A Grateful Father's Testimony!

Little Miss Templeton.

WELLS & RICHARDSON CO :

WINNIPEG, 27th October, 1891.

GENTLEMEN : I take great pleasure in recommending your Paine's Celery Compound for all children's troubles, as our little girl was very sick a short time ago, and we had to call in a doctor, who said he could not prescribe anything better than your Compound.

Yours respectfully,

ROBERT D. TEMPLETON.

When your child is weak, sickly, nervous, irritable, and does not sleep well, give it Paine's Celery Compound, which is pure, healthful and strengthening. Physicians regularly prescribe it.

Our Album.

Only a few of our Canadian people have been fortunate enough to meet members of the Royal Family; and only a comparatively small number have come in contact with His Excellency the Governor General, Major-General Herbert, the leaders of our two great political parties, and the Lieutenant-Governors of the various Provinces of our Dominion.

Our Album brings to your home life-like pictures and short biographical sketches of the leading personages in our government. It will interest the whole family, and should be kept where it can be readily referred to, as these noted people are often spoken of through the press of the country.

Do not think that this book is for entertainment alone. Read it carefully and thoughtfully, as it contains information of priceless value. The statements we print from well-known people in Canada (only a few out of thousands), will give new hope to sad and weary sufferers, and point them to the great agent which renews life.

 Remember that nearly every letter is accompanied by the picture of the writer and the genuineness of each testimonial is solemnly sworn to before a Justice of Peace, something never done before in Canada, and making it irresistible evidence of the all-conquering power of Paine's Celery Compound in the battle against disease.

WELLS & RICHARDSON CO.

HER MAJESTY, QUEEN VICTORIA.

Her Majesty, Alexandrina Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, etc., Queen, Defender of the Faith, Empress of India. Her Majesty was born 24th May, 1819, succeeded to the throne 20th June, 1837; was crowned 28th June, 1838; and married 10th February, 1840. Her Majesty is the only child of his late Royal Highness, Edward, Duke of Kent, fourth son of King George III. Against the Queen, no sedition has ever risen, nor evil whisper ever breathed. Of what other monarch could so much be said? Long may she reign, is the fervent wish of her loyal subjects.

HIS ROYAL HIGHNESS, THE PRINCE OF WALES

His Royal Highness, Albert Edward, Prince of Wales, Duke of Saxony, Cornwall and Rothesay, Earl of Dublin, K.G., K.P., G.C.S.I., K.T.S., G.C.B., P.C., General, Colonel of the 10th Hussars, and Colonel-in-Chief of the Rifle Brigade, was born 9th November, 1841, married 10th March, 1863, the Princess Alexandra Mary Charlotte Louisa Julia, eldest daughter of the King of Denmark. He is thoroughly in touch with the ideas of the day, and is very liberal in his views. All important events that occur in the Kingdom have their formal beginnings under his auspices, as the representative of the Crown.

THE RIGHT HON. SIR FREDERICK ARTHUR STANLEY, GOVERNOR-GENERAL OF CANADA.

The Right Honorable Sir Frederick Arthur Stanley, Governor-General of Canada, was born 15th January, 1841. He was educated at Eton College, and afterwards held many offices of importance in England. He was appointed as Governor-General of Canada 1st May, 1888, and was sworn in on the 11th June, 1888. His administration has been an exceedingly happy one; and personally, he is very popular. His titles are: the Right Honorable Sir Frederick Arthur Stanley, Baron Stanley of Preston, in the County of Lancaster, in the Peerage of Great Britain, Knight Grand Cross of the most Honorable Order of the Bath.

THE HONORABLE J. J. C. ABBOTT.

The Honorable J. J. C. Abbott, Premier of Canada, was born in 1821 at St. Andrews, in the County of Argenteuil, which he so long represented in Parliament. Mr. Abbott was educated in McGill University, and in 1847 he was called to the Bar. He began his political career in 1859. In 1862 he became Solicitor-General. He won a high position both as a lawyer and legislator. From 1887 to 1889, he was Mayor of Montreal. He entered the cabinet in 1887, without portfolio, at the invitation of Sir John Macdonald; and, upon the death of his veteran chieftain, Mr. Abbott became Premier.

MAJOR-GENERAL J. J. C. HERBERT.

Major-General J. J. C. Herbert, C.B., Grenadier Guards, general officer commanding the militia of Canada, was born 15th July, 1851. He served with great distinction with the expedition which was sent to Egypt in 1882. He was appointed to his present position on the 20th November, 1889, and is now considered to be one of the most able officers that has ever received the appointment. He is full of military vigour and dash, and thoroughly understands his duties.

THE HONORABLE WILFRID LAURIER.

The Honorable Wilfrid Laurier, B.C.L., Q.C., P.C., leader of Her Majesty's Loyal Opposition in the House of Commons, was born at St. Lin, P.Q., on 20th November, 1841. He was called to the Bar in 1865, and was created a Q.C. in 1880. He sat in the Quebec Assembly from 1871 to 1874, then went to the Commons. He was Minister of Inland Revenue in 1877, and resigned with the Mackenzie Government in 1878. The Hon. Wilfrid Laurier now represents Quebec East, a seat which he has held since 1877. He is one of Canada's greatest orators, and his political career has been remarkably pure.

SIR ALEXANDER CAMPBELL, K.C.M.G.

Sir Alexander Campbell, K.C.M.G., Lieutenant-Governor of Ontario, was born in Yorkshire, Eng., in 1822, and received much of his early training in Lower Canada, and closed his course at Kingston, Ont. He chose law for a profession, and was called to the Bar in 1843. He was a member of the Legislative Council of Canada from 1858 to 1867, and was Speaker of that body in 1862-63. He was Receiver-General in 1878, became Postmaster-General in 1879, and Minister of Militia and Defence in 1880. In 1879 Mr. Campbell was created K.C.M.G. Since 1880 he has held various portfolios, and in 1887 was appointed Lieutenant-Governor.

SIR SAMUEL LEONARD TILLEY.

Sir Samuel Leonard Tilley, K.C.M.G., C.B., Lieutenant-Governor of New Brunswick, was born in Gagetown, N.B., on May 8th, 1818, and educated at the Gagetown Grammar School. Removing to the city of St. John, he began business as a druggist, and soon won public confidence and public recognition. He was elected to the Legislature in 1850, and up 1866 held various offices of trust. He accepted a portfolio as Minister of Customs in the first parliament of the new Dominion. Mr. Tilley was created C.B. by Her Majesty in 1867, and K.C.M.G. in 1879.

HIS HONOR, LIEUTENANT-GOVERNOR DALY.

His Honor, Lieutenant-Governor M. B. Daly, of Nova Scotia, was born on the 6th February, 1836. He was educated at St. Mary's College, Oscott, Warwickshire, and on leaving that institution entered on the study of the law. He was called to the Bar of Nova Scotia in 1864, and soon after served as private secretary to his father, who was then Governor of Prince Edward Island, and afterward to Sir Richard Graves Macdonnell and Sir Hastings Doyle. On the death of the late Lieutenant-Governor, A. W. McLellan, Mr. Daly was appointed as his successor in the Government House.

THE HONORABLE A. R. ANGERS.

The Honorable A. R. Angers, Lieutenant-Governor of Quebec, was born in the city of Quebec on the 4th October, 1838. He studied law, and was admitted to practice in 1860, and soon attained considerable eminence. In 1876 he was elected to the Local House, and accepted the portfolio of Solicitor General. The next year the leadership of the Assembly fell into Mr. Angers' hands. Mr. Angers was elected to the Federal Parliament in 1880; he afterwards resigned and accepted a judgeship. On the 20th October, 1887, he was appointed Lieutenant-Governor of his native Province.

THE HONORABLE JOHN SCHULTZ

The Hon. John Schultz, Lieutenant-Governor of Manitoba, was born on the 1st January, 1840, in Amherstburg, Ont., and is of Danish blood. He was educated at Oberlin, Ohio, and graduated in medicine, after studying at Kingston and Cobourg, in 1860. That year he went to the Northwest, and identified himself with the country. He was returned to Parliament for Lisgar in 1872, and sat till 1882, when he was made a Senator, and shortly after received his present appointment.

HIS HONOR, LIEUTENANT-GOVERNOR CARVELL.

His Honor, Lieutenant-Governor J. S. Carvell, of Prince Edward Island, was born in Newcastle, N.B., on the 16th March, 1832. He has for many years been engaged in mercantile pursuits, and has achieved great success. He was elected as Mayor of Charlottetown in 1877 and 1878; sat in the senate from 1879 to 1889, and in the latter year was appointed Lieutenant-Governor.

HIS HONOR LIEUTENANT-GOVERNOR NELSON.

His Honor, Lieutenant-Governor Hugh Nelson, of British Columbia, was born on the 25th May, 1830. He settled in British Columbia in June, 1858, where he engaged in mercantile pursuits with great success. He represented New Westminster in the Legislature from November, 1870; and was elected to the Commons in 1871 and 1872. His Honor also sat in the Senate from 12th December, 1879, till 8th February, 1887, when he received his present appointment.

THE HONORABLE JOSEPH ROYAL.

The Honorable Joseph Royal, Lieutenant-Governor of the Northwest Territories, was born at Repentigny, P.Q., in 1837, and educated for the Bar. He went to Manitoba to settle in 1871, and, becoming a popular man, he filled many important offices. He was elected to the Commons for Provencher in 1879, and re-elected in 1882 and 1887; and some months later he was selected as Lieutenant-Governor.

THE MAYOR OF MONTREAL!

Overworked!

Run-Down!

Lost his Appetite!

He is Now Stronger than Ever Before.

The Hon. James McShane, Mayor of Montreal, is one of the best known men in Canada; and is a noted politician, and a shrewd business man. He is strongly opposed to charlatanry, quackery and deception, but ever ready and willing to hold tenaciously to that which bears the royal stamp of of worth and merit. The worthy Mayor writes as follows:

Mayor's Office, City Hall,
MONTREAL, 17th Oct., 1891.

WELLS & RICHARDSON Co., Montreal.

GENTLEMEN:—It is with extreme pleasure that I give you a testimonial in favour of your great remedy, popularly known as Paine's Celery Compound.

I used it at a time when I was overworked and run-down. The use of the Compound has given me a good appetite, and made me much stronger than I was before I used it.

I cheerfully recommend it to all in need of a tonic and strengthener.

Yours very truly,
J. McSHANE,
Mayor of Montreal.

GENTLEMEN:—Indigestion and nervousness have been my troubles for years, and having had a somewhat severe attack in October last, I bought a bottle of your "Paine's Celery Compound," taking it in a little water as directed, four times a day, before each meal, and before retiring at night.

I derived almost immediate benefit from its use, and am now at the fourth bottle. I can testify therefore, from my experience, in all honesty that it is a first rate tonic, and am very glad from my improved health that I gave it a trial.

Yours very sincerely,

Paine's Celery Compound
Proved **VICTORIOUS.**

Mr. Edward Odell of 158 Mary St., Hamilton, Ont., is a Cigar maker, and, like many others who pursue that trade, he became a victim of "Tobacco Poisoning," and for six months suffered terribly. He found a *complete cure* in Paine's Celery Compound.

HAMILTON, Nov. 14th, 1891.

WELLS & RICHARDSON CO.

DEAR SIR:—Having been entirely cured of nervousness by your Paine's Celery Compound, I would like to say something for it. For nearly six months I was afflicted with nervous debility. I tried all the medical men, but received no benefit. Having heard of your remedy, I bought three bottles from Fred. H. Yapp, here, and used the Compound, and now feel as well as ever before. I give you this testimonial heartily, as I consider I owe my good health to your remedy.

EDWARD ODELL.

P. S.—My whole trouble arose from tobacco poisoning.

This is to certify that I am acquainted with Mr. Odell, of Flynn Bros, cigar makers ; and can verify all the statements he makes in his testimonial.

MESSRS. WELLS & RICHARDSON CO.

DEAR SIR:—This last summer I was suffering greatly from nervousness and excitability, and could not get my natural rest. A friend urged me to try Paine's Celery Compound, which after taking three bottles I got relief, and now enjoy good health, and can heartily recommend it to those suffering as I was.

Yours sincerely,
JAS. M. SUTTIE.

" I HAVE TAKEN A NEW LEASE OF LIFE."

Mrs. Poyntry Perrin is a lady known to the best people in Toronto ; she suffered intensely for about two years from nervous prostration, and almost lost the use of her legs, and feared she would never be able to walk again. She considers it a privilege and a duty to speak in favour of the wonderful remedy that cured her.

TORONTO, November 24th, 1891.

MESSRS. WELLS & RICHARDSON CO.

GENTLEMEN :—I feel it both a privilege and a duty to acknowledge the merits of Paine's Celery Compound. For about two years I was laid up with nervous prostration, so badly that I feared I would never walk again. From my knees down, my legs were perfectly useless and cold. In despair I got a bottle of Paine's Celery Compound ; and, after taking about six bottles, I am in perfect health ; my friends say I have taken a new lease of life ; in fact, I am a walking advertisement for your Compound.

It is Mighty to Cure!

A WONDERFUL NARRATIVE

—OF—

SUFFERINGS AND DISAPPOINTMENT!

Paine's Celery Compound
Always Conquers!

HIS PRAYER WAS ANSWERED!

The good people of Toronto seem determined to let the world know the great value of Paine's Celery Compound. In the Queen City it has worked many marvellous and almost miraculous cures; and now Torontonians of all classes, acknowledge it to be the most wonderful medicine, ever used in their families. We refrain from commenting on Mr. Venn's letter, it speaks for itself, and should be carefully read.

TORONTO, Nov. 19th, 1891.

WELLS & RICHARDSON Co., Montreal.

GENTLEMEN:—I want to add my testimony in favour of your valuable remedy, Paine's Celery Compound, which is

the great antidote for all ills that follow upon a collapse of the nervous system. I think that perhaps no man living, and I believe very few that are dead, have suffered more from what is called nervous prostration than I have. Commencing with the year 1877, I got into a very bad state of nervousness, my sleep went from me, and I can truly say that for twelve to fifteen months I did not know what it was to have an hours rest. My distress was so great in that particular, that when night came I wished for morning, and when morning came I wished for night; and so it continued for fully fifteen months, as has been stated.

I had the attendance of the best physicians that I could get; and while I was helped, I got no permanent relief. I was compelled finally to sell out my business and break up my home, all at a very great loss, and go to Southern California. I never expected to make the journey alive, but concluded that I must go away and see what a change would do for me. I had read in some paper of your Celery Compound, and made an attempt to procure it; but at that time the drug stores here did not appear to have it on sale, so I could not procure it, and had to leave before I had an opportunity of trying what it would do for a person in my condition. I went to California, and after a residence there of about a year I gradually got better; my sleep came to me again, and eventually I got pretty well.

My family wanted to return to Toronto, and last summer we decided to do this, arriving in Toronto on Saturday, 19th of September. Before returning, however, I had an attack of my old malady; my sleep left me for a season, and I got into a very nervous condition, from which I had not recovered. On reaching Toronto, my wife recommended me to try a certain medicine she had received benefit from previously; I tried it, using two bottles with little or no benefit. My stomach was all out of order, my bowels were positively inactive, and all because my nervous system was entirely run down. Knowing the value of Celery as a thing that helped nervous sufferers, I suggested to my wife that I should try your Celery Compound, and I reasoned with her and told her that I believed it was just the medicine that would help me and do me good in my present trouble. I seemed to have a presentiment that it was just what I needed. I secured a bottle, and the first dose I took, I said in my heart, O God be pleased to make this medicine a means of restoring me to health of body and mind; and I believe it has been invaluable to me. It very soon corrected the trouble with my stomach and bowels, so that now my bowels are as regular every day as they were when I enjoyed the best of health, and my nervous system has been greatly fortified and strengthened by the health restoring qualities of Paine's Celery Compound. I have not been in Toronto but about two months since leaving California, and in that time God, in his mysterious dealings with me, saw fit two weeks ago to take to Himself my eldest child, a girl of fifteen years, very suddenly. I believe your medicine helped to fortify me against what might have prostrated me altogether, so severe has been the trial; and I thank God that I have such a remedy to sustain the physical system in this great hour of need. I can conscientiously recommend your Celery Compound for that most serious of all troubles—nervous prostration; and believe that if faithfully used it cannot fail to give relief in every such case, and will, in all probability, with most people work a permanent cure.

My letter is lengthy, but I could not very well make it shorter. Hoping that this will be of service to you in recommending your remedy, and that it will meet the eyes of many a like sufferer, and encourage them to hope and not despair while such a remedy as Celery Compound is to be found.

I remain,

Yours very respectfully,

JAMES VENN,

213 Wilton Avenue.

THE DOCTORS FAILED!

Nervous Debility and Indigestion!

SICKNESS OF THE STOMACH!

Rheumatism and Giddiness!

CURED by Paine's Celery Compound!

Mr. Charles Hughes, Lumber Merchant, of Montreal, is well-known in his line of business as a man of sterling worth. His opinions, when given to the public, command attention, and carry great weight. His testimony in favour of the grand medicine that brought him health and strength is worthy of careful reading.

Office No 2, 4th Flat,

Montreal District Savings Bank Building.

MONTREAL, August 31st, 1891.

MESSRS. WELLS & RICHARDSON Co., Montreal.

DEAR SIR:—Herewith I add my testimony to the infinite benefits I derived from your Paine's Celery Compound. I have been suffering for three years past with

nervous debility and indigestion, and a most singular feeling after my meals of sickness of the stomach. I have been so giddy at times that I had to remain in the house for several days. The same symptoms of giddiness often and often attacked me while walking in the streets, and were so severe at times that I staggered and had to rest, or would have fallen down. If I happened to go out at night, I felt the giddiness so bad that I dreaded the darkness. A severe rheumatism I had in one of my legs, caught from working in the cold water in my lumber business, also has kept me weeks in the house.

I shall not mention all the prescriptions I got at various times from different physicians, but none of them seemed to assist me, or relieve me of my sufferings. However, reading of the immense benefit and cures afforded from your Paine's Celery Compound amongst the Federal soldiers in the late American war, I obtained six bottles of your Compound from Dr. Demers, the Druggist in St. Jean Baptiste village, which I used before and after my meals. I continued taking same until I had used some fifteen bottles, which completely cured me of all the complaints. I have now been fully six months relieved, and any time I feel indisposed or tired I get a couple of bottles, which tone me up again and restore my health. I do willingly say that it is one of the safest, most pleasant and invigorating medicines extant, and I fully recommend it to any one suffering as I have been.

Lumber Merchant.

AN INSTITUTION WORTHY OF SUPPORT!

Montrealers Proud of It!

PAINE'S CELERY COMPOUND

—IS BROUGHT IN AND—

Accomplishes Wonders!

TESTIMONY FROM THE OFFICERS!

Last autumn, Mr. D. McMillan, the efficient and energetic secretary of the Montreal Protestant House of Industry and Refuge, wisely determined to have a

supply of Paine's Celery Compound sent to this noble institution, for some of the inmates who were suffering terribly from the worst forms of rheumatism. The result of the trial far exceeded the most sanguine expectations of the officials; and the experiment brought joy and gladness to every suffering heart.

Testimonials from two of the sufferers—Charles Bowles and Catherine Lamont, are given elsewhere in "Our Album." The following letters from two gentlemen, who are universally known and respected in Montreal, are sufficiently strong to convince the most obdurate and skeptical:

MONTREAL

January 26th, 1892.

MESSRS. WELLS & RICHARDSON & Co.

SIRS:—As promised, I went down to the House of Industry and Refuge to ask the old people their opinion of the "Celery Compound" you so kindly sent them. I have therefore much pleasure in telling you, that the men and women suffering from rheumatism, were high in favour of the virtues of your excellent medicine. I therefore have pleasure in testifying as above.

Yours respectfully,
CHARLES ALEXANDER,
President.

MESSRS. WELLS & RICHARDSON Co.

DEAR SIRS:—It is with pleasure that we acknowledge the good that has been done through the use of "Paine's Celery Compound" in the Protestant House of Industry and Refuge. We have seen its good effects in several cases, and can therefore speak honestly of what we know; and several of our inmates have feelingly expressed their joy and satisfaction; and are delighted with the beneficial results. From what we know, we believe it to be an excellent remedy and worthy of recommendation.

Yours truly,
D. McMILLAN,
Secretary Protestant House of Industry and Refuge.

INTENSE SUFFERINGS

Of a Toronto Lady !

THE PHYSICIANS UTTERLY FAILED !

Under Ordinary Treatment Her Chances of
Life Were Small !

PAIN'S CELERY COMPOUND CURED HER !

Victory after victory is the record for Paine's Celery Compound, which cannot be said of any other known remedy sold in Canada. The women of our country have faith in it, and have no need of a physician. Paine's Celery Compound is woman's best friend in her hour of suffering and weakness. Read the following testimonial, strongly certified, sent in by Mrs. J. Currie, 289 Delaware ave., Toronto :

TORONTO, Nov. 27th, 1891.

WELLS & RICHARDSON CO., Montreal.

DEAR SIRS:—After serious consideration, I think it my duty to acknowledge the great good that I have derived from Paine's Celery Compound. No living mortal can imagine

the terrible sufferings that I endured for four years owing to liver and kidney troubles, headaches and sore back. To give you, but more especially the thousands of my own sex, an idea of my condition and sufferings before I found relief through your precious remedy—Celery Compound—I may say, that in addition to the dangerous ailments just mentioned, I was continually sick at my stomach, with a sour taste and mouth all furred and coated ; I had an ill-smelling breath and could not relish food, although I always had a craving for it. If I did eat anything, I was sure to be annoyed by a heavy weight on the stomach, and became so bad that I was obliged to apply mustard poultices to get relief.

I became very down-hearted and morose ; and though I tried hard to keep up courage, I always felt I would have to give up. When I sat down to read or sew I would get sleepy, with a heavy feeling, and my feet would get very cold ; and at such times piles would trouble me. I often felt those terrible bearing-down pains while standing or walking ; and I was in a most dangerous condition. I at various times tried many patent medicines, and was under the treatment of doctors, but obtained no relief of any consequence ; and the old troubles would come back worse than ever before. I thank God for having read some wonderful cures through your Celery Compound. I thought when others received good that I also would be benefitted ; and I at once procured your medicine and used it, and am happy to state that I have experienced a great change. No other remedy has ever given me such wonderful results in so short a time ; and I now feel myself a new woman. I can now sleep well, enjoy my food, and I am gaining strength fast. God has certainly put in my hands the best remedy ever given to any suffering woman ; and I feel that all should know what it is able to do in building up the broken-down system. I am sure no soul need despair while Paine's Celery Compound can be procured. I will always speak well of it, and recommend it when I have the opportunity ; and I trust that all who are suffering, as I once did, will commence without delay to use this surest and best of all remedies.

Yours very truly,

MRS. J. CURRIE.

We the undersigned gladly testify to the facts contained in Mrs. J. Currie's testimonial.

MONTREAL, June 15th, 1891.

MESSRS. WELLS & RICHARDSON Co., Montreal.

DEAR SIR:—I have thought it well, in the interests of those who suffer as I have done, to bring to their notice a remedy which to me has proved of great value; I refer to Paine's Celery Compound. For nearly thirty-five years I have been exposed to the heat, rain, cold and snows of summer and winter, and to an extent that few have experienced. Though naturally possessing a robust constitution, I have at times succumbed to some of the troubles which beset all mortals.

My greatest enemy has been rheumatism, from which at times I have suffered intensely.

Some time ago my attention was called to your great remedy, Paine's Celery Compound, which I began to use, and from which I have derived greater benefits than from anything else I ever tried.

I am still using your preparation when necessity demands it, and always find relief and release from suffering.

I can highly recommend it, and truthfully declare that there is no other remedy I know of that can give the same good results. I always feel renewed, invigorated and strengthened after using it, and look upon it as my upholder of life.

A QUICK CURE!

Dizziness !

Pains in the Back !

Dyspepsia !

Biliousness !

PAINE'S CELERY COMPOUND REMOVES ALL!

Mr. F. J. Saunders, the respected and well-known druggist of Allandale, Ont., vouches for the following remarkable cure :—

ALLANDALE, Ont., Oct. 20, 1891.

THE WELLS & RICHARDSON CO.

GENTLEMEN :—I hereby certify that I have been troubled with dizziness in the head, pains in the back, a bad attack of dyspepsia and sour stomach, in fact my constitution was completely out of order. A friend of mine recommended me to try a bottle of Paine's Celery Compound. I got a bottle, and can honestly say that when I had used only about three parts of the Compound I was completely cured. I gave the balance to a friend to try.

I take great pleasure in certifying to its good qualities, and thank the Wells & Richardson Co. for having placed such a valuable remedy on the market.

I remain,

Yours sincerely,
CHARLES KEITH.

NERVOUSNESS THE CAUSE !

A TORONTO CLERGYMAN'S WIFE
TESTIFIES STRONGLY !

The ladies rarely give public testimony that is not deserved and merited. When they espouse the cause of right and truth, their words always sink deep into the hearts of all who are seeking light. Mrs. Davies, the wife of an eminent Toronto clergyman, writes as follows :

"OAKHURST,"
3 Rachel Street, Rosedale,
TORONTO, Nov. 12, 1891. }

MESSRS. WELLS & RICHARDSON CO.

DEAR SIRs :—I began taking your Paine's Celery Compound last August, and have continued it pretty regularly ever since. I used to be so that I could not sleep away from home. My heart would palpitate, and my eyes would stare, (all the result of nervousness), and I found it almost impossible to get any sleep. In this trouble your Paine's Celery Compound has done wonders for me. Two years ago I took cold from bathing in fresh water ; this brought on diarrhoea, which continued for a long time, (generally at night), and I thought I would give your Paine's Celery Compound a trial, and it has done me a great deal of good. Occasionally I have a slight touch of it, but nothing to what I have previously suffered. I have tried many other remedies without deriving much help or good, but I must say that your Celery

Compound has done me great good. I think if I continue the use of the Compound all winter I will be entirely cured. I feel and look so much better than before that I gladly tell my friends what I am taking, and induce those that have need of it to use it.

I told a lady the other day of my cure ; she is similarly afflicted, and she promised to use Celery Compound. A niece of mine always keeps a bottle of your remedy in her house ; and when she is run down and does not feel well, she uses it with good results. Personally I have every reason to be thankful for Paine's Celery Compound. My husband, who is a clergyman and D. D., and my three grown-up children, can certify to all I have said, as can many others. I remain,

Yours sincerely,

EMILIE DAVIES.

CURED BY PAINE'S CELERY COMPOUND !

Day after day letters come in from the ladies of Canada in favour of Paine's Celery Compound. Many of these ladies have suffered for years, and the best physicians have been unable to give them release from the bondage of suffering ; and the ordinary advertised remedies have failed in every case. Paine's Celery Compound has always been successful with every obstinate case, and restored the sick one to perfect health.

HAMILTON, Ont., Dec. 3, 1891.

WELLS & RICHARDSON CO.

GENTLEMEN :—I hereby certify that my health was very bad, and in a broken down condition ; obtained no sleep at night, and had no appetite to eat ; but, after taking six bottles of Paine's Celery Compound, purchased from John A. Barr & Co., here, I feel myself completely restored ; therefore, I can recommend it to all in a like condition.

PAINE'S CELERY COMPOUND CURED HIM !

Mr. Charles E. Robertson, of the Royal Electric Light Co., Montreal, is known to thousands of Canadians. There is not a more ardent advocate of Paine's Celery Compound in the great commercial metropolis. He writes as follows :

MONTREAL, March 28th, 1890.

MESSRS. WELLS & RICHARDSON Co., Montreal.

GENTLEMEN :—It gives me much pleasure to give you my opinion of your preparation known as Paine's Celery Compound, and how it acted on me. A little over a year ago, while coming through a very anxious time, first in connection with my business as an engineer, and then by the loss of my only child, as well as overwork, my nerves gave out completely ; I could not sleep for weeks, and could not work through the day at such work as drawing, owing to the twitching of my nerves making me blot the work.

A friend told me to try your Compound, which I did, and I firmly believe it did more for me than any doctor in

Montreal could do. I am now strong, sleep well, and as steady as a rock ; my whole system has been invigorated by it.

I have recommended it to a large number of people, and find it as a rule never failed to do them good. I could give you examples of a number of cases where it has been the decided cause of restoration to health.

I remain,

Yours truly,

PAINE'S CELERY COMPOUND !

Mrs. P. Mahar, of Paris, Ont., has had such a pleasant experience with Paine's Celery Compound, that she wishes other sufferers to know of its mighty powers. Mr. C. H. Roberts, the popular druggist, vouches for the following cure :—

PARIS, Ont., November 23rd, 1891.

MESSRS. WELLS & RICHARDSON Co.

GENTLEMEN :—I write you this that others may profit by it. My father died very suddenly, and after his death, caused by the shock no doubt, I became very nervous and despondent ; and so much so, that life almost became a burden to me. Seeing your advertisement of Celery Compound, I thought I would try a bottle, from which I received great benefit. From the second bottle a complete cure was effected.

Mr. Charles Bowles is a native of England ; he is an educated and intelligent man, who, through circumstances over which he had no control, has been an inmate of the Protestant House of Industry and Refuge for some time past. Mr. Bowles has been a great sufferer ; and, like hundreds of others, was treated by physicians without any good results. Fortunately for him, Paine's Celery Compound found its way into the institution which sheltered him. He with others, used the great remedy ; and now, the reader will have an opportunity of judging of the results, by reading the following letter :—

MONTREAL, 2nd December, 1891.

To WELLS RICHARDSON & Co.

GENTLEMEN :—I owe you a debt of gratitude which I fear I can never repay. I must, however, for the benefit of thousands of others who are suffering to-day, state my experiences of Celery Compound ; and tell you what it accomplished for me in my trouble and distress. I was afflicted for about twenty years with gout, which at times was agonizing, and this added to severe rheumatism which came on about eight years ago, made up a combination of misery and pain terribly hard to endure. For a long period, nearly three and a half years, I was almost unable to walk ; and when I could, it was only by the aid of two sticks. At times the pain was excruciating and so intense that I went into fits from it. Life was hardly worth living from headaches, extreme nervousness and bad digestion. For months I was unable to sleep at nights ; and I came to the conclusion that my end was surely approaching.

I was, fortunately, induced to use your great and popular remedy—Paine's Celery Compound ; and in a short time I felt that there was hope—that a new life was still worth looking for. I continued the use of your remedy, and to-day I can boast that as far as freedom from pain is concerned, I am now a new man. I now go about as well as ever before, with the exception of a slight pain in my knee ; I sleep well, enjoy my food, and possess a strength and vim that I have not had for long years. Certain I am

that Paine's Celery Compound has been my preserver and life-giver ; and I will ever recommend it, and speak strongly in its favour. It has done for me what doctors failed to do ; and I may here say, that it is the only remedy that can give the sufferer satisfaction and cure.

DEAR SIR:—Permit me to record my testimony in favour of your excellent preparation known as Paine's Celery Compound. For many years I have suffered very much from rheumatism and neuralgia, and during the last five years have tried many remedies for a cure without avail.

My attention was drawn to this King of Remedies by an old friend, and I bless the day the matter was brought to my notice. To-day I have a freeness from pain that I have not enjoyed for years past.

I am still using your Compound, and have faith that I will soon be as well as ever.

I have no hesitation in recommending it to all who suffer, as I am firmly convinced it will do more for them than any physician can possibly do.

TORONTO, Aug. 13, 1891.

MESSRS. WELLS & RICHARDSON Co., Montreal, P.Q.

GENTLEMEN:—It gives me great pleasure to add my testimony to the ever-increasing popularity of your preparation known as Paine's Celery Compound. It is now about four years since I was taken with severe pains in my head, together with extreme nervousness, and for three years I never had one night's sound sleep. I consulted several medical men in this city, and not one of them could tell me the cause of my trouble or relieve me to any extent. I was gradually getting from bad to worse, when I was induced by a friend of mine to try Paine's Celery Compound. I took about six or seven bottles before I

began to find any marked improvement, and was nearly giving it up as useless, but was induced by my wife to try a few more bottles, which, I am thankful to say, have made a new man of me. I can sleep as sound as a child, the pain has nearly left my head, I can enjoy my meals, and have gained twenty pounds in weight. I am not exaggerating when I say that I could not begin to tell you what I have suffered during the past few years, and I never expected to be the man I am to-day.

You are at liberty to publish this, or use it in any way you may see fit, as I am well known in the West End of this city, and would be only too pleased to answer any inquiries from any person similarly affected.

WELLS & RICHARDSON CO.

GENTLEMEN :—Having a desire to benefit others who may be suffering, I would now very briefly state what Paine's Celery Compound has done for me. For eight years I was sorely troubled with neuralgia, nervous debility and indigestion for which I tried various advertised medicines, and was treated by five doctors, but did not receive any good. I went on suffering, but fortunately on the 12th of July Mr. Gamon, of Shelburne, threw one of his little books into the rig I was driving in. Reading this little book, I found that Paine's Celery Compound was highly recommended for the troubles that I was suffering from. I bought a bottle of the Compound, and before I had completely used it, I found myself much better. I have used in all about four bottles, and now feel almost as well as ever before in my life. I sleep well, have a good appetite, and feel renewed and strengthened. I am having my mother and sister use it, and they have been under the care of doctors ; and I am certain it will do them good. I am thankful that I had the opportunity of hearing about your valuable medicine ; and will always recommend it to my friends.

Faithfully yours,

Many physicians are prescribing Paine's Celery Compound with great success, having found it superior to all other remedies in the diseases for which it is recommended. We earnestly urge all physicians to write to us for the formula of Paine's Celery Compound, which we will mail on application, that they may satisfy themselves of its harmless character and great value. We are particularly anxious to have this Compound tried in cases that have resisted the usual methods of treatment, that we may prove the truth of our statement,—

Suffered from Dropsy!

CURED BY PAINE'S CELERY COMPOUND!

The fact that Mr. Joseph Manuel, of West Brome, P.Q., was rescued from the jaws of death by Paine's Celery Compound is fairly well known all over Canada. The cure was wonderful, almost miraculous, and has inspired hundreds of despairing sufferers with new hope and courage.

WELLS & RICHARDSON Co.

GENTLEMEN:—This is to certify that I was in a state of great suffering, and in fact given up by my physicians, with Dropsy. Had been tapped, and was unable to lie down at all. My breath was very short and labored, and my friends were simply making me as comfortable as possible, with no hope whatever of my recovery. My age now is seventy years, and it was three years ago that I commenced using your Paine's Celery Compound. The first benefit that I received was in regard to sleeping, as I had had no rest night or day for months. Within a few days from commencing its use I saw a decided improvement, and in the course of a month was sleeping well nights, taking my food with relish, and able to walk around the house. Within two months I was able to walk to the village, (one mile), and since that time, although not a

robust man, I can say that my condition of health has been such that life was enjoyable, instead of a terrible burden, as it formerly was. To the best of my judgment Paine's Celery Compound is to be credited with my improvement, and I look upon it as the only thing that saved my life.

JOSEPH MANUEL.

We, the undersigned, of West Brome, in the Province of Quebec, do hereby certify that we are personally acquainted with Mr. Manuel, who has signed the above testimonial, and can vouch for the truth and correctness of every statement therein made.

Paine's Celery Compound!

Thousands of our Canadian people have been left in a nervous, weak and exhausted condition through that dreaded disease—grippe. GENTLEMEN:—I think it my duty to my fellow men to send you the following testimonial, so that you may let suffering humanity know what your Celery Compound has done for me. I have been a sufferer from dyspepsia for thirty years; have been treated by different doctors, and tried nearly all the dyspepsia remedies on the market without getting much relief, until, seeing your Compound recommended as a sure cure for dyspepsia, I thought as a last resort I would try it; and am happy to say after taking six bottles I was completely cured. I have since recommended it to a number of others, and will continue to do so, as I believe it a sure cure no matter how bad the case may be. DEAR SIR : I have great pleasure in testifying to the fact that Paine's Celery Compound has caused a remarkable change in my condition. I was troubled with a very bad type of eczema on my face, and in patches over my body for four years ; and was under treatment of three doctors at different periods. I have also tried other remedies, but all proved useless. At last I bought a bottle of Paine's Celery Compound, and put in Iodide of Potassium, as recommended on the label. WELLS & RICHARDSON Co.

DEAR SIR : For ten years past I have been troubled terribly with the worst form of rheumatism, and often have suffered great agonies. For almost a year I was unable to walk, and was under treatment at the Montreal General Hospital. I then came to live at this institution, where I still suffered, and was unable to walk. Fortunately the superintendent, Mr. McMillan, brought in your Paine's Celery Compound, and gave me some to use. The first bottle had a good effect ; and, after using five bottles, I can now walk well, and can say without exaggeration that I have not felt so free from pain, and so well for years. I still feel the trouble slightly, but have every confidence that the Compound will cure me of all pains. I recommend it heartily

LINDSAY, Ont., Oct. 15th, 1891.

MESSRS. WELLS & RICHARDSON Co., Montreal.

GENTLEMEN:—I want to say that you are at liberty to use my name in praise of Celery Compound. I consider I owe my present state of good health to it. From close confinement in my shop as a barber I used to be troubled with nervousness and pains across the small of my back,

until I was completely used up. I doctored and doctored until I was tired of them; and got no benefit until Mr. Perrin, druggist, of this place, advised me to try Celery Compound, as it was very highly spoken of for nervousness and all such troubles. I got a bottle, and the first few doses gave me more comfort and relief than I had experienced for years. After finishing one bottle I felt like a new man, and as well as ever I did in my life. DISEASED NERVES!

A VERITABLE MARTYR TO NEURALGIA!

Paine's Celery Compound Cures!

Neuralgia is the result of weakened and diseased nerves; but no man or woman need go on suffering while Paine's Celery Compound can be so easily

procured. Mr. E. Vernon Rourke, of St. Martins, New Brunswick, was probably as great a sufferer as any we have ever heard from, yet he was easily cured, and so may you be dear reader, if you use the same agency.

ST. MARTINS, N.B., February 26th, 1891.

MESSRS. WELLS & RICHARDSON CO., Montreal, P.Q.

MY DEAR SIR:—Being a great sufferer to neuralgia for upwards of twenty years—suffering at times in such a way that words would fail to describe, I applied to several physicians but failed to get relief. The pain was situated over the eyes; most severe over the right, as well as down the back of the head. Your advertisement caught my eye, and every succeeding paper afterwards seemed to direct me to look for your advertisements, until I resolved to try a bottle, which I did.

I am pleased to state that I have been cured, having taken about three bottles; I began to use it about three years ago. The peculiar sensitive feelings I experienced, like pins sticking into the flesh, have been removed, and I have not been sick as before for over twelve months. I am well, active, and able to do my work every day, which is General Storekeeping in connection with the Lumber business.

You are at liberty to use my name to this testimonial.

I now keep Paine's Celery Compound for sale, and recommend it to my customers.

Respectfully yours,

E. VERNON ROURKE.

In the Midst of Suffering and Disease there is a Blessing.

When times of care and sadness,
O'erwhelm like darksome nights;
When pain doth banish gladness,
And darkens earth's delights;
'Tis then the heart feels weary,
The step is slow and weak;
'Tis then we find earth dreary,
And 'bout our health we speak.

The nervous system suffers,
The throbbing brain is tired;
The hand is weak and trembling,
The brow with fever fired;
The restless head on pillow,
Repose can never find,
Our bed is like a billow,
Toss'd by the sweeping wind.

'Tis then we need a healing,
In life's dry, dreary sand;
We seek for pow'r relieving,
The surest in the land;
Physicians cannot cure us,
With drugs and nauseous pills,
Such things cannot relieve us,
And save us from our ills.

What need to go on guessing,
The remedy is near,
This great and mighty blessing,
Removes all doubt and fear;
Ho! for Paine's Cel'ry Compound,
It brings a sweet release,
By it new joys and years are found,
New health and perfect peace.

A Montreal Athlete!

HIS SUFFERINGS AND FEARS!

His Constitution Run Down!

**PAINE'S CELERY COMPOUND RENEWS HIS
STRENGTH AND HEALTH!**

HE NOW SAYS:

"I Never Felt Better In All My Life!"

Mr. Frank Wheeler, of the Metropolitan Manufacturing Co., Montreal, is favourably known to Montrealers as an athlete of note. His testimony in favour of Paine's Celery Compound must carry conviction to all who now suffer as he did.

MONTREAL, December 28, 1891.

WELLS & RICHARDSON Co., Montreal.

GENTLEMEN:—Permit me to write a few lines in regard to Paine's Celery Compound. My many friends will remember my haggard appearance about three years ago, when a young house surgeon of one of our leading hospitals pronounced my lungs weak and the tops slightly affected. At about the same time I was taken with Canadian cholera, lasting seventeen days, which naturally brought me still lower in health, and (helped by the terrors of decline) a shadow of my once robust constitution.

As a test, I tried to join an insurance company, (knowing full well the physician always gives the benefit of the doubt to the company) and, I am sorry to say, I was put back for six or eight months, by one of our leading physicians.

It was at this time that I was recommended Paine's Celery Compound; and, to please my wife, I took two bottles, and seemed to regain my appetite, and felt some inclination "to brace up;" but, unfortunately, I did not continue with the good work, and when after a very favorable verdict from a careful examination by the late celebrated Dr. Howard, who pronounced my lungs perfectly free from disease, but that my constitution was totally run down, and I had strained two sinews over my left lung, causing the pain which had raised my fears of decline, I stopped all medicine until last June, when a terribly busy season with one of the largest furniture houses here once more ran me to the ground, as my duties demanded my going from top to bottom of the house twenty to thirty times a day, up four flights of stairs, numbering ninety-eight steps. My limbs fairly bent under me, and I had many times to go up-stairs and lay on one of the lounges perfectly exhausted, and asking no greater boon than to lay there and rest. My appetite was gone, and my wife discouraged, (trying to make me some tempting dish), and all the symptoms of two years ago had come back; and I dropped from 148 pounds to 132 pounds. A lady friend was the first one to again bring your Celery Compound to my notice, through the good it had done her and her nephew. I took two bottles and again improved; and after four bottles I have regained fifteen pounds in weight, and my appetite is splendid; and now I will say in justice to you that I never felt better in all my life, although it is two months since I left off taking your valuable discovery. My many athletic friends will recognize in my signature an old-time Emerald snowshoer and athlete; and to them particularly do I recommend this great boon. No tonic can equal it to bring to the athletic form a firm limb, a strong chest, and a pleasant thought of having a strong arm and health to wield the same. It is truly with gratitude that I sign myself,

Yours respectfully,

FRANK WHEELER.

Just Right for the Weak!

Many medicines and remedies have a tendency to exhaust and irritate. Not so with Paine's Celery Compound; it soothes, restores and quickly cures. The weakest stomach can safely use it and the best results follow.

There is a fountain of health now opened for feeble ladies, aged persons and sick weakly children. Thousands in Canada have tested its healing properties and have been perfectly cured. This life-giving fountain is Paine's Celery Compound. Will you try it?

A MARTYR TO Neuralgia and Rheumatism !

EXCRUCIATING AGONIES !

The Tormentors Banished by Paine's
Celery Compound !

Mrs. E. F. Walker, of Schomberg, Ont., gratefully acknowledges the wonders that Paine's Celery Compound wrought for her. She tells us that it removed every trace of suffering, and effected a complete cure. Surely such strong testimony is sufficient to convince all doubters. Her letter rings with truth.

SCHOMBERG, Ont., Dec. 3, 1891.

MESSRS. WELLS & RICHARDSON Co.,

GENTLEMEN :—About three years ago I was a martyr to neuralgia and rheumatism. Having heard of your remedy I was induced to give it a trial. I took four bottles (purchased from Mr. Powell) which effected a complete cure.

I feel deeply grateful to the manufacturers of Paine's Celery Compound. I am,

Yours truly,
MRS. E. F. WALKER.

To add additional strength to the above testimonial, it is certified to as follows :—"I am acquainted personally with Mrs. E. F. Walker, and can certify that her statements are perfectly reliable."

A Most Marvellous Cure !

THE PHYSICIAN SPOKE OF AN OPERATION !

The Sufferer Avoided This

—BY USING—

PAINE'S CELERY COMPOUND!

Completely Cured and Renewed !

Mr. J. H. Brown, Town Treasurer, etc., of Port Perry, Ont., is one of the prominent men of Canada who has used Paine's Celery Compound. His trouble was a most serious one ; and, judging from his strong testimonial, we are safe in asserting that no other medicinal agency could have wrought out such a wonderful cure. Mr. Brown, with unbounded pleasure, writes as follows :—

PORT PERRY, Ont., November 17th, 1891.

WELLS & RICHARDSON Co., Montreal.

DEAR SIR: It affords me unbounded pleasure to bear testimony to the marvellous cure effected by the use of your Paine's Celery Compound. I was troubled with kidney complaint, or as the doctors called it, an enlargement of the neck of the bladder. Be that as it may, I suffered the most intense pain therefrom. I applied to my physician for relief with but little encouragement ; he thought the only way for me to obtain relief was to submit to an operation. I went home very much discouraged, and was prevailed on by my wife to try your Paine's Celery Compound. I did, but with very little faith in it, purchase one bottle, but the results were indeed marvellous, as I received immediate relief after taking it. The pain is all gone ; and my skin, instead of being dry and harsh as it used to be, is as soft as velvet ; in fact, I feel like a new man, and never felt better in my life than I do at present. Wishing you unbounded success, and hoping this may meet the eye of some one similarly afflicted who is anxious for relief, I remain,

Yours truly,
J. H. BROWN,
Town Treasurer, etc.

Frank L. Clindenian.

THE PHYSICIANS Perplexed! Confounded! Defeated!

A SPECIALIST WAS UNABLE TO CURE!

A BOYS TERRIBLE CONDITION!

PAINE'S CELERY COMPOUND

Used as a last resort,
and it CURED him.

For miles around the town of Welland Port, Lincoln County, Ont., the people are talking of the remarkable cure of young Frank L. Clindenian. It is a case of considerable prominence just now, owing to the fact that Paine's Celery Compound accomplished a work that baffled several physicians, and a specialist of Buffalo, N.Y. The following testimonial, received from Mr. Walter Clindenian, Frank's father, and endorsed by Mr. W. W. McKeague, the well-known Welland Port druggist, will deeply impress the reader with the fact that, no other agency known to man could have effected

such wondrous results; but, let it be remembered that Paine's Celery Compound always cures.

WELLAND PORT, Dec. 4, 1891.

Three years ago last February my boy, ten years old, was taken with what the doctors called catalepsy. Three doctors informed me that there was not any hope for him. Last April we tried a specialist in Buffalo, but he got worse, and had fits—two in one day. On the 28th day of May I called on my druggist, W. W. McKeague, and he recommended Paine's Celery Compound, and when my boy had taken four bottles he was entirely well.

Yours truly,

WALTER CLINDENAN.

Desiring to have fuller information before publishing Mr. Clindenian's letter, we communicated with Mr. McKeague, who was acquainted with all the circumstances of the case, and can now give the reader a few extracts from the popular druggist's letter. He says:—

"The first time the boy came into my store his mother was with him, and told me that her boy took fits; and it so happened he had one while in the store. He stood perfectly motionless, did not fall or froth at the mouth, but you could yell at him to the top of your voice, and he could not hear. His mother told me if he was putting a cup of tea to his mouth, and got it half way up and a fit came on, he would hold it just in that position until recovered from the fit.

The first doctor told the family it came from catalepsy; another said it came from the stomach, and treated him, but he got no better. They took him to four or five different doctors, but none of them helped him, and the fits came on more frequently. They took him to a specialist in Buffalo (specialist on fits alone); he gave them medicine for him, and after he had the bottle about half gone he got worse; he would froth and fall down when the fits came on, something he never did before. A short time after this the mother was in my shop, and told me all about it. I persuaded her to take a bottle of Paine's Celery Compound home, to try it. This remedy did the good work, and it has made a wonderful change in him. I believe the diagnosis of the second physician was right, and that the trouble came from the stomach and nerves."

ONWARD AND BE NOT DISCOURAGED!

Onward all ye weary, nervous, weak and pale,
Grasp at that great Compound, which can never fail;
It will strength and vigor give to old and young;
It will build the body, strengthen nerves unstrung.

Onward then ye weary, nervous, weak and pale,
Grasp at that great Compound, which can never fail.

By this Compound's power, fell disease must fly,
Health will lift its banner, o'er us all on high;
Sleeplessness and Headaches, these must surely wane,
Perfect health and pleasure will for us remain.

Onward then ye weary, etc.

Onward then ye people, hearken to the sound!
Victory will follow Paine's Celery Compound;
Disease and pain can never 'gainst our lives prevail;
While we use this Compound, we can never fail.

Onward then ye weary, etc.

CRUEL RHEUMATISM!

A LADY UNABLE TO WALK AROUND
THE HOUSE.

Compelled to Remain in Bed!

"I can now walk about as usual,
and able to do my work."

The women of Canada have reason to be thankful for the introduction of Paine's Celery Compound. It has accomplished more for them than any other remedy ever heard of, and has never failed in what it promised to accomplish.

BRIGHT, ONT., Sept. 14th, 1891.

MESSRS. WELLS & RICHARDSON CO., Montreal, P. Q.

GENTLEMEN:—I have suffered for a long time from rheumatism in its worst forms. I have been so bad that I was unable to walk about the house, and was compelled to remain in bed. I fortunately heard of your Paine's Celery Compound, and determined to try it. It is now with great pleasure and joy, that I write you to say, that your grand medicine has done such good work as to enable me to be up again, and walk about as usual; I am now able to do my work, and feel that it is altogether owing to

the great efficacy of Paine's Celery Compound. I occasionally feel a slight twinge of the trouble, but have every confidence that the Celery Compound will, in a short time effect a perfect cure. I can heartily recommend it to all sufferers as the best remedy in the country, and the safest in every way.

Yours truly,

MRS. J. H. MITCHELL.

Tell It To All!

O'er all the earth around,
The joyous tidings sound
To every soul,
That there is now new life,
Peace where there once was strife,
Hope for both man and wife,
From pole to pole.

Paine's Celery Compound
From every vantage ground
Show to the weak;
Tell all who have been lured—
Who drugs have long endured,
That quickly they'll be cured
If help they seek.

Tell those who hopeless sigh,
That quick relief is nigh,
But not in Pills:
A regulator great
For ev'ry sufferer's state,—
Say, "do not linger—wait,—
Save Doctor's bills."

Ho! nervous everywhere,
That breathe the balmy air,
Be wise to-day:
Be warn'd ere 'tis too late,
Show not thyself ingrate,
Nor careless of thy fate,—
Do not delay!

Thousands on earth now stand
In health and vigour grand,
And bless the day
When they the joyful sound
"Paine's Celery Compound"
Did hear, and were unbound
Without delay.

THE LIKE WAS NEVER SEEN BEFORE!

No medicine in the world has such strong statements of *positive cures* as Paine's Celery Compound, nor so many of them. Those printed in "Our Album" are only a few of the letters recently received,—read the dates! And without exception these testimonials come from men and women of the highest standing in the community in which they live, and vouched for by hundreds of their neighbors.

No other medicine has ever given to the public such proofs of honesty and grand results. It is owing to these facts that prominent and well-known Canadians have countenanced Paine's Celery Compound, and allowed us to publish their portraits and testimonials, thus removing every possibility of doubt from the reader's mind. Ministers of the Gospel, eminent physicians, prominent men and women, and those who earn their bread in humbler callings, all unite in grateful exclamation that

PAINE'S CELERY COMPOUND CURED!

Bruce County, Ontario, has been thoroughly awakened and astonished regarding the almost miraculous cure of Mr. Truman Young, a prominent merchant of Tara. Every honest-minded sufferer in Canada will thank Mr. Young for his frank and manly utterances.

TARA, Ont., Nov. 10th, 1891

WELLS & RICHARDSON CO., Montreal.

GENTLEMEN:—After having used Paine's Celery Compound, and feeling grateful for the grand benefits derived from it, I have concluded that, in justice to you, and in the interests of poor suffering humanity, I should let you and others know what a great blessing Paine's Celery Compound has been to me. After suffering for years with

dyspepsia, sleeplessness, nervous prostration, loss of appetite, and a weak and tired feeling, and after consulting the best physicians in my locality, and having tried a great many so-called cures advertised in the newspapers, and receiving no benefit from any of them, I was persuaded to try a bottle of Paine's Celery Compound. I noticed an improvement before the first bottle was finished; and after I had finished the third bottle I considered myself a well man; all this was done by Celery Compound. I can now go about my work with the old-time life and vigor; my sleep is sweet and sound, my appetite good, and my sincere wish is that you may go on doing good to my poor suffering fellow-creatures.

I remain,

Yours truly,

TRUMAN YOUNG.

The above cure is certified by Mr. Hilborn, the well-known druggist of Tara, who is strongly impressed with the grand powers of Paine's Celery Compound; and he makes this significant statement: "It has a good sale with me."

"I am in every way restored to sound health again."

Mrs. S. Shedrick, of Magog, P.Q., being thankful for the great benefits she received through the use of Paine's Celery Compound, has sent the following letter, which of itself is sufficient proof of the immense value of this wonderful remedy for the women of Canada who suffer from ills peculiar to their sex:

MAGOG, P.Q., November 24th, 1891.

WELLS & RICHARDSON CO.

GENTLEMEN: It is with pleasure I speak of your Paine's Celery Compound and its effects. For a time I suffered severely from nervousness, and the troubles which usually accompany this very serious disease. My nerves were weak, and I had peculiar feelings of faintness, felt used up, and my appetite was very poor. After using your Celery Compound for a time all feelings of nervousness were completely banished; I was renewed in strength and general vigour, I eat and sleep well, and in every way I am perfectly restored to sound health again.

Yours truly,

MRS.S. SHEDRICK.

A Dangerous and Often Fatal Combination !

NERVOUSNESS AND SLEEPLESSNESS!

The Family Physician Does Not Afford
Much Relief !

"I AM NOW FULLY RECOVERED!"

"A medicine that never fails." This is true only of Paine's Celery Compound, and the truth of this claim is being proven every day. Weary, suffering, hopeless and despondent men and women, many of them given up by doctors as incurable, are casting off their burdens of disease and woe through the use of Paine's Celery Compound. Read the words of one who suffered for fifteen years:

HAMILTON, Ont., Dec. 4, 1891.

MESSRS. WELLS & RICHARDSON CO.

GENTS:—Having been troubled for nearly fifteen years with nervousness and sleeplessness, and my family physician unable to afford me much relief, and after trying a number of remedies, I was induced to try Paine's Celery Compound, having read your advertisement about others that were benefited who had suffered the same way. I resolved to give it a trial, and continued to improve from the first bottle. I have taken one dozen bottles, purchased from John A. Barr, of this city, and am now fully recovered. A friend of mine, Mrs. Jefferson, 60 years of age, who suffered from the effects of la grippe and asthma, was greatly relieved from the start, and is now much better.

I can heartily recommend its use to any one suffering similarly. With best wishes for the future success of your excellent remedy, I remain,

Yours sincerely,

MRS. REBECCA JACKSON,
106 McNab Street.

The above testimonial is vouched for as correct by Mr. John A. Barr, one of Hamilton's leading druggists. Mr. Barr, who is known all over the Province of Ontario, does not hesitate to strongly recommend Paine's Celery Compound, and his sales of it are enormous.

THE CURED MAN SAYS :

"I have been exposed to all weathers, and have felt no return of the trouble."

It is positively surprising that so many of our Canadian people continue using the old-fashioned and useless remedies for rheumatism. Their efforts in every case are in vain; and they are continually adding fresh fuel to the great fire of disease and torment. Our best physicians truly admit that they know of nothing to equal the work and effects of Paine's Celery Compound in all forms of rheumatism. No other medicine of the present day has given such universal satisfaction to sufferers. It does not, like the ordinary advertised preparations, deceive the public; it cures every time, and the cures are permanent. The following remarkable letter will cause the sufferer to joyously exclaim:—

"I've found it after years of pain,
All other cures are false and vain!"

DEAR SIR:—About two years ago I was seriously troubled with rheumatism in my feet and legs. I tried many different doctors and patent medicines, and found no relief from any until Dr. Orton, of Guelph, told me to try Celery Compound, saying that he himself had been cured by it.

It has completely cured me. I have been exposed to all weathers, and have felt no return of the trouble.

True merit, worth and honesty, are always recognized by the wise and prudent. Mrs. Wm. Mrs. Moore willingly vouches for the great cure.

MONTREAL, Oct. 9th, 1891.

WELLS & RICHARDSON CO.

GENTLEMEN:—It gives me very great pleasure to be able to say something in favour of your valuable remedy known as Paine's Celery Compound. For many years I have been a martyr to headaches and sleeplessness, and had dyspepsia continually. I had a peculiar burning sen-

sation in the stomach, and considerable pain after eating anything. I became weak and thin, and for a long time was hardly able to walk up-stairs. I seldom knew what it was to obtain a night's sleep, and my general condition was as bad as it could well be. I used various remedies without success, and was under the care of a doctor, who could not relieve my sufferings.

I commenced to use your Celery Compound about thirteen months ago, and have been surprised at the results. I am now as well as ever before; sleep well, eat well, and can do my work with ease and comfort. I never experience a pain or ache; and all this is truly the result of using Paine's Celery Compound,

OBELINE VILLENEUVE.

Professor Edward E. Phelps, M.D., LL.D.

The readers of "Our Album," old and young, will be pleased to see the portrait of the late Professor Edward E. Phelps, M.D., LL.D., the renowned discoverer of that wonderful remedy, Paine's Celery Compound, which is doing more to benefit and bless humanity, than any other preparation ever devised by the wisdom of man.

Professor Phelps was one of the most eminent and able physicians of his time, and stood high in the literary and scientific worlds. The great and wonderful discovery made by Professor Phelps, stands, as it deserves to stand, on a plane far above all ordinary medicines of the present day; and has met with great favour from the best scientific minds of America and Europe.

It has been freely admitted by the best medical talent in the land, and also by the leading chemists and scientists, that for the diseases spoken of in "Our Album," which bring illness and misery to so many homes, nothing has ever been discovered which reaches the disorder and restores health equal to this valuable discovery of Professor Phelps.

"It Knocks Out the Medical Practitioner."

There are few men in Canada who have spoken more to friends about Paine's Celery Compound and its wonderful life-renewing powers than the popular Captain Douglas, proprietor of the Leland House, Winnipeg, Man. His honest and fearless testimony should lead all sufferers to discard the worthless remedies they are now using, and commence at once with Paine's Celery Compound.

WINNIPEG, Man., June 23rd, 1890.

WELLS & RICHARDSON CO., Montreal.

DEAR SIR:—It gives me very great pleasure to say a word in favour of your excellent preparation known as "Paine's Celery Compound." I was troubled for some time with indigestion and dyspepsia, and a general feeling of lassitude, all of which have been banished after using your Compound. I can recommend it with confidence to all who need such a valuable tonic.

W. D. DOUGLAS.

Captain Douglas writes again on June 13th, 1891, to a friend in Montreal, and says:

"You know well what I think of Paine's Celery Compound. It is a most valuable medicine, and I can truly

bear testimony to its excellent restorative and invigorating qualities; in fact, it knocks out the medical practitioner. A person has only to use it to know its worth to the human family.

Through its use I now feel like a boy, and may Paine's Celery Compound long live to go on with its good work. I am pleased to lend my name to the grand work of extending a knowledge of this valuable Compound, and can never say too much in its favor, and you may be sure I shall never cease to sing its praises."

EDEN MILLS, Ont., Sept. 5th, 1891.

WELLS & RICHARDSON CO.

DEAR SIR:—I consider it my duty to send you a testimonial in favour of Paine's Celery Compound, knowing well

that there are thousands in Canada who are suffering as I once did. For about ten years I suffered terribly from neuralgia in the head; the pain at times was excruciating; and it seemed often as if a cure was impossible. No remedy I ever used could give me relief and cure, until I used your grand preparation—Paine's Celery Compound. Last spring I had a severe attack of measles, and I used the Paine's Celery Compound, and I know for a certainty that it helped me through that illness. This Compound was the means of giving me sweet repose and sleep at nights, which did me great good.

I commenced to use your Paine's Celery Compound by advice of my sister, who had used it previously with the very best results. I am pleased to say what I can about your grand remedy, and will recommend it at all times.

Important.

The pictures and testimonials in OUR ALBUM are only a few of the thousands that have been sent us by grateful men and women whom Paine's Celery Compound has lifted from beds of sickness, into the full enjoyment of health and strength.

The mission of this pure Compound is to *cure* disease. And right faithfully does it act, often succeeding where all other means have failed.

Paine's Celery Compound is no ordinary sarsaparilla, bitters, or tonic, but a vegetable health renewer and strength-giver. It is a physician's prescription, and is prescribed by physicians everywhere, for they know of nothing so good.

When the life current flows sluggishly through your veins, when you feel weak and weary, when sleepless, dyspeptic, or despondent, use Paine's Celery Compound, and ward off disease and despondency.

If your dealer does not have Paine's Celery Compound in stock, don't allow him to sell you something else. Send us \$2.00, and we will deliver two bottles of the Compound at your nearest express office, all charges paid; or \$5.00 and we will deliver six bottles, charges paid.
