ADDRESS.

CITY TREASURER'S STAFF

SAMUEL BICKERTON HARMAN, Esq., D.C.L.,

DEAR SIR:

On behalf of our fellow-officials, members of the City Treasurer's staff, we desire your acceptance of the accompanying Photographic Group Picture, as a memorial of the good-will and esteem which we all feel for our Old Chief, with an expression of the pleasure it will afford us if a look at the old faces now and again may bring back pleasurable memories of days gone by.

We beg to assure you that your enforced retirement through failure of health, hastened, if not actually brought on, by your devotion to the City's interests, is deeply regretted by every member of the staff, a regret shared in common with the members of the City Council and the City officials generally, and we sincerely hope that rest and change of scene may result in a speedy restoration of your present impaired health.

With an earnest prayer to the Giver of all Good Gifts for your future welfare and happiness,

We have the honor to subscribe ourselves,

Your sincere friends,

JOHN PATTERSON, *For the Treasurer's Staff,*

MUNGO NASMITH, } *For the Tax Collectors,*

JOHN A. MILLS, }

WILLIAM ANDERSON, *For the City Auditors.*

CITY HALL, TORONTO, 15th June, 1889.

REPLY OF MR. HARMAN.

SENT INDIVIDUALLY

TO THE

GENEROUS DONORS OF THE FOREGOING ADDRESS AND PRESENTATION.

My Friends,

Accept my heartfelt thanks for your kind address accompanying the gift of a grouped picture of your retired Treasurer surrounded by the official staff, and of others connected with the routine of the City Treasurer's Department, over which it was his happy privilege to preside for so many years; and I assure you that these terms are not lightly chosen, or without a desire to emphasize their fullest meaning.

While, as the head of the Department, I was entrusted with its great responsibilities, it was always a pleasure to me to know by the innumerable evidences of daily intercourse, that there existed the kindest desire to lighten these responsibilities by individual and united effort, and I now use the term, heartfelt thanks, not merely in relation to your address and presentation, but in endeavoring to convey the feelings with which I shall always regard this kind effort on your part. And in this connection I cordially recognize the courtesy of the Collectors in taking part in the presentation, which affords me the opportunity of recording my sense of the important service entrusted to them, and the uniform zeal and fidelity with which that service is performed.

In regard to the presentation itself, I have often expressed the feeling that our relations were not the ordinary ones existing between the head of a Department and his staff, but were those rather of the head and members of a family, bound together by the ties of mutual respect, confidence, and esteem; and, so regarded, this grouped picture is indeed valuable to me as enabling me to have always before me a representation of all my old friends, than which nothing could have been thought of as a farewell gift which could be more grateful and acceptable.

An occasion such as this naturally carries me back to the time when I assumed the duties of office with all the bright surroundings of health and energy, and in laying them down in consequence of impaired health, the result it would seem of pressing that energy too far, it is a great solace to me to know that I carry with me into retirement the good wishes of you all, and for these good wishes and the accompanying presentation, so thoughtfully conceived and so happily executed, let me again and again tender you my thanks.

My friends, may every blessing, and of all blessings the continuance of good health especially, be yours, and may you be spared to see Toronto, in whose service we have spent some of the best years of our lives, increase in wealth and prosperity, and attain the first rank among the many great cities of this great Dominion.

Faithfully yours,

SAMUEL B. HARMAN,

Retired City Treasurer.
