## TIME PROVES ALL THINGS

For more than a quarter of a century has the preparation known as Dr. Fowler's Extract of Wild Strawberry been before the people as a guaranteed cure for all forms of summer complaints common to children and adults, and during all that time not one case of failure or one expression of dissatisfaction has been made known to the proprietors, and to day this grand specific of nature is more popular than ever, alike with dealers and the public. Dr. Fowler's Extract of Wild Strawberry will positively cure Diarrhoea, Dysentery, Cholera Morbus, Sour Stomach, Colic, Cramps, Vomiting, Sea Sickness, and other irritations of the stomach and bowels. It is a reliable remedy for that terrible scourge among infants—Cholera Infantum. This remedy is purely vegetable, safe and harmless, and speedily heals all irritated and cankered conditions of the mucous membranes.

Every family should keep it at hand. Every individual requires it. Travelers and those liable to climatic changes and to change of water and diet are not safe without it.

**SOLD BY ALL DEALERS IN MEDICINE.**

Price, 37 1-2 Cents per bottle.

**T. MILBURN & CO., Propr's, Toronto, Ont.**
