crevice, no matter how difficult to get at can be easily reached. These extra attachments give the Eureka a hundred cleaning uses.

THE FLOOR BRUSH

Complete With each Machine

The floor brush is furnished with every Eureka Cleaner without charge

When the floor brush is attached the Eureka is sure to pick up all threads, ravellings, lint, hair, etc., from carpets and rugs.

The bristles loosen these fine particles which become fastened in the nap of the carpets and the strong, powerful suction carries them quickly to the bag. The Eureka can be used with or without this attachment.

Showing Eureka together with reduced facsimile of Official Award Ribbon. Note convenient hook where cord is coiled when Eureka is not in use.

Save Your Carpets

Broom Bristles Wear and Tear the Fabric. Air Suction Preserves and Brightens it.

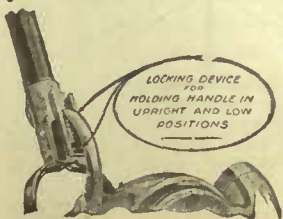

Don't you know that the bristles of a broom, when you sweep briskly over the floor, force the nap of your carpets and rugs down end-wise, gradually tearing out the threads that hold it and doing great injury to the fabric? Even dust and dirt particles, ground into a rug or carpet, cut the threads and fabric, and when you use the broom and carpet beater to remove these particles, you are subjecting your carpets and rugs to still greater wear and tear.

Now, in using the easy-running smooth-gliding Eureka Cleaner, the power which lifts out every speck of dust is—AIR, one of the gentlest and yet most powerful of forces. In using a Eureka electric cleaner there are no bristles to tear the nap and fabric of your carpets. The air power, with its steady, upward pull, raises the nap of the carpet to its proper position, lifting out and devouring even the smallest dust particles and restoring and brightening the colors of the fabric.

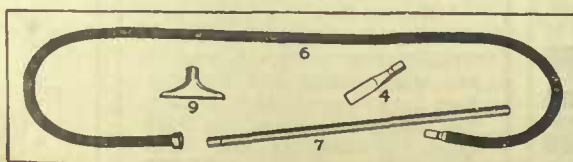

Leading carpet manufacturers give it as their opinion that the use of a Eureka electric cleaner will double the life of carpets and rugs.

For cleaning all floor coverings and surfaces. Equipped with floor brush for picking up threads, lint, ravellings, hair, etc.

The Phonograph with A SOUL

"Puri-tone"

Sold Only by Gordon Mackay & Co. Limited Toronto

Designed by a Master Craftsman

This year we are featuring our Puritone Phonograph, which has many improved features over previous models. We have spared no expense in producing an instrument which is worthy of the name of "Puritone." The case is made from carefully selected woods, with conspicuous beauty of grain. The inside has been designed by a master craftsman with many years experience, producing a tone which is full, mellow and as near to the original production of the artist as any mechanical device yet invented.

Model "D" Sheraton and Model "G" Queen Anne Design

CASE—The case comes in three finishes: Mahogany, Walnut and Fumed Oak, specially rubbed and finished to produce the richest beauty of the grain. It measures 47 inches high, 20½ inches wide and 21½ inches deep. It has four smooth running nickel plated castors.

MOTOR—The motor is a Canadian production and is a decided improvement on any we have before handled. There is an almost entire elimination of noisy gears, it has the latest spiral drive, a worm device of solid brass, replacing the old type of fibre drive also two extra heavy double springs.

This insures long life to the motor. As the motor is the vital part of the instrument, we have chosen

one which we believe will reduce trouble to a minimum.

TONE ARM—The "Puritone" is equipped with a universal arm, adjustable to play any make of disc records.

AUTOMATIC STOP, Etc.—The "Puritone" is equipped with a simple and reliable automatic stop of latest improved type. It has also a tone control for regulating the volume of sound, graduated speed regulator with nicked dial and 12 inch turntable.

TONE CHAMBER—The "Puritone" has an all wood tone chamber, fashioned from selected violin spruce, giving it a superior, mellow rich tone.

"SUNNYSUDS" ELECTRIC WASHER AND WRINGER

The Aluminum Wringer locks into four positions; it is equipped with a simple lever which does away with thumb screws, which insures even pressure across the rolls, and which acts as an instant safety release. All gears run enclosed in grease. The motor is over-size, self lubricating, waterproof, and cooled by forced draught.

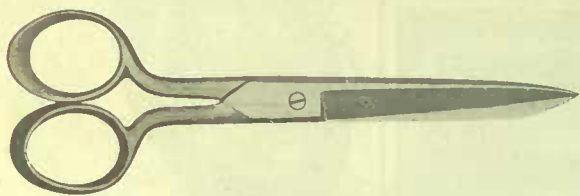

THE MOTOR—SUNNYSUDS is equipped with a one-quarter horse power Domestic Motor. It is ball-bearing and self-cooling, of a splash proof type, and two or three drops of medium oil every six months will take care of the lubrication. After a thorough and very careful test of a number of different makes of motors, we decided on this particular one.

Your first opportunity to buy a standard size steel, copper and aluminum Electric Washer and Wringer for **\$130.00**

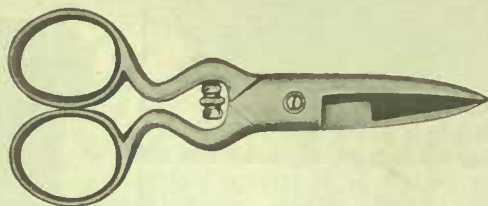

Now, for the first time, you have the opportunity to buy a standard size, all-metal, electric washer and wringer for a moderate sum. Improved design makes possible the Sunnysuds price. Many unnecessary parts have been eliminated. The White enamel frame is built of heavy pressed steel — sturdy, rugged and rigid. The six sheet copper oscillating tub is scientifically corrugated to create vigorous agitation and to insure a washing action that is rapid and thorough though carefully gentle.

So ably designed is the Sunnysuds that it is practically noiseless. Although the Sunnysuds is a six sheet washer, it occupies but little space. Although it is compact enough to fit into the smallest kitchens, it can complete the largest family wash with surprising speed and certain satisfaction.

Rogers' 1847 XS Triple Silver Plated Ware

Rogers Bros.' 1847 Triple Silver Plated Ware is too well known to need any more recommendation from us. It is made from the heaviest triple plate, and the designs and patterns are thoroughly developed and finished in the metal before being plated, thus giving the goods a beautiful finish, combined with quality, which for wear is unsurpassed.

Where goods are quoted per dozen—they are sold in dozens only.

The Peerless Steam Cooker

EFFICIENT AND ECONOMICAL

You can cook an entire dinner—meat or fish, potatoes, onions or other vegetables, pudding, custard or any dessert, bake biscuits or bread in the one cooker on one burner or flame.

Foods cooked by steam in the Peerless Cooker are more nourishing. None of the rich juices are lost. The food is also more easily digested, because it is thoroughly cooked through and through.

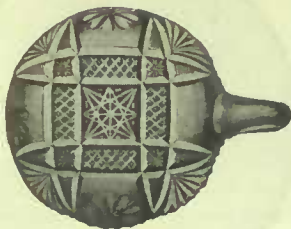

The Peerless Cooker cooks the dinner without letting any steam or odors into the air and leaving the kitchen free of its usual atmosphere.

You can make the oldest chicken or turkey or the toughest piece of meat deliciously tender by cooking it in the Peerless Cooker. This is accomplished by the steam method of cooking. Each **Net \$7.75**

Children's Sleepers and Underwear

THE "HATCH" YORKKNIT SLEEPER FOR CHILDREN

The "Hatch" Yorkknit Sleeper for Children is made in sizes up to 9 years. The cloth is of good quality, smooth finish cotton fleecette, in Natural color with soft fleeced finish on inside.

This is a patented garment, only requiring one button in front (see illustration). The drop seat back is a special feature. The inside flap extends downward, making practically a double seat, fastening with two buttons.

The sleeper is double seamed throughout, and all edges are overseamed.

This One Button Style ends forever the annoyance of broken buttons and mending button holes. Saves time in dressing and undressing.

Envelope Chemises in Clever Designs

L3000
\$18.00
DOZ.

L3001
\$8.50
DOZ.

L3000—A very dainty style of Envelope Chemise, developed from a fine quality nainsook made in Pink shade only. The yoke is very pretty, being a combination of fine Swiss embroidery and dainty lace, and finished off with a narrow beading through which baby ribbon threaded. The shoulder straps are of fine Val. lace and insertion, to match that used in the yoke. The lower edge of this garment is also edged with lace in the same pattern. Sizes 36, 38, 40 and 42. Boxed in 1/2 dozen. Per doz. **\$18.00**

L3001—Simplicity is the keynote of this extremely low priced ladies' Envelope Chemise, which should prove a ready seller. This is made of White nainsook of good quality. The top of this chemise and the shoulder straps are finished very simply with a hemstitched hem, through which ribbon is threaded. A narrow torchon lace edging finishes the lower edge of the garment. Sizes 36, 38, 40 and 42. Boxed in 1/2 dozen. Per dozen **\$8.50**

L3003—Good quality, White nainsook, was the material selected from which to fashion this charming Envelope Chemise, the style of which was designed to satisfy even the most critical, and at a price to fit the moderate purse. The yoke is of deep design, made of sheer Swiss embroidery, combined with lace, of fine texture, and pretty insertion. The armhole and around the neck are trimmed with lace to match the insertion used on the yoke. This same lace is used to trim the lower edge of the garment. A model which we are sure will prove one of this season's best sellers. This may be had in sizes 36, 38, 40, 42. Boxed in 1/2 doz. Per doz. **\$11.50**

L3004—This is one of our most attractive numbers in Ladies' Envelope Chemise. Fine Pink cotton is the material which our designer selected from which to make this dainty but simple garment. The attractive yoke and also the shoulder straps are beautifully trimmed with hemstitching and Val. lace insertion, which makes a simple, but effective trimming. The bottom edge is finished with a hemstitched hem. Boxed in 1/2 dozens. Sizes 36, 38, 40 and 42. Per dozen **\$15.00**

L3002—For her to whom daintiness, combined with well wearing qualities makes a strong appeal, we would suggest that this charming Envelope Chemise be chosen. An excellent quality nainsook of snowy Whiteness was the material selected for making this pleasing garment. The yoke is made of fine torchon insertion, which is edged with filmy torchon lace, which is also used for making the shoulder straps. Narrow baby ribbon is run through the yoke, making an additional touch of daintiness. The bottom is prettily trimmed with lace to match that used on the yoke. This garment may be obtained in sizes 36, 38, 40, 42. Boxed in 1/2 dozens. Per dozen **\$10.50**

Women's Cotton Drawers and Bloomers

GARMENTS
Desires reproduced from the great painting
of the Blind Girl entitled "Hope",
by G. F. Watts R.A.
Among the many famous allegorical pictures
"Hope", the painting of the "BLIND
GIRL", must always be reckoned as one of
the most delicately conceived and completely
carried out. It has exceptional qualities.
The figure of "Hope", youthful and fragile,
gladly seated with bowed head and BLINDED
EYES upon a globe that renders the world
as not that of a being able to dispel the gloom
which so often oppresses the human soul,
she is a slender and gentle creature, too
slender almost to help mankind in their life's
long struggle, and yet true to the ideal of
helping the helpless. The help she holds is looked
for and but one strong remains until the removal
her of the full harmonies which the over-
sized, but from the one strong she can still
draw faint, sounds, and in these she finds
solace and hope for the future.
In having this garment made by a Canadian
"Blind Girl" you help along the work
of the Canadian National Institute for the
Blind, and at the same time obtain full
value for your money. In all "Hope" into
the lives of Canada's "Blind Girls" and help
make them self-supporting by purchasing
these garments and selling your friends
where they may be obtained.

SPECIAL INFORMATION

CONTINUED FROM INSIDE OF FRONT COVER

C. O. D. SHIPMENTS

A deposit of 25% of the total value of goods must accompany all C.O.D. orders.

When sending goods C.O.D. by freight, bill of lading will be attached to a draft covering amount of invoice, which will be sent to your nearest bank for collection. Upon payment of draft, Bill of Lading will be delivered to you without delay.

Occasionally a customer asks us to ship goods to someone not a merchant. Not even as an accommodation to a customer can we do this, since it would naturally lead other merchants to infer that we were selling direct to the customer to whom shipment was addressed. We are also unable to honor orders given by merchants to customers or friends who do not live in their home town.

CLAIMS, ETC.

EXAMINE ALL CASES, BARRELS, ETC., AND SEE THAT THEY ARE IN GOOD CONDITION BEFORE ACCEPTING SAME FROM TRANSPORTATION COMPANY, ALL SHIPMENTS MADE BY US ARE IN GOOD ORDER WHEN TAKEN BY TRANSPORTATION LINES AND SO RECEIPTED FOR. OUR RESPONSIBILITY THEN CEASES.

If package or case does not appear to have been pilfered or tampered with, and you find your shipment is short, kindly make your claim with the least possible delay.

Under our quick shipping system, letters

ordering additional items to include with orders sent in by earlier mail, usually reach us too late to connect. In your own interest it is better to include enough staple items to make an economical separate shipment. Otherwise be sure to tell us what to do in case the addition is too late.

SHORTAGES

In ninety cases out of every hundred where a claim for shortage is made, upon re-examination the missing goods are either found beneath the paper lining in the bottom of the case or some employee has placed the line in stock without checking same off the invoice.

Before packing a shipment we lay the goods out on a counter with movable dividers, which separate it from any other adjoining lots. The goods are then carefully entered by a caller-in, checked back line for line, and re-checked before being packed in the case. Before making a shortage claim, therefore, we would ask that you search the case carefully, examining all lining, etc., also make careful inquiry among the employees as to whether or not the missing goods were placed in stock before being checked off. This will save trouble at both your end and ours.

RETURNED GOODS

When returning items which have not been sent exactly according to order, write plainly your name and address on the outside of package or case, then write us stating reason why you are returning them and what you want us to do. Include also an itemized list of the goods.
