BUYING OR SELLING?

Chain Store Success is largely a matter of selling. True, they get price concessions which the smaller merchant can't get or expect, but the difference is largely taken up in overhead and head office expenses, so that after all is said and done the main advantage of the chain store over the independent store is in selling.

The chain store manager doesn't have to worry about finances, expenses, bookkeeping, advertising, buying, and many other details which the independent merchant must look after. His sole duty is keeping his stock up and selling the goods.

Naturally it is impossible for the independent merchant to escape the responsibility for the details of his own business, but many merchants can substantially reduce the time required for looking after the above mentioned duties.

Probably the greatest portion of the average retail merchant's time is taken up by salesmen. Why? In most cases just because that's the way it has always been done, or because it is easier to let a salesman make up or suggest an order.

But with the facilities for doing business to-day, there is no good reason why orders must be placed in this time-taking and expensive way. Hundreds of merchants have found and are finding that, by **PLACING THEIR ORDERS BY MAIL**, in their own convenient hours, they can save valuable time to devote to selling, and at the same time save money because they've got the time to compare prices before buying.

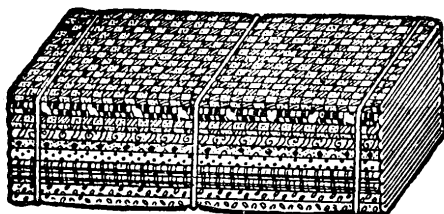

This is just one feature of to-day's difficult problems of the independent merchant.

Think it over!

TERMS and General Information

TERMS:—NET 30 DAYS FROM DATE OF SHIPMENT.
Unless otherwise marked.

ALL GOODS F.O.B. WAREHOUSE.

WE MAKE NO CHARGE FOR PACKING OR CASES ON ANY GOODS.

PRICES in this Salesman are effective March 1st, 1929, and with the exception of Threads, Crochet Cotton, Cotton Batts, etc., are guaranteed against Advance until March 31st, and against Decline until Date of Shipment.

ALL ORDERS received in our office after April 1st, 1929, will be filled at prices in effect in our April Salesman. **NO SALES TAX** to pay on these Prices.

In asking us to open an account, new customers should remember that their names may not appear in the usual reference books with satisfactory information. To save delay, therefore, please send us as reference, the names of other wholesale houses with whom you deal on open account or of your bankers. (If goods are wanted at once, it is well to send cash with first order or instruct us to make shipment C.O.D., as the investigation of reference necessarily takes some time).

Please have your banker make all cheques payable at par in Toronto, as we are obliged to pay exchange on cheques not so marked.

We cannot be responsible for currency sent by mail unregistered.

All goods are put up in packages as small as possible consistent with safe shipping. We cannot break packages.

Please write your order on a separate sheet from any other communication, as this enables both being attended to at once.

We sell to dealers only, and send our catalogues only to merchants handling our goods. Any merchant, even if not a customer, will do us a favor by telling us if he sees anyone with a catalogue who is not entitled to it. A wholesale catalogue in the hands of a customer hurts retail business generally. It is to your own interest to co-operate with us along this line.

We are not responsible for shipments after delivery to transportation company. Be sure, therefore, to examine all cases and packages carefully and see that they are in good condition. Otherwise, have freight agent receipt your freight bill showing that shipment was in damaged condition and you can make claim for any shortage or loss.

We do not accept any responsibility for shipments sent to flag stations, as the railway companies will not consider any claims entered for such shipment.

If you will group your purchases in each department it will facilitate the filling of your orders. The letter prefixed to a number denotes the department to which the article belongs.

Be sure and say through what express or freight company to ship and to what town, if you are not on railroad or waterfront.

All Returns Must be Made Within Five Days After Receipt of Goods, Otherwise We Will Not Accept Them
