HEAD OFFICE, SALESROOM AND WORKS

# INTRODUCTION

---

WE WISH TO MAKE OURSELVES KNOWN TO YOU

---

**W**E take pleasure in presenting to you Catalogue No. 1, and draw your attention to our **New Works**, illustrated on the opposite page. This plant was erected after a disastrous fire, which completely wiped out our old Factory.

In rebuilding and replacing same we have incorporated the latest ideas and improvements, so that our present plant represents the last word in factory construction, with an equipment equal to any.

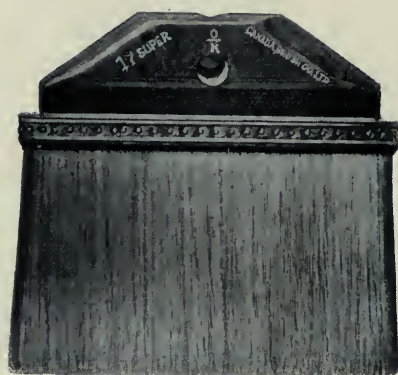

We feel confident, therefore, that the goods we offer in **Design, Finish** and **Quality** can not be surpassed. We use only the highest grade materials, and employ the most skilled labor obtainable, our aim being to produce goods that are distinctive in character and of superior merit, as we realize that there is a constantly growing demand for better and still better goods, and that the dealer who handles, and the manufacturer who makes the best, will secure the business.

If, after going through the various lines in this Catalogue, you do not find exactly what you wish, we would esteem it a favor if you would write us in regard to it. We aim to produce as large and varied a line of Brushes as it is possible to make and yet maintain in each brush a superior quality and distinctive character.

We invite inspection of our show-rooms, etc., and insure our callers a cordial reception. We will be pleased to give intending purchasers a line of credit consistent with good business judgment, and feel sure that the business resulting will be to our mutual advantage.

Respectfully,

CANADA BRUSH COMPANY,  
LIMITED.
