THE NEW BROWNING OVER AND UNDER DOUBLE BARREL GUN.

As all experienced shooters are aware, the position of two barrels, one on the other in the same vertical line, is the most rational one. This solution offers indeed a good many advantages over the usual position of barrels placed together in a horizontal way, namely: the ideal narrowness of the sight line, a free shooting area and lesser feeling of the recoil.

The technical difficulties only have deferred the spreading of this new gun model. But BROWNING has stuck to solving the problem.

SPECIAL FEATURES.

The barrels are supplied 30" full choke. All barrels undergo the fourth Belgian official proof with nitro-powder. Barrels are chambered for 2¾" long range shells. Standard loaded shells may be used with satisfaction.

VENTILATED RIB—The ventilated rib is considered a necessity by sportsmen. The ventilating slots radiate the heat, preventing waves from rising in the line of sight, so that the shooter is not inconvenienced.

STOCK—The stock of fine walnut, nicely checkered.

FORE-END—The fore-end is one of Browning's special patents. When taking the gun to pieces for conveyance, the fore-end remains attached to the barrel, and is, therefore, not easily lost. Further, it is very easy to operate.

BREECH—The breech is solid with the trigger-guard—The two breech ends are assembled by a cross-piece, the weapon being of exceptional strength and rigidity.

LOCKING MECHANISM—The locking-mechanism is very simple and chiefly consists of a flat bolt acting heavily on the barrels.

EJECTION—Selective automatic, throwing only the shell fired, the ejectors are very strong, coil springs used throughout.

SAFETY—The mechanism is so constructed that firing is impossible when the gun is not completely locked, i.e., when the key is not brought back in the axle plane of the weapon; this is a great security for the shooter. Further the weapon is provided with a non-automatic safety.

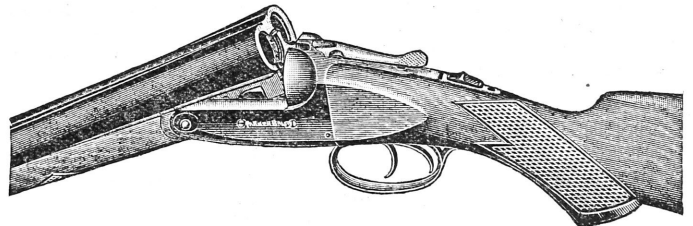

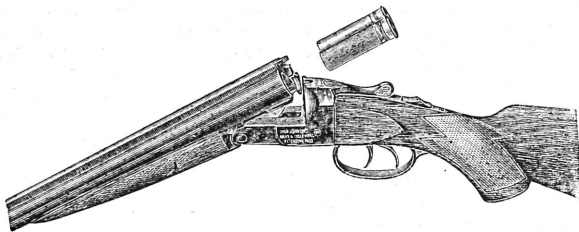

FINISH—The metal parts are black burnished to a fine lustre. Line engraving bordering joints, rosettes around screws and pins, give the gun a beautiful appearance.

Weight about 7¼ lbs. 12 gauge only.

No. **10028** Price each **\$165.00**

IVER JOHNSON SUPER LONG RANGE GUN

THE OLD RELIABLE PARKER GUN

Hercules grade long range gun. 32 inch barrels. 3 inch chambers, both barrels full choke, selective automatic ejector, will eject one or both fired shells, fine workmanship, highest quality, walnut stock, weight 7¼ lbs.

12 Gauge, 30" barrels, left full choke, right modified. Weight about 7½ lbs., stock about 14" long, drop about 2¾".

No. **10055**—Special Price, each **\$97.00**

FOX DOUBLE BARREL GUN

Sterlingworth Grade

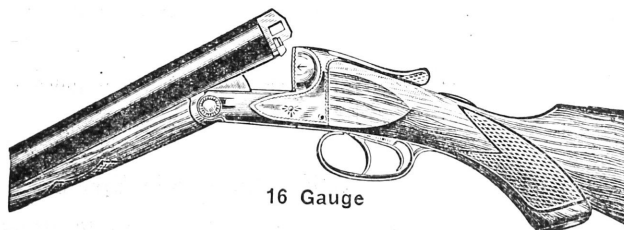

THE FOX STERLINGWORTH is a plain, staunch, trustworthy gun at a reasonable price, that will make good all the time and under all conditions. It has all the exclusive FOX features. THE BARRELS are genuine Sterlingworth Fluid Compressed Steel—(FOX PROOF)—thoroughly tested and guaranteed, for strength and shooting qualities. THE STOCK is best quality plain American Walnut, thoroughly seasoned, nicely checkered. Full capped pistol grip only. THE ENGRAVING consists of line work around frame and guard. THE FORE-END is a new FOX spring creation, and acts as one of the greatest compensating devices ever placed on any gun. Will never break or get loose.

A better Fox at the new low price.

Long
Range

Imperial Model 32

A. L. & W. Imperial is a most unusual gun. A high grade gun in the low priced field, all mechanical parts are honed, polished and fitted by master gunsmiths, its quality design, finish and general workmanship are of the highest order, being strengthened at all vital points, including heavy double lugs, side barrel lugs, and Purdy style extension rib lock, these considerably strengthen the gun, and at the same time give the shooter the greatest security. This gun is exceedingly strong, yet not cumbersome.

Fifteen Vital Improvements in the Model 32 Imperial Shot Gun

No. 1 and 2—Special heavy double locking lugs, usually supplied only on expensive guns.

No. 3—Flat table breech for strength and ease of cleaning.

No. 4—Side Lugs—Prevent wearing of locking bolts, through eliminating side vibrations.

No. 5—Purdy style cross bolt.

No. 6—Rugged extractors.

No. 7—Flat face on barrels for easy loading.

No. 8.—Matted top rib.

No. 9.—Well fitting, nicely finished top lever.

No. 10.—Automatic safety.

No. 11.—Correctly designed triggers.

No. 12.—Long type trigger guard.

No. 13.—Short hinge breech beautifully engraved.

No. 14.—Push down fore-end, as used only on expensive guns, fine hand-checked fore-end and stock.

No. 15.—Finish: Blued, highly polished.

Smoothness of operation—Has been brought about by fine fitting and polishing of parts.

Great precision and Long Range—due to barrels, lugs, ribs, etc., being clamped and welded in one piece, and to the special bore with Progressive Cone Type Choke, gas pressure is increased at the correct time to give you many extra yards, having a 2 3-4" chamber for long range shells; clean kills can be made consistently at 60 to 80 yards. Strength—it is built with a special view to resist the most powerful smokeless powders, and has been given proof test No. 4 by the Belgian Government at Liege. This test is the heaviest given to any gun regardless of price. Government proof certificate attached to each gun.

Style—The style and balance could hardly be improved upon. The graceful walnut stock and fore-end beautifully checkered, the smart clean-cut engravings around the breech add to its generally fine appearance, the balance is perfect and found only in expensive European guns.

Specifications: Left barrel full choke, right modified choke, stock about 14 1-4" long, drop about 2 3/4 inches at heel. Barrel 12 gauge, 30"; 16 gauge, 28"; 20 gauge, 26". Weight 12 gauge about 7 1-4 lbs., 16 gauge about 6 1/2 lbs., 20 gauge about 6 1-4 lbs.

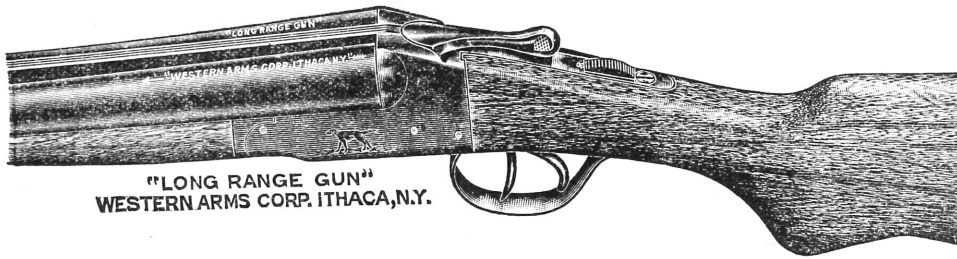

No. **10069**—12, 16 or 20 gauge Price Each **\$40.00**

IMPERIAL MODEL 31E—Automatic Ejectors

The new model 31E Automatic Ejector Model is of latest selective ejector type, throwing out only the shell or shells fired. Same specifications as regular Model 32, listed above.

No. **10070**—12, 16 or 20 gauge Each **\$60.00**

The New Western Durable Double Barrel Long Range Gun

"LONG RANGE GUN"
WESTERN ARMS CORP. ITHACA, N.Y.

Stevens' new Super Range Dreadnaught Single Barrel Gun, made in 12-gauge with Automatic Ejector, only; it has plenty of weight in the barrel and mounted on a new heavy frame.

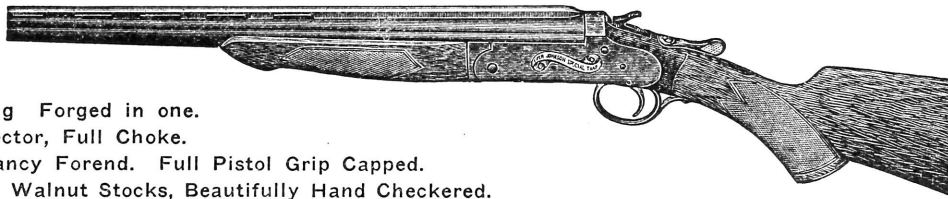

The improved large fore-end, making this gun very easy to handle, is proof tested for strength, and will kill ducks at 80 yards without difficulty; stock and fore-end of fine

walnut; length of barrel 32 or 36 inches; weight 7½ lbs.; absolutely guaranteed. (3" Loaded Shells See Page 120.)

No. **10165**—32" barrel Price, each **\$18.50**

No. **10165**—36" barrel Price, each **\$19.65**

IVER JOHNSON SPECIAL TRAP, VENTILATED RIB, SINGLE BARREL SHOT GUN

Barrel and Lug Forged in one.
Automatic Ejector, Full Choke.
Trap Style, Fancy Forend. Full Pistol Grip Capped.
Selected Black Walnut Stocks, Beautifully Hand Checkered.

Front and Rear
Lyman
Ivory
Sights
Blue Frame

A popular gun for use at Trap and for general allround shooting. Length of stock about 14½ inches. Drop at comb about 1½ inches. Drop at Heel about 2 inches.

No. **10195**—12 Gauge, Barrel 32 inches. Weight Price, each **\$25.75**

LEFEVER SINGLE BARREL GUNS—New Long Range Lefever Single Field and Trap Gun

12, 16 or 20 Gauge.

The only inexpensive hammerless single barrel breech loading shotgun with an automatic safety device such as used on expensive double guns, and an automatic ejector which kicks the shell out when the gun is opened. This new member of the Lefever family is as shapely as ANY \$1,000.00 gun; it has a genuine black walnut stock with full pistol grip hand checkered, hard rubber grip cap and butt plate.

The forearm wood is black walnut hand checkered, and, like the walnut stock, highly finished with Duco. This, forearm is the trap gun type which fills the hand and keeps the hand off the barrel. The forearm may be snapped on or off with one hand and the barrel quickly taken off the stock and frame.

The stock length is approximately 14 inches, the drop about 2¾ inches. Gauges, lengths and weights are: 20 gauge, 28 inch, about 6 lbs., 16 gauge, 28 inch about 6¼ lbs., 12 gauge, 30 inch about 7 pounds, and every barrel is proof tested with an excessive load to make doubly sure it has the necessary material and strength to be safe for ANY standard factory load.

Every Lefever single is carefully choke bored to give the closest, hardest long range pattern. The Lefever is a standardized gun, and must remain standardized in order that it may remain an inexpensive, a SAFE and durable gun. No specifications other than those mentioned can be furnished. No. **10161** Price, each **\$24.85**

**IVER
JOHNSON
CHAMPION**

Made
in
Canada

Iver Johnson Single Guns are now made in Canada of finest materials at reasonable prices. The quality of this famous model is being kept to the high Iver Johnson standard.

All Iver Johnson Single Guns are perfectly balanced and are easy to handle and smooth in operation. The barrel and lug are forged in one piece from solid bar high carbon steel. This type of barrel guarantees you a barrel to safely shoot any regular factory loaded shells.

The joint pin is large giving long wearing qualities. Compensating locking bolt is an exclusive Iver Johnson feature, so constructed as to automatically take up the wear and to safeguard the gun against shooting loose.

Safety Action.—When gun is in cocked position it locks the gun against opening or closing.

All guns have automatic ejectors to throw out shells clear of the gun.

- No. **10183**—12 gauge 30" full choke barrel..... Price, each **\$12.00**
- No. **10183**—16 gauge 28" full choke barrel Price, each **\$12.00**

H & R 410 GAUGE SINGLE GUN

Iver Johnson Matted Top Rib Single Barrel Shot Gun

This gun is built on the very best lines, and is a close, hard-shooting weapon. It has a patented hinged joint pin, which is easy to operate and positive in action, is unsurpassed in quality. Simplicity of construction and an absence of small springs and weak or unnecessary parts give it a sturdy and lasting quality.

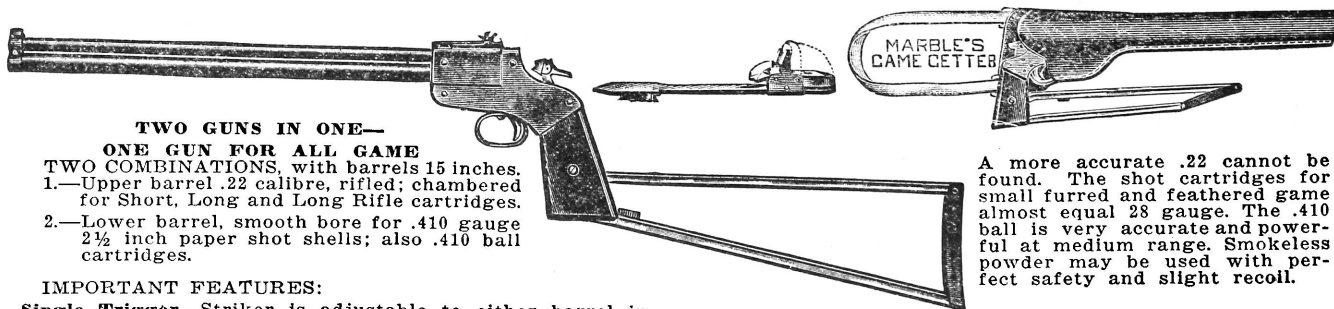

Take-down, 410-gauge, 26" barrel, weight about 4½ lbs. Automatic ejector.

No. **10169** Price, each **\$16.50**

Barrel and lug forged in one. Made in automatic ejector. Has a finely matted raised top rib extending full length of barrel. This rib prevents glare, and greatly increases shooting accuracy. Trap style fancy fore-end; full pistol grip, rubber capped, and genuine hard rubber butt plate. Both fore-end and stock finely checkered. 30" barrel full choke. 12 Gauge, weight 6½ lbs.

No. **10188** Price, each **\$21.50**

**MARBLE'S GAME GETTER 1929 MODEL CHAMBERED
To Shoot New Long Range 2 1/2" Shells**

**TWO GUNS IN ONE—
ONE GUN FOR ALL GAME**

- TWO COMBINATIONS, with barrels 15 inches.
- 1.—Upper barrel .22 calibre, rifled; chambered for Short, Long and Long Rifle cartridges.
 - 2.—Lower barrel, smooth bore for .410 gauge 2½ inch paper shot shells; also .410 ball cartridges.

IMPORTANT FEATURES:

Single Trigger—Striker is adjustable to either barrel instantly.

Hammer—Rebounds to safety notch after firing.

Receiver Lock—Trigger guard is pulled back at same time.

Receiver Lock—Trigger guard is pulled back to open breech.

Folding Stock—Is held rigidly in position by sliding lock.

Sights—Rear sight has stationary Buckhorn with large U notch, also Leaf with small U notch, and Folding Peep with 3-32 inch aperture.

Front sight has 1-16 inch gold head.

A more accurate .22 cannot be found. The shot cartridges for small furred and feathered game almost equal 28 gauge. The .410 ball is very accurate and powerful at medium range. Smokeless powder may be used with perfect safety and slight recoil.

SPECIFICATIONS: Frame, drop forged. Finish, blued. Stock,

formed from sheet steel, nickered. Grip plates, walnut.

Holster, finest strap leather.

Ammunition which may be used with the Game-Getter

No. **10465**—15" Barrel, Complete with Holster Price, each **\$38.00**

GENUINE MAUSER RIFLES

THE ORIGINAL MAUSER SPORTING RIFLE

Manufactured by Mauser at Oberndorff-on-Neckar, Germany

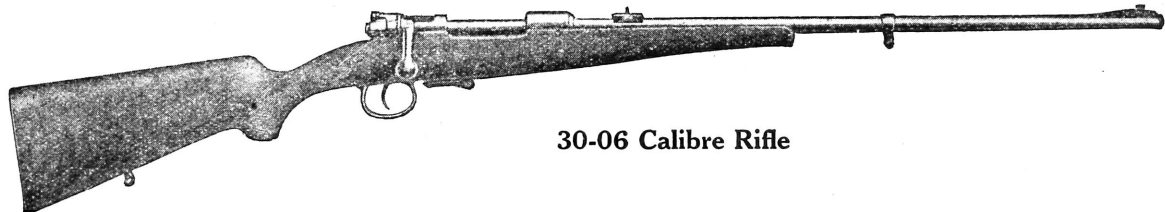

Possesses the well-known genuine Mauser repeating action clip-loading system, specially adapted to sporting purposes

It is furnished with all the latest up-to-date Mauser improvements, such as the automatic cocking arrangement, and flange on the bolt plug to guard the shooter's face against any escaping powder gases in the event of a defective cartridge case.

In the genuine Mauser rifle there is no detachable bolthead, the locking lugs are consequently solid with the bolt. It is, therefore, impossible to fire the rifle with the bolthead missing, and equally so unless the lugs are properly seated in their respective recesses.

The sporting rifle weighs about 7½ lbs., is a sporting weapon of considerable ballistic properties, as may be judged from the particulars of firing tests of which details are given further on.

The Magazine, holding five cartridges, is situated beneath the action. At the bottom of the magazine is closed by a plate which is flush with the stock, and prevents the admission of moisture, impurities, and other foreign matter. The loading of single cartridges can easily be effected by hand. Single cartridges have only to be placed on the platform and pressed into the magazine. The magazine may thus be replenished to its full capacity at any time and at a minimum expenditure of time and trouble.

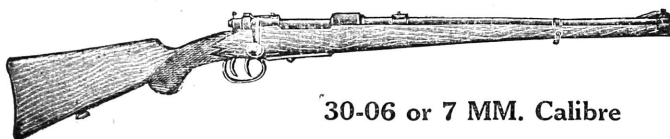

30-06 Calibre Rifle

Fine walnut stock with cheek piece, 24-inch round barrel, rubber butt plate, checkered pistol grip, sling swivels, silver bead front sight with sight protector, 300-yard leaf rear sight.

GENUINE BROWNING AUTOMATIC

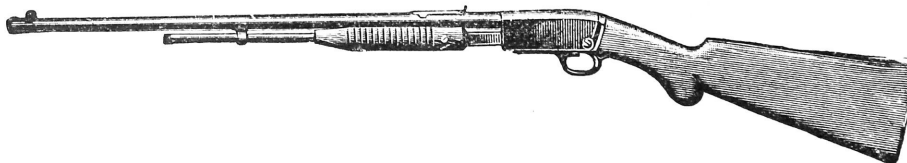

.22 CALIBRE RIFLE

This rifle has been imported by us this year and is undoubtedly the best rifle value on the market. An automatic at about the repeating rifle price. Takes eight .22 long rifle cartridges, 18" round nitro tested barrel, genuine walnut stock and fore-end half pistol grip, take down model, weight about 4 lbs., length over all 37".

No. **10419** Price Each **\$22.00**

GENUINE BROWNING—Trombone 22 Calibre Rifle

This new rifle is a beauty, absolutely accurate, positively safe and thoroughly reliable, yet moderate in price. The name "Browning" on any firearm is sufficient to guarantee its quality and workmanship, recommended and guaranteed by A. L. & W.

SPECIFICATIONS: Hammerless solid breech; breech block may be removed for cleaning without tools; safety device mounted in trigger guard, the broad and solid locking surfaces insure the parts against looseness from wear, the locking mechanism is especially designed so that the firing pin cannot strike the cartridge until the breech block is firmly locked, thus positively avoiding danger from premature explosions; stock and forearm made of good quality walnut; will shoot .22 Short, Long or Long Rifle, mixed in magazine if desired. Length of barrel 22"; length over all 39"; weight about 5 lbs.

No. **10418** Price, each **\$21.00**

22 CALIBRE REPEATING RIFLES

NEW WINCHESTER MODEL 62
.22 Calibre. Take-down

Here are a few of the features which make Model 62 a rifle for the discriminating shooter who seeks an all round slide action hammer repeater:

- 1—Round 23-inch tapered barrel, carefully proportioned for accuracy and balance.
- 2—Lyman Gold Bead front sight with new Winchester quick elevating sporting open rear sight.
- 3—Smooth, sure-functioning Winchester slide action developed from the standard action that has served with such unflinching satisfaction in more than 1,500,000 Winchesters.
- 4—New design slide handle.
- 5—Full-sized genuine black walnut straight grip stock.
- 6—Shotgun butt with slightly curved, checkered, steel butt plate.
- 7—Extra large capacity magazine—holds 20 Shorts or 16 Longs or 14 Long Rifles.
- 8—Stock and handle lacquered finish.

No. **10375** Price, each **\$26.50**

NEW WINCHESTER MODEL 61
.22 Cal. Hammerless Take-down

These outstanding features, every one significant to lovers of fine arms, are yours in this new Winchester:

- 1—Finely balanced, gracefully tapered 24" Winchester proof steel barrel.
- 2—Man size genuine black walnut stock with well shaped pistol grip.
- 3—Shotgun butt with slightly curved, checkered, steel butt plate.
- 4—Lyman Gold Bead front and Winchester quick elevating sporting rear sight. Tang has screw holes for mounting Lyman tang peep sight.
- 5—New design of semi-beavertail slide handle, gracefully modeled to give a most satisfying grip because of its broad under surface. Admirably fits the shape of the hand.
- 6—Closed-in breech, hammerless slide action—simple in construction.
- 7—Sturdy breech construction that makes this rifle safe for use with any of the .22 high power rim fire cartridges.
- 8—Hammer cannot fall when gun is not breeched.
- 9—Slide action lock is in safe and convenient position. Trigger lock locks directly under nose of sear.

B.S.A. finest combination block and aperture Front sight. Rear peep sight has a perfect wind gauge and elevation graduated stem, the disc is of the 6-hole adjustable type. Weight about 9 lbs.

No. **10460** Price Each **\$40.00**

B.S.A. NEW MODEL 15 TARGET RIFLE

.22 CALIBRE

Here is a new and more modern B.S.A. Rifle for .22 bore marksmen.

Length—Overall, 44 in.;
Length of barrel, taken down, 29 in.
Weight—9 lb. 7 oz.
Diameter of barrel (outside) at muzzle, ¾ in.
Distance between foresight and aperture backsight, 31½ in.
Balance—7¼ in. in front of trigger.

The barrel and action are exactly as fitted to the world-famous B.S.A. No. 12 Rifle, but the fixed portion of the backsight is now an integral part of the body. The sturdy construction of the backsight ensures perfect rigidity—there is not the slightest trace of backlash in the windgauge or elevating movements. Very careful attention has been paid to the design of the new pistol grip, and upon test by some of the leading small bore riflemen in the country it proved ideal. It is very comfortable, and the special lever facilitates the quick working of the action in time limit competitions.

The cheek-piece is an addition which has been called for repeatedly by small bore riflemen, and makes possible the holding of the rifle snugly and firmly.

This new B.S.A. Rifle has a particularly handsome appearance, as a glance at the illustration shows. Special attention has and is being paid to the bore of the barrels and very fine shooting is being done. This new model has been subjected to exhaustive tests to ensure that its accuracy is unsurpassed; that it is perfectly balanced and easy to handle.

No. **10462** Price, each **\$47.50**

VICKERS RIFLES

UNEQUALLED FOR CONSISTENT ACCURACY

These latest Vickers Rifles were produced after the most exhaustive tests, in close co-operation with United States Cartridge Experts. They predominate at the small bore matches of England, as will be seen from the fact that they were used by 9 of the 10 victorious British Team who defeated the U.S. Team at Bisley in 1931, and 16 out of 20 of last year's British Dewar Team. **SEVENTY PER CENT. OF THE PRIZE MONEY AT BISLEY IN 1931 WAS TAKEN BY VICKERS.**

Some Outstanding Features

Barrels of proven accuracy, made of special Vickers steel by Vickers, one of the world's oldest and largest makers of steel and firearms of all kinds. One hundred yard test groups furnished with each rifle.

Barrel and Receiver are all one piece, having no joint to develop looseness or movement with pull of a tight sling.

Rear Sight is mounted solidly on end of Receiver, with no possible chance for looseness to develop. Front Sight is Watson No. 2, the most expensive and accurately made Front Sight obtainable, giving clearest definition and possibility of almost any combination desired, as 29 interchangeable discs are obtainable for it. Watson Eye Cup No. 1, furnished in Rear Sight.

By unscrewing one thumb screw (shown in illustration), forward of trigger guard, and without aid of tools, whole action is instantly removed for cleaning from breech. Actions are the famous Martini, celebrated for their high speed and clean trigger pull.

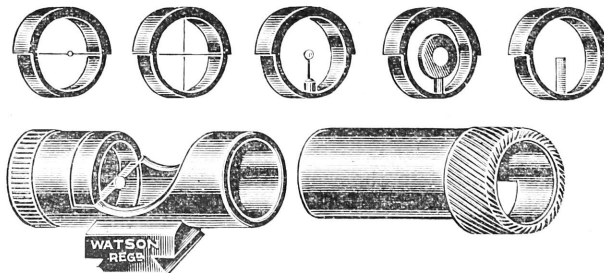

Stocks are all one piece; Champion Models are hand made of selected French Walnut, nicely checkered, with real pistol grip and rubber recoil pad. Made for both right and left hand shooters. The Champion model American style, can also be supplied. This Rifle is similar to English style, except American has straight grip instead of form fitting. A leaflet describing same can be had upon request:

- No. **10438**—Champion Model, English style **\$75.00**
- No. **10441**—Champion Model, American style **75.00**
- No. **10442**—Standard Model No. 1 **42.00**
- No. **10443**—Standard Model No. 2 **38.50**

(Quick release rear sight can be supplied for No. 1 and No. 2 Standard Model Rifles, at \$1.00 each extra.)

WATSON NO. 2 FRONT SIGHT

As supplied on all Vicker's Rifles

Sight showing Disc No. 5

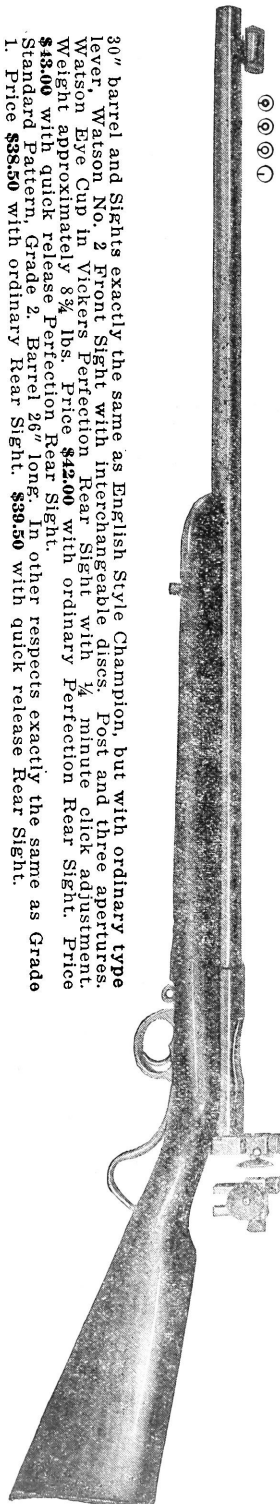

Shade

This sight can also be furnished for any standard rifle. No. 0 disc is a black steel post; disc No. 1 black aperture; discs 4 and 5 are 22-kt. gold and pure silver; No. 7 has black steel cross ribbons.

- No. **10510**—Sight with any one disc. Price, each **\$4.00**
- No. **10511**—Extra discs Price, each.... **1.25**

30" barrel and Sights exactly the same as English Style Champion, but with ordinary type lever. Watson No. 2 Front Sight with interchangeable discs. Post and three apertures. Watson Eye Cup in Vickers Perfection Rear Sight with 1/4 minute click adjustment. Weight approximately 8 3/4 lbs. Price **\$42.00** with ordinary Perfection Rear Sight. Price **\$43.00** with quick release 1/4 minute Perfection Rear Sight. Standard Pattern, Grade 2. Barrel 26" long. In other respects exactly the same as Grade 1. Price **\$38.50** with ordinary Rear Sight. **\$39.50** with quick release Rear Sight.

STANDARD PATTERN, GRADE 1

Barrel 30" long, fitted with Watson No. 2 Front Sight with post and 3 apertures. Vickers Perfection Rear Sight with positive 1/4 minute click adjustment and direct vernier reading, with Watson Eye Cup. Quick release allows upper portion of Rear Sight to be removed for scope shooting, and can be positively replaced to exact adjustment. Stock entirely hand made from selected French Walnut, fitted with rubber recoil pad, comfortable pistol grip, high speed lever. Instead of the conventional cheek-piece, the stock is off-set and the comb nicely rounded and hollowed out for cheek, which allows eye to be dead-centre with line of sight. Weight approximately 10 1/4 lbs.

Price, each **\$75.00**

GIBBS' GUARANTEED TRAPS

Gibbs' guaranteed Traps are the only first class coil spring traps on the market. Compare the ease with which they may be set and their gripping power with any other traps in the same numbers. Gibbs' Traps are better. Don't confuse them with any other make.

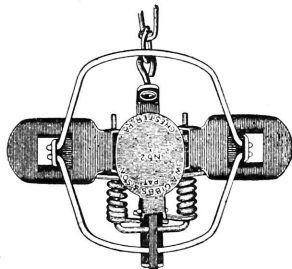

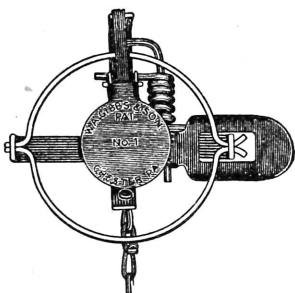

GIBBS' "TWO TRIGGER" TRAP

The Trap that saves its cost. Two traps in one. Do not need to be set to drown. Every strike a catch; absolutely no wringing off; holds by leg and over body. Made in one size only. For Mink, Muskrats, Marten, etc.

No. **11000**..... Price, each **.65**
Dozen **\$7.00**

GIBBS' "SINGLE GRIP" TRAPS

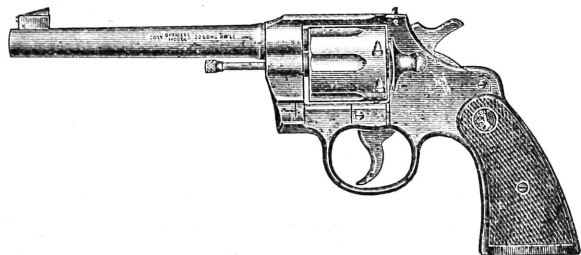

Gibbs' "Single Grip" Traps have better gripping power, are quicker in action and easier to set and handle than any other traps now on the market. They set flat and occupy less space than long spring traps. Springs are strong enough to operate the trap quickly under snow and covering material. Breakage occurs much less often than when flat and long spring traps are used. Made in sizes to catch any animal from weasel to wolf.

- No. 0—For weasel, house rats, gophers, etc.,
- No. 1—For Muskrat, mink, marten, etc.,
- No. 1½—For mink, muskrat, skunk, etc.,
- No. 2—For fox, woodchuck, 'possum, etc.,
- No. 3—For lynx, fisher, coyote, wildcat, etc.,
- No. 4—For beaver, otter, wolf, badger, etc.

No. **10488** Price, each **\$68.00**

WATSON EYE CUPS

Optically Correct

Watson Cup

In the ordinary cup the shooter is forced to look through too thick a wall of metal around the aperture and too small and long a hole in the nipple beyond it.

In Watson Eye Cups this has been successfully overcome by the large nipples in which large holes are cut clear through, and into which at the cup side, are fitted a thin diaphragm of tool steel .005 inch (five one-thousandths of an inch) thick.

Ordinary Cup

In these thin diaphragms we put any sized aperture as shown on aperture gauge. All our cups have that beautiful dead black finish.

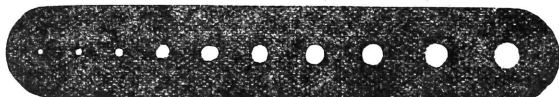

We can supply these cups to fit all makes of Rear Sights. When ordering be sure to state the make of Peep Sight, the Eye Cup Number and Size of Aperture as shown on Gauge below.

Stock size Discs numbers 2-3 and 4.

Stock size Apertures numbers 3-4 and 5.

Other sizes can be supplied two days' delivery.

410 GAUGE ADAPTOR FOR 12 GAUGE GUNS
MADE IN ENGLAND.

Two Guns in One

The illustration clearly shows the Adaptor in use; it is made from a fine quality piece of steel, carefully turned to fit exactly the chamber and bore of the gun. Easy to extract the fired shells, 2" or 2½" shells may be used, giving fine penetration and power; fine English blued finish, weight 7½ ozs., length 5¼" long, for 12 ga. guns only, using 410 ga. shells.

No. 10497 Price Each \$3.50

WATSON NO. 8 FRONT SIGHTS

The only Globe Sight with a Bright Bead

For all rifles having dovetailed slots.

The Watson No. 8 combines the quickness of an open sight with the accuracy of a target sight. The hood protects the bead without shading it. The hood is beveled to let all the light on the bead, and this typical Watson flat faced 22-kt. gold bead is sloped to catch more light than the usual open "gold" bead. Tiny beads can be furnished and they can be seen as long as there is light enough to see game. Beads can be had small enough to hold on a woodchuck's ear or in the centre of a bull's eye. The aperture formed by the hood makes a fast and accurate sight for running game. It has gone through hard campaigns without damage and used on the smallest targets with every success. Beads made in five sizes; see chart below.

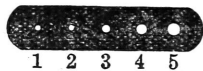

Beads carried in stock sizes 3 and 5, other sizes supplied in two days.

Bi-Color Front for Single Guns

No. 10543—Bi-color Front Sight for Single Barrel Shotguns, complete with tap and wrench \$1.50

(Packed one in an envelope)

MARBLE'S SHOTGUN SIGHTS

Bi-Color Front for Double Guns

Ivory Rear Sight and Reamer for Double Guns

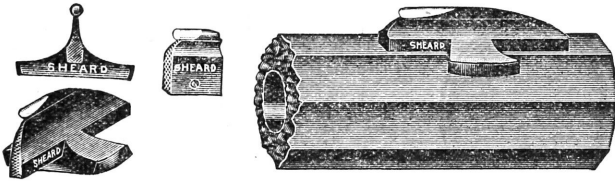

The chief and great advantage of the "Bi-Color" sight is that it will not break off as very often happens with an all-ivory sight. It can be seen in any light. The Rear Sight should be placed at about the centre of the barrels, or from 12 to 16 inches from the muzzle sight, according to the length of gun and shooter's eyesight—never more than 18 inches. The rear sight keeps one from aiming too close to the gun rib, which prevents a clear view of the bird and causes under shooting. Good alignment cannot be secured without a rear sight.

FOR DOUBLE-BARREL GUNS ONLY

No. 10544—Bi-color Front, Ivory Rear and Reamers. \$2.00
 No. 10545—Bi-Color Front Sight 1.00

RIFLE SIGHTS

MARBLE'S SHEARD "GOLD" HUNTING TARGET SIGHTS

This sight is guaranteed to show up well in the darkest timber, under any and all circumstances, and not to "blur". Will show the same color on different coloured objects; will stand rough work and improve the shooting greatly. Made to fit nearly all sporting and military rifles, carbines, target revolvers and pistols, Luger and Mauser automatic pistols.

When ordering Sheard Front Sight for Mauser and Mannlicher Rifles, send sight now in use on rifle as sample, to make sure that correct sight is sent.

No. **10532**—Sheard Sight, with medium bead.
Price Each **\$2.00**

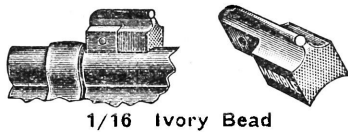

LYMON COMBINATION FRONT SIGHT

Adapted to all guns taking regular rifle type of front sight. Can be used for combination hunting and target work. Use protected globe against target or light background, and instantly adjustable ivory head for hunting and against dark background.

No. **10504** Price, Each **\$2.50**

MARBLE'S SPECIAL FRONT SIGHT

1/16 Ivory Bead

This sight is designed for Winchester Model 94, 30-30 and .32 special calibres only. One of the most practicable carbine sights ever designed.

WINCHESTER ROCKY MOUNTAIN REAR SIGHT

Not For Use on Carbine Rifles

No. **10540** Price, Each **\$2.00**

MARBLE'S ADJUSTABLE LEAF SIGHT

Made to Fit American Standard Rifles

The leaf is firmly held in position by the spring on the long flat part when either up or down, and can be instantly put in either position. When folded down it permits a free use of peep and front sights.

The notch-piece is held at elevation desired by the screw at its side, and is also reversible. The "V" shaped notch is for use with Rocky Mountain Front Sight. The half-round notch is for use with Bead Front Sight.

In addition to its utility as a middlesight it serves as a check to detect any deviation in the alignment of the other sights.

Mention model and calibre when ordering.

No. **10535** Price, Each **\$2.00**

RIFLE SIGHTS

MARBLE'S SPORTING REAR SIGHTS

Improved and designed to contain all possible advantages of an open rear sight. Answers a steadily increasing demand for this style of sight.

The reversible notch disc, with white enamel diamond, gives choice of two "U" and two "V" shaped notches of different sizes. Disc held in place by a screw.

Adjustment in height is secured by means of a double step elevator and a sliding notch blank. Screw driver point on elevator.

SEMI BUCKHORN CARBINE SIGHT

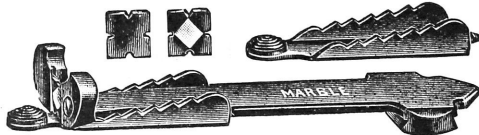

For Winchester Carbines, all calibres: Savage .22 H.P., .250-3000 and .300 H.P. Rifles; and all makes of .22 calibre rifles having standard slots in barrel for rear sight.

When used on Remington .22 calibre or Winchester .22 Self-Loading, a front sight 1-16 inch higher than regular is required.

No. **10541C** Price, Each **\$2.50**

SEMI BUCKHORN RIFLE SIGHT

For Winchester, Savage, Marlin, Remington (except Auto-loading H.P.); and other rifles having standard slot in barrel for rear sight.

No. **10541R** Price, each **\$2.50**

MARBLE'S FOLDING REAR LEAF SIGHT

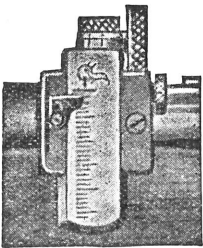

Folds down on barrel when not in use, and therefore permitting the use of a peep sight, and has one adjustable disc having four notches, two

U-shaped and two V-shaped, of different sizes, with a white diamond of hard enamel on one side.

No. **10542** Price, Each **\$2.25**

LYMAN RECEIVER SIGHTS WITH WIND GAUGE ADJUSTMENT

No. 48 Lyman Sights for Winchester Model 54, Remington Model 30 Express, and Mauser Bolt Action Rifles. Click adjustments give change of point of impact of 1 inch at 100 yards. The aperture has the built-in, turn-down peep feature, and can be furnished with detachable disc if desired.

Tap and drill for receiver sights supplied if desired.

No. **10528**—Sight only with screws. Price, ea. **\$14.00**

No. **10529**—Tap and drill..... Price per pair **.75**

No. **10530**— $\frac{1}{2}$ " Disc, 1/16 or 3/32 aperture..... Price Each **.75**

Note.—When ordering rifle sights, be sure to give maker's name, model, calibre and length of barrel of the rifle for which the sight is to be used.

LYMAN REAR PEEP SIGHT

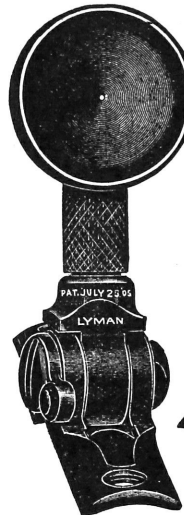

This Type of Sight Has Real Advantages

It is easily attached to rifle and readily adjusted for shooting at various distances.

Almost instantaneous aim can be taken, for the object is sighted as quickly as if only the front sight were used.

For Win. Models 90 and 06, 92 and 94, all calibres, Stevens Favorite, etc.

No. **10523**—With disc but without side lock. Price, each **\$6.00**

MARBLE'S ANTI-RUST ROPES

For Shotguns and Rifles.

When saturated with oil these "ropes" exclude all air and moisture and make it impossible for the barrels to rust or become pitted. They are longer than the barrel and larger than the bore. This insures a constant pressure of oil against the entire circumference of the bore. One oiling will last for a year.

For shot guns, 12, 16 or 20-gauge; for rifles, state calibre.
 No. **10745**Price each **\$1.00**

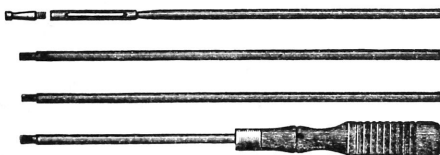

CLEANING RODS, ETC.

ONE-PIECE CLEANING RODS

All 26 inches long.

 No. **10674** Price, Each **.15**

CLEANING RODS, ETC.

MARBLE'S JOINTED BRASS RIFLE ROD

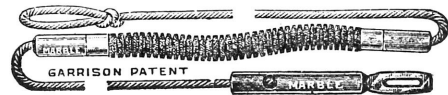

See That Steel Connection!

The view of joint shows size of rod for .30 calibre and larger rifles. Note the size—which gives needed strength. It will not break off in the rifle. It is as rigid as a one-piece rod. Made in 30" length. Furnished with jagged and slotted tips, packed in cloth bag.

No. **10555**—22 and .25 calibre..... Price, Each **\$1.75**
 No. **10555**—28 calibre and up..... Price, Each **\$1.75**

MARBLE'S FIELD CLEANER

The cleaner is the same as Marble's Rifle Cleaner. Made for all calibres of rifles. In ordering give make and calibre of rifle for which you desire to use the cleaner.
 No. **10558** Price, Each **\$1.25**

MARBLE'S RIFLE CLEANER

The sections are made of a number of discs cut from softest brass gauze. They are separated by small fibre discs and strung on a spirally-bent spring-tempered steel wire.

The sections are smaller than the bore of a rifle or revolver, therefore the spiral core forces only one part of each section against the bore, with the result that the cleaner may follow the twist—reach into every angle of the rifling and rapidly remove all lead, copper, rust or powder residue.

No. **10560** Price, Each **.80**

WINCHESTER RIFLE CLEANING ROD

For Rifles of .30 Calibre or Larger

WINCHESTER JOINTED STEEL CLEANING ROD

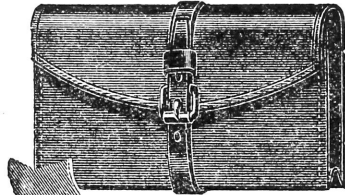

The rod is 44 inches in length. The third tip is made to accommodate a universal rifle brush, or any brush having the same thread. This rod is suitable for use in rifles of .30 calibre or larger, and will be found highly satisfactory in every way. Riflemen who have tested it pronounced it the most substantial and practical jointed rod ever offered. The rod is packed in a cloth bag.

No. **10666** Price, Each **\$2.50**

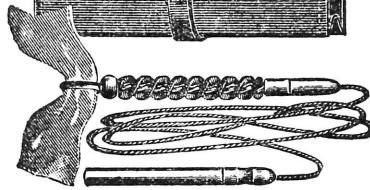

CLEANING RODS, ETC.

MARBLE'S SHOTGUN CLEANER

Made to Fit All Standard Rods

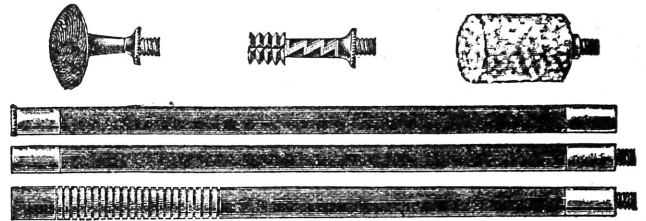

The sections are made of discs cut from softest brass gauze. They are separated by fibre discs and strung on a spirally-bent spring-tempered steel wire.

The sections are smaller than the bore, therefore the spiral core forces only one part of each section against the bore and gives equal pressure from chamber to choke. When sections become worn on one side they can be turned. Cleaner lasts a lifetime. Made for 12 or 16 gauge guns.

No. **10562** Price, Each **\$1.25**

ENGLISH GUN CLEANING ROD

Genuine English Rosewood, hand-made, cleaning rods, 35" long. The finest cleaning rod procurable complete with wool swab, jagged end and wire brush, 12 gauge only.

o. **10780**Price, 2 oz. can **.65**

NEW METHOD GUN BLUER

Rusty rifles, shotguns and nickel plated revolvers can be perfectly blued in five minutes with New Method Gun Bluer. Easily applied with a brush, no heating is necessary and it will not injure the finest steel.

The most inexperienced layman secures satisfactory results with this bluer. It will take years off the age of any used gun.

Large size can, enough to blue five guns.

No. **10805** Price, per can **\$1.50**

NIMROD LEAD REMOVER

For Leaded Guns and Rifles.

Is not a nitro powder solvent, not a so-called gun cleaner, but a preparation developed by us for taking out lead only.

No. **10815**Per bottle **\$1.00**

**MARBLE'S
NITRO-SOLVENT OIL**

In New Containers

3 oz. can displaces 2 oz. bottle

3 oz. can

6 oz. can

A solvent is combined with a lubricant and other ingredients to make an oil that will dissolve and remove powder residue and leave the barrel and works lubricated.

Marble's Nitro-Solvent Oil should be used alone—no other oil is necessary when the cleaning is finished.

It stops corrosive action by neutralizing the acids of the residue before or after they have penetrated the steel. It removes and prevents rust. Contains no acid. Will not congeal. Cleans and polishes varnished finishes.

Because of the solvent properties the oil does not dry up quickly and will not gum. This makes it a perfect lubricant for reels, motors and light machines.

No. **10775**—3 oz. canPrice per can **.50**

No. **10775**—6 oz. canPrice per can **.75**

**HOPPE'S
NITRO-POWDER SOLVENT**

No. 9

Hoppe's Nitro Powder Solvent No. 9 keeps gun and rifle barrels free from powder residue, metallic fouling and rust. It has been doing just that for twenty years—doing it so well that it seems as though almost every sportsman uses Hoppe's Nitro Powder Solvent.

No. **10770**—2 oz. bottle **.65**

**THREE-IN-ONE
OIL**

In 3 oz. Handy Cans.

An oil that cleans, lubricates and prevents rust; it will not corrode or thicken. It is an excellent oil for all guns and machines.

PARKER CELLULOID OIL CAN

The Parker-Hale Valvespout Celluloid Oil Container (made in England).

N.P.V.T. I

well known to oil users. Filled with Young's celebrated gun and rifle oil, which can be refilled when emptied. Size—2¼" diameter, ¾" thick.

No. **10790** Price, each **.75**

Advantages

- (1) The stopper cannot be lost.
- (2) It has a metallic valve which hermetically seals the outlet.
- (3) A half-turn of the nozzle opens or closes it.
- (4) It is more serviceable than any other type.
- (5) It saves oil, time and temper.

It is strange that the world should have waited so long for such a simple yet practical and useful device. The mortality among oil cans that have lost their stoppers is prodigious and the loss of oil from unstoppered spouts and the loss of time cleaning up the consequent mess, is only too

HOPPE'S GUN CLEANING PACK

Contains the Preparations Needed to Keep Firearms Rust-free and Wear-free Indefinitely.

THE EXPERT TRAP

Is a first-class Trap for small clubs and individual use, and is a time - tried devise that is hard to beat.

No. **11126**—
 Price, each**\$18.00**

CANADIAN BLACK BIRD TARGETS

For use with Expert and A. L. & W. Hand Trap.

The Canadian Black Bird Target is a clean-cut, saucer shaped disc, 4½ inches in diameter; with its ebony black surface it makes a beautiful target.

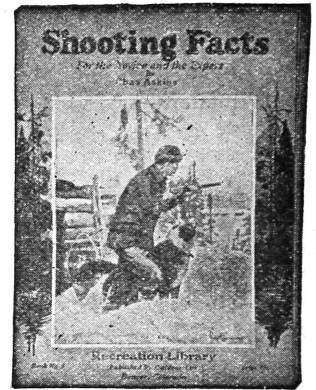

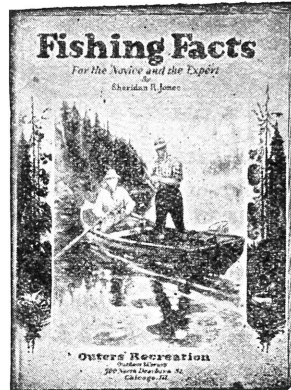

Canadian Black Bird Targets are used by nearly every Gun Club and at all tournaments.

No. **11127**Price per carton of (135) birds **\$2.00**

PRACTICAL OUTDOOR BOOKS

By the Best Authorities.

45¢ Each

"The Outdoor Lovers' Library" of handy pocket volumes (5 x 6 inches) on the eight subjects most dear to the lover of the great outdoors. The authors are all outstanding authorities on their subject, and each book contains 60 or 70 pages of invaluable information and instruction, boiled down and concise. As interesting as a novel. Every devotee of the Rod, Gun or Camp should possess this complete little outdoor library. A veritable encyclopedia, which is mighty pleasant to read.

BOOK 1—FISHING FACTS—By Sheridan R. Jones
 The only handbook ever printed which summarizes fishing methods—what tackle to use, how to use it, where to find and how to catch the best-known fresh water fish.

BOOK 2—BAIT CASTING—By Sheridan Jones
 Short-rod experts regard this book as the equal in value of most volumes costing \$2.00, and it is planned to help the novice as well as the veteran bait-caster.

BOOK 3—FLY CASTING—By Sheridan R. Jones
 A volume as practical as it is up-to-date. The most thorough presentation of long-rod tackle and the art of fly casting that has recently appeared.

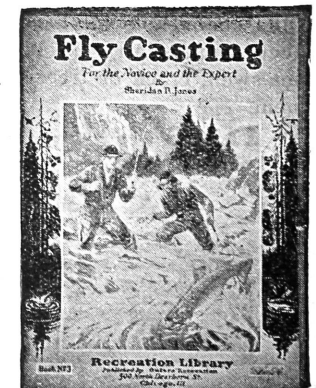

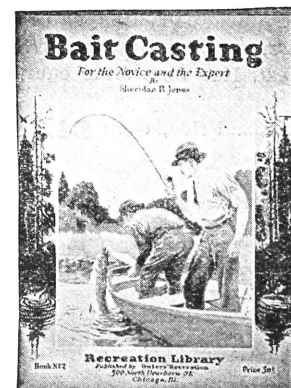

BOOK 4—AUTO CAMPING FACTS—By F. E. Brimmer
 A modern and practical volume on auto camping by that well-known authority, F. E. Brimmer. This book contains many valuable hints and is most helpful to both the beginner and old-timer.

BOOK 5—THE CAMPER'S MANUAL—By Horace Kephart
 Written by the nationally-known authority, who has published more popular and successful books on camping and woodcraft than any other expert alive today.

BOOK 6—WING SHOOTING—By Chas. Askins
 Askins is the most famous student of the shotgun in this country. With a background of scientific knowledge he writes from the standpoint of the practical hunter.

BOOK 7—BIG GAME HUNTING—By Maj. Townsend Whelen
 The author of the greatest book ever written on the rifle tells what he has learned in a lifetime of personal experience in the hunting of big game.

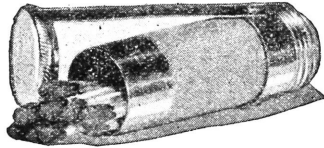

BOOK 8—SHOOTING FACTS—By Chas. Askins
 Sportsmen for years have respected the statements of Chas. Askins regarding rifles, guns and pistols. In this book he gives the plain facts of choosing, using and cleaning firearms.

No. **13090** Price, each **.45**

MARBLE'S WATERPROOF MATCH BOX

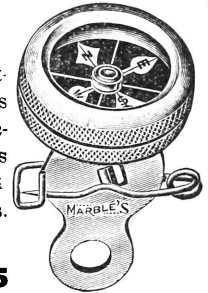

Absolutely water and moisture proof. Keeps you in dry matches when you are caught out in wet or cold weather. Always a comfort—and may save lives. Seamless drawn brass, heavily nickled, 3/4" inside diameter. Has rubber gasket in the cover.

No. **11160**..... Price, each **.95**

MARBLE'S COAT COMPASS

Never goes wrong. It attaches to outside of coat and is waterproof. Always in sight and balances so readily direction can be taken while walking. Does not easily become demagnetized. 1 1/2 inches in diameter. Weight 2 ounces. Polished brass finish, revolving dial.

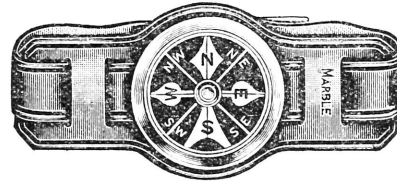

No. **11130**Price, each **\$2.35**

MARBLE'S POCKET COMPASS

Diameter 1 1/8 inches, Agate bearings, positively waterproof, polished brass finish. Weight 1 ounce.

No. **11129**—Revolving Dial.
Price, each **\$2.00**

MARBLE
WRIST COMPASS
Revolving Dial

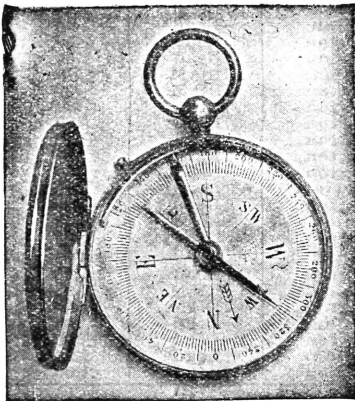

For the hunter, fisherman, camper, tourist, scout, woodsman and boatman who prefers a wrist compass to the pocket or coat styles, this new style compass will prove ideal. Case is of polished lacquered brass, 1/3-16" in diameter. Crystal is unbreakable, domed style. Has agate bearing. Is extremely accurate. The wrist strap is made from a high grade of leather. Weight 1 ounce.

No. **11131**..... Price, each **\$2.35**

STANDARD COMPASS WITH COVER

Standard brass compass N.P., with cover 1 5/8", metal dial and Jewel needle bar with needle bar lock.

No. **11136**—
Price, each**\$1.50**

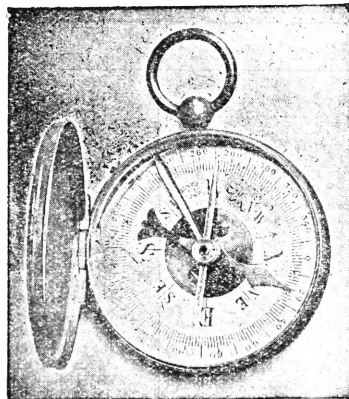

Standard Compass without cover. Same compass as No. 11136 without cover.

No. **11135**Price each **1.25**

HUNTER'S MARCHING NEEDLE COMPASS

Hunter's Compass, with marching needle, solid brass throughout, with hinged cover, full division, best quality, 1 1/8" metal dial.

No. **11138**—
Price, each **\$2.50**

PLAIN BRASS COMPASS

Solid brass open face compass, 1 5/8". Paper dial with plain needle ring attached, as illustrated.

No. **11132**Price, each **.50**

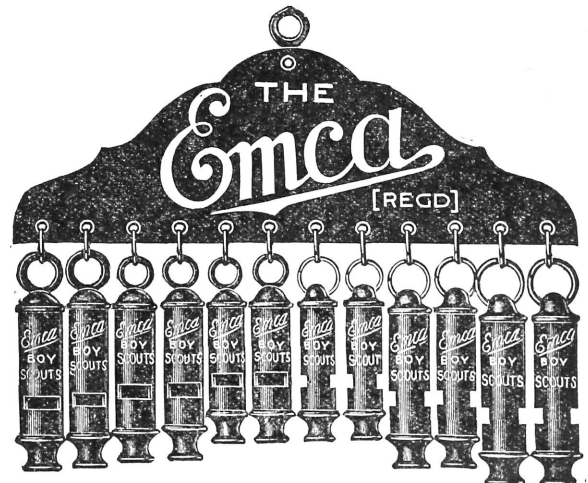

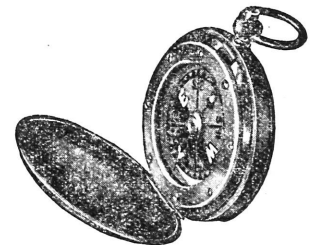

LIQUID COMPASS

This instrument is made by one of the world's best makers, Francis Barker & Son, Ltd., London, England.

A compass of this style is free from ordinary metallic magnetism and most satisfactory for land or lake service. There is no finer pocket compass procurable. Full division face with radium points (Size 1 1/4" diameter.) Pearl dial, oxydized case.

No. **11150** Price each **\$15.00**

Best quality English Boy Scout Whistles, assorted nickel plated and gun metal, 2 1/2" to 3" long.

No. **11178**Price each **.25**

A. L. & W. BIG CHIEF HUNTING KNIFE
Stainless

The new A. L. & W. Big Chief Hunting Knife is the most useful hunting knife yet designed. It embodies all the good features of knives, plus the thin blade which will really cut, being stainless. It can be used generally as a good camp knife. This knife is made for us by one of the foremost cutlery manufacturers in Sheffield, England. Guaranteed to hold a keen edge, this fine knife is a work of art and finely finished. Through a survey of many big game hunters we have found the 4-inch knife the most useful and would recommend the purchase of this size. 5-inch length is also carried in stock for those desiring it.

A. L. & W. PERFECT AXE

Handle Construction
Leather Washer

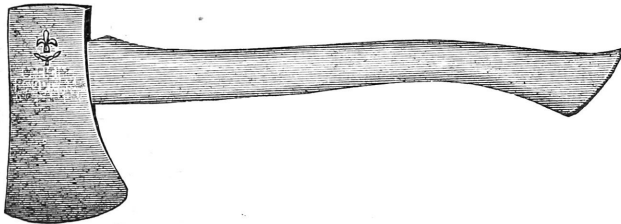

The A. L. & W. Hunter's and Camper's Axe is guaranteed by free replacement that the thin, light, tempered steel handle and genuine leather grip will never break or loosen. The edge, face and claw have no superior. This axe is made of one piece, forged and tempered steel head and handle. Eight reasons why it is superior:

1. The head cannot come loose.
2. Handle will not break or split
3. Side blows, pulling or splitting do not harm them.
4. They are well balanced.
5. Thin handle for close quarters.
6. Comfortable "Lifetime" leather grip.
7. Always same length for measuring.
8. Thin blade makes grinding easy.

The handle is made of leather washers, one on top of the other, similar to hunting knife construction. Width of blade 3 x 1 3/4 inches at head. Length of blade 5 inches. Size of head 3/4 x 1 3/4 inches. Length over all 13 inches. Complete with heavy leather sheath.

No. **13192** Price, each **\$3.50**

A. L. & W. HUNTER'S AXE

BURGESS UTILITY LANTERN

Something entirely new in electric hand lanterns. Illuminated with four standard flashlight batteries. Excellent for camping, motoring and all kinds of out-of-door use and in and around the home and farm. Gives a great area of bright light. Corrosion free, chromium alloy reflectors stay bright.

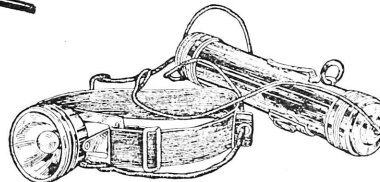

Body is of heavy gauge steel and lacquered red. Provided with a large bail of heavy gauge steel to carry on the arm. Self-cleaning, weather-proof switch is easy to operate, even with gloved hands.

Illuminated with 4 standard Flashlight Batteries, that snap into unique battery holder and hold tightly in place without rattling. Uses No. 26 Mazda Lamp. Base has receptacle for extra lamp to provide for unexpected lamp burn-out. It also has a red cap which if placed over the lamp provides a "safety-light" if desired. Weight without battery 17 ounces, with battery 31 ounces. Size: Height 10¼ inches—Diameter of base 4½ inches.

No. **13238**—Price complete with batteries **\$3.85**

WINCHESTER HEAD LIGHTS

The Headlight is a distinctive Winchester product which is adapted to a wide range of uses. It not only can be used for all flashlight purposes, but is particularly adapted for use where the nature of the work requires the use of both hands for handling.

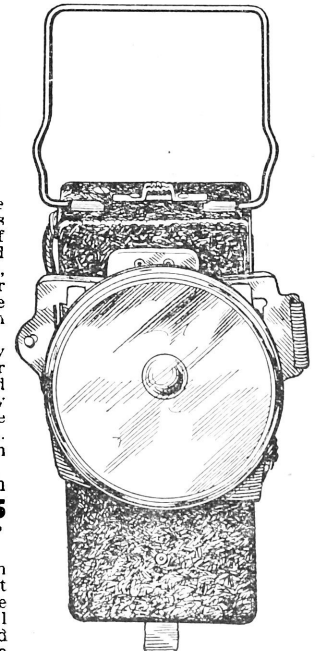

The Headpiece is remarkably light and may be worn over hat or cap. A soft rubber pad insures comfort. The battery case may be carried in the pocket or hooked on the belt. Focusing type throws a beam of light 360 feet.

No. **13294**—Complete with batteries **\$4.85**

WINCHESTER HEADLIGHT LANTERNS

Some conditions call for an even more powerful Headlight than the three cell. To take care of these the five cell Headlight has been developed. The focusing type throws a beam 1200 feet long making objects at its extreme range clearly visible.

Can be used as a lantern by attaching headpiece to battery case.

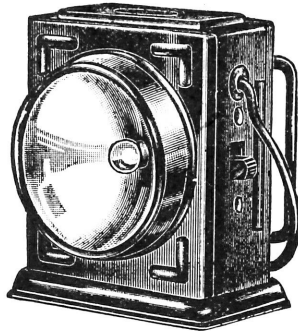

No. **13295** — Complete with batteries **\$6.85**

AMERICAN READY-LITE LAMPS AND LANTERNS

Instant Lighting—No Generating.

American Ready-Lites light instantly. Open the valve—light them just as you would light gas—without generating. No generating, no preheating of any kind. You can't do it wrong because the regulating and cleaning valve, an exclusive American feature, automatically keeps the intake orifice clean and admits just the correct amount of fuel for perfect lighting.

Automatic Tip Cleaner.

By means of the automatic cleaner, carbon and other deposits in the gas orifice are broken up and forced out, while the lamp is burning and without interfering with the light.

Built-in Pump.

All American Ready-Lite lamps and lanterns have hand operated filled plug and built-in pump, making it easy to maintain the best working pressure.

Lamps are finished in attractive lacquer colors and come with heat resisting Monax glass shades.

Lanterns have blue vitreous enamel tops and the fount is finished in durable blue lacquer. Mica chimneys are brass bound and rust-proof. Other exposed metal parts are cadmium plated and rust-proof.

LAMPS

No. **13300**—Is forest green and jet black, a beautiful two-tone effect. Opal Monax shade. Height 19 1/2 inches, fuel capacity, 3 1/2 pints, 18 hours' supply.

Price per dozen **\$1.00**

CAMP COOKING OUTFITS

Solid Aluminum Handles Excepted

THE PERFECT COOKING OUTFIT

The utensils comprising the Camp Cooking Outfit are made of heavy gauge aluminum, and will withstand the severe service of the camp. The entire set is extremely strong, will not dent easily, no solder or seams to melt over the hottest fire, and it is always sanitary. As a camp cooking outfit requires compactness and close nesting for convenience in carrying, this outfit fits snugly into a strong canvas case, not over 10 1/2 inches high and 10 1/2 inches in diameter—built to carry packed out of sight at the end of the canoe, motor boat, or in the automobile. It is ideal for the man who packs and carries, requiring a complete cooking outfit at a minimum weight.

FOR LARGE OR SMALL FAMILY.

SEAMLESS ALUMINUM CANTEEN OR WATER BOTTLE—1 Quart Capacity

Bright natural finish. Welded to prevent leaking. Stopper attached to neck of canteen with sturdy rust proof chain, and equipped with replaceable, heavy, rubber washer. Furnished with a removable khaki bag, with heavy felt liner and adjustable shoulder strap. Contents kept cool by dipping canteen with jacket in water after filling. The evaporation of the water from the jacket keeps the outside heat from coming in contact with the body of the canteen, thereby keep the contents cool.

No. 13348 Price each \$2.00

CAMP COOKING OUTFIT 4 Person—Moderately Priced

Sturdy camp cooking outfit, fills many needs, fine for week-end trips, overnight hikes, transcontinental tours, family picnics—for all types of camp cookery, compact, complete with canvas carrying bag with strap, moderately priced.

This set contains the following pieces:

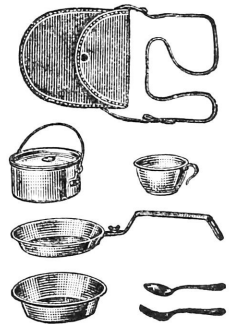

- 1—6-qt. Kettle, with bail handle and cover.
- 1—4-qt. Kettle, with bail handle and cover.

GENUINE PRIMUS STOVE

With Combination Roarer and Silent Burner—Take Down, Packs in Small Space

For tourists and travellers who enjoy outdoor life, the Primus Stove has become an indispensable article of equipment.

In order to satisfy a steadily increasing demand for a fine stove suitable for travelling and camping out purposes, the Primus Company have constructed a special stove, shown above, which can be taken to pieces to make the stove as convenient and easily carried as possible.

It is provided with burners of a specially simple and solid construction, and can be made to roar or to burn silently according to wish. The burners consist of a simple, straight vaporizing tube, and a brass gauze which is placed within the tube, the object of which is to catch any impurities that may happen to be in the gasoline or coal oil. This gauze can easily be taken out to be cleaned. All the parts can be taken to pieces and can easily be replaced by new ones when necessary. They are carried in stock or can be procured quickly for you at all times.

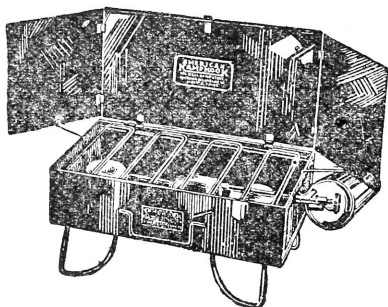

This stove is packed in cardboard box complete with top ring, burner plate, silencer, Primus lighter, wrench, cleaning needles, tank plug to prevent gasoline from draining

from tank when stove is taken down for carrying. Made of solid brass, highly polished, except legs, which are made of galvanized steel rod.

Tank holds about 2 pints, sufficient fuel for about five hours burning with normal flame. Full height when set up 8", width about 7". Size when packed, 3 3/4 x 8 x 8 inches.

- No. **13402** Price each **\$4.25** No. **13406**—Cleaning Needles .. Package of 3 **.15**
 No. **13407**—Vaporizing tube or generator with brass gauze strainer **.75**

KAMPKOOK STOVES

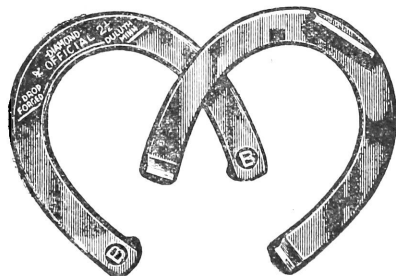

Instantaneous lighting, two burners, steel grate hinged to case; folding adjustable windshield. Tank holds one quart gasoline, three hours supply for both burners, built-in air pump. This is a small and compact model, very popular with campers who like to "travel light." Olive drab enamel finish, tank in red lacquer. Cooking surface is 10x17 1/2"; stove folds to 3 1/2 x 10 x 17 1/2". Weight, 11 lbs.

- No. **13425** Price, each **\$8.50**

For larger size Kampkook Stoves write for illustrated folder and prices.

HORSESHOE PITCHING QUILTS

A great sport spreading in popularity throughout Canada. Specially adaptable for summer resorts, hotels and camps. Made of drop forged steel, 2 lb. 8 oz. each, official weight. Supplied in sets of four, two painted aluminum and two painted

gold. Complete in box.

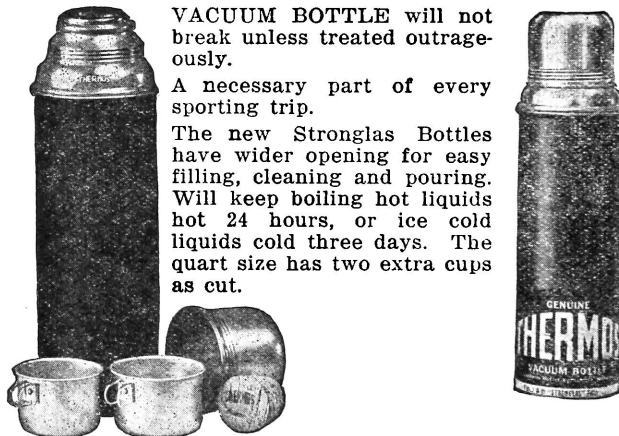

- No. **13675** Per set of 4 **\$2.25**

THERMOS STRONGLAS

VACUUM BOTTLE will not break unless treated outrageously.

A necessary part of every sporting trip.

The new Stronglas Bottles have wider opening for easy filling, cleaning and pouring. Will keep boiling hot liquids hot 24 hours, or ice cold liquids cold three days. The quart size has two extra cups as cut.

The Thermos Stronglas Bottles, as illustrated, in two sizes.

- No. **13366**—One and Half Pint size bottle, with black japanned case and large aluminum cup Each **\$2.50**
 No. **13367**—One Quart size bottle, same model, with three aluminum cups, as illustrated Each **\$3.00**

NEW ALADDIN SANI-SEALD THERMAL JAR

At New Low Price

The Aladdin Sani-Seald Thermal Jar answers the need for a large capacity food and liquid thermal container in a far greater degree than represented by its price. Not a single feature that goes to make a substantial, long-lived Jar has been overlooked.

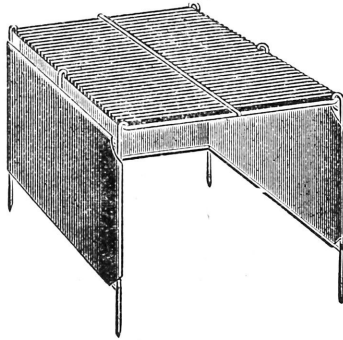

The Aladdin San-Seald Thermal Jar is of one-gallon capacity; has hand-size opening; vitrified porcelain-like white-glazed container. Famous patented Aladdin neck-seal joining inner and outer jacket of lead-coated steel forms a permanent leak proof and germ proof union between them. Unusually high in efficiency.

Has sanitary glass stopper and heavy, full-size polished aluminum cup-cap.

- No. **13371** Price, each **\$4.25**

NORTHLAND CAMP STOVE

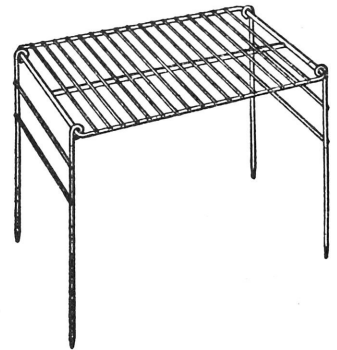

The Northland Camp Stove consists of the Camp Grid and has sheet metal Windshields attached on three sides. It is durably built and exceptionally well reinforced throughout. It meets every demand of any outdoor camp stove built. The "Nugget" Detachable Oven can be used with this stove. Built in one size and finish only. Size—12x20 inches, Lacquered finish.

No. 13453 \$3.00

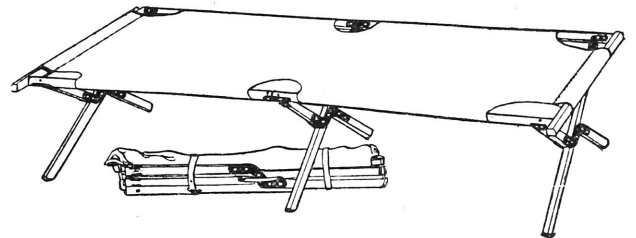

A. L. & W. WIRE GRIDS

Made throughout of the best steel wire and reinforced with steel bars, making it rigid and preventing the cross wires from being warped by heat. All joints are electrically welded, making Grid same as one piece, hence capable of resisting strains over the entire surface. Made in two sizes.

No. 13450—Size 10x14 ins.Price each \$0.75
 No. 13450—Size 13x21 1/2 ins.Price each \$1.00

A. L. & W. FOLDING CAMP COT

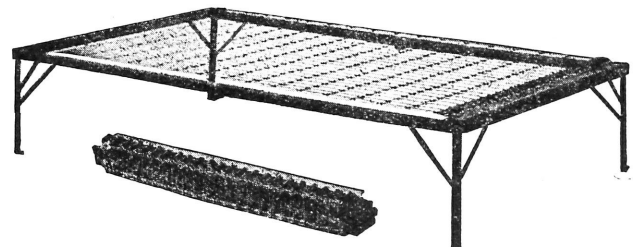

The A. L. & W. Cot is the result of an endeavor to meet the demand for a popular priced serviceable cot. It is designed after the well known army cot and in its construction only substantial materials are used. The frame is of hardwood, the steel plates are extra strong, and the cover is made of strong canvas. This cot is serviceable for touring, camping and around the home. It is 6 feet 4 inches long, 25 inches wide, and 15 inches high. Weight 15 pounds.

No. 13500 Price each \$3.85

CAMP MATTRESSES — See Page 48

RACINE FOLDING DOUBLE STEEL BED

This bed is unusually comfortable, rugged, light in weight, yet folds very easily and compactly. The frame is made of special steel handsomely finished in black enamel. Furnished with a non-rust indestructible steel fabricated spring top with 23 helical springs at each end. The legs of this bed fold inside of the side rails and are thoroughly supported with strong braces which are extremely simple in operation yet lock securely and insure great rigidity. When open, this bed is full length and full width, measuring 76 in. long, 48 in. wide and 16 in. high. The bed folds quickly and easily without a single loose part.

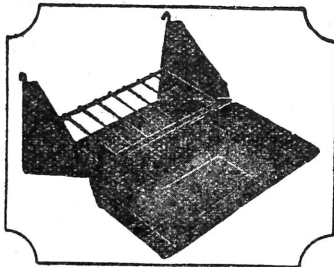

Specifications—

Size—Opened—76 inches by 48 inches by 16 inches.
 Size—Closed—48 inches by 4 1/2 inches by 4 1/2 inches.
 Weight—Only 39 pounds.
 Packed in convenient carton.

No. 13508 Price each \$14.50

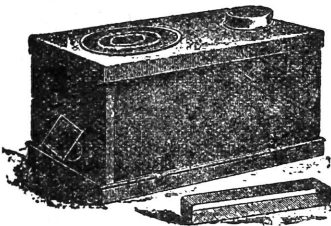

THE NUGGET OVEN

Detachable and folding. Any camp baking can be done with this oven; baking potatoes, corn, bread, etc. Complete with oven baking pan. Size when folded 8x14 ins. long, 1 1/4" deep. For use with Northland Stove.

Cat Shows Knocked Down Stove

Wood's Arctic Eiderdown Robe

WOOD'S ARCTIC ROBE

Is proof against ice, snow and cold? Relaxed in every muscle, toasty warmth to the tips of your toes, you may sleep through winter's fiercest blizzard on an open porch while you dream of blue skies, droning bees and June roses. Protected adequately against every emergency of cold and dampness, go out under the frosty winter stars and let the ozone put new color in your cheeks.

Here are warmth, lightness, automatic ventilation and perfect dryness, every quality you need in a protective robe for camping trips, automobiling, canoeing or home use.

Wood's Robes have proved a boon to the Royal Northwest Mounted Police, Hudson Bay trappers and Arctic big-game hunters as well as United States and Canadian Government forest survey forces. Now let them point the way to winter health in outdoor life for you.

GENUINE HUDSON'S BAY POINT BLANKETS

Have now a world-wide reputation and are acknowledged to be the best blankets made.

"For the Home and the Hunt."

"For Service-Value, They Are Unparalleled"

Justly famous for generations as the favorite of the hunter, tourist, trapper, surveyor, prospector and explorer—Hudson's Bay Point Blankets have also won a new reputation as blankets for the Home. There is a size for every bed, a range of attractive colorings to satisfy almost any requirement. Only the sizes and colors vary; the same traditionally good quality is found in every Hudson's Bay Point Blanket. They turn the wind and the wet almost like a waterproof. They do not soak up moisture. They wash well. They give a lifetime's service. The traveller in the far Northland finds Hudson's Bay Point Blankets best for his bed of spruce boughs and the well-equipped camper prefers them for his cot. Now the city dweller has them for the sleeping porch. Many who sleep with open windows even in winter time would not be without the comfort of Hudson's Bay Point Blankets in the Bedroom. Every home should have one or more pairs. There are some "counterfeits." None is genuine without the company's trademark. "The Seal of Quality."

AIRO CAMP MATTRESSES

Now Made in Canada

THE AIRO TUFTED CONSTRUCTION AIR MATTRESS

Camp comfort depends chiefly on a good bed—and a good bed depends chiefly on the mattress. You can now have perfect rest and sleep in any camp—in any climate—in any cot or on the ground—if you have an AIRO camping mattress. Cot not necessary.

Here is the approved solution to camping's biggest problem. Here is a mattress light in weight and easily carried, wonderfully soft and comfortable, that guarantees you a dry, warm bed and a good night's rest—any time and anywhere.

No. **13805**—26½ x 74Price each **\$20.00**

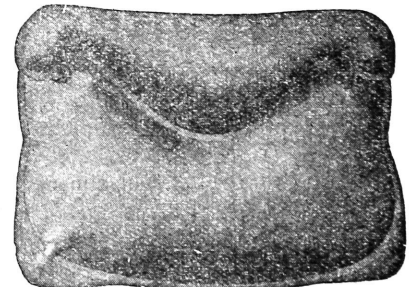

SLEEPWELL CAMP MATTRESSES

SLEEP-WELLS are built of the same material, same rubberized khaki cloth as AIRO mattresses; however, SLEEP-WELLS have no bridgework nor air cells, but perpendicular rubber partitions only, thus costing less to make. The partitions are not sewed nor cemented to the top and bottom, but the mattress is made by the same process as the AIRO mattress—cured in the open steam—vulcanized throughout into one piece.

No. **13812**—Regular mattress 25x73". Price ea. **\$16.00**

SLEEPESY PILLOW

Now comes the Sleepesy pillow, as full of comfort as a pillow can be; durable, desirable and comfortable beyond words; when inflated measures 10x16 ins., and comes in fine khaki olive jean. PALMER'S SKOWHEGAN PASTE

Care of Footwear.

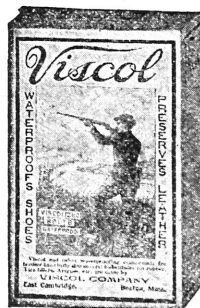

Never place your footwear, especially oil tan, too near the fire, as the heat will quickly burn the life out of the leather. To keep your footwear soft and pliable, clean and dry slowly. After drying give a good application of oil or grease. This, besides softening, helps to make your footwear waterproof.

Our Skowhegan Waterproof Paste can't be equalled for this purpose, as it is a scientific preparation and a real leather food. Good for all leather goods. Put up in neat 5 oz. tins with full directions.

No. **14120**Price per tin **.25**

VISCOL

Will preserve any leather, perfect for waterproofing outing boots, ideal for keeping leather of any kind soft and pliable.

SUMMER WEIGHT
COAT**

Waterproof Khaki Duck Hunting Coat of Medium price. Split sleeves with buttons, corduroy collar, two very large outside patch pockets with flaps. Breast pocket with watch pocket with flaps. Inside are two game pockets, ventilated arm pits with gusset. This is not only a sportsman's coat but is a good general purpose coat for outdoor wear. Waterproof, strong and durable. Sizes 36 to 48.

No. **14202**Price each **\$5.85**

DUXBAK OUTING CLOTHING

**PAKBAK—THE NEW
HUNTING COAT**

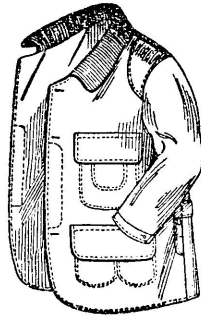

The Pakbak Hunting Coat is an improved Duxbak Coat; and that places Pakbak in a class by itself.

The patented Pakbak pocket is so constructed that, when not in use, it snaps down flat to the bottom of the coat. You hardly know it is there. But, when you need it, just pull out the snaps and what a pocket you have. Neither bulk or weight will interfere with your comfort or arm action; it is carried just like pack sack, plenty of pockets, water and wind-proof. Exceedingly practical and comfortable coat.

No. **14418**—Sizes 38 to 48Price each **\$14.00**

**CANADIAN
DUCK SHOOTER'S COAT**

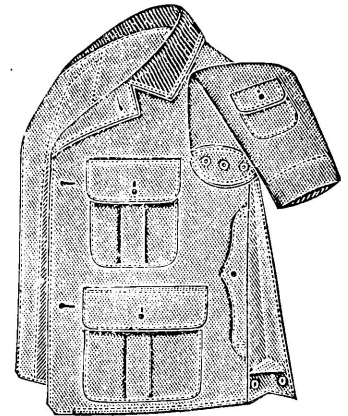

Ideal Sportsman's Coat, waterproof and cut extra large. Body and top sleeve lined with same waterproof material. Corduroy collar, also open corduroy cuffs with two buttons. A. L. & W. SKI HARNESS and FITTINGS

ALPINA BINDING

Alpina Binding (harness) is the perfect adjustable harness. By means of the screws the toe irons can easily be adjusted to fit other boots without drilling new holes. This harness allows you to kneel down comfortably without pressing the toes. The toe irons guarantee safe guidance, which has not been attained by any other harness, is unbreakable, with specially strong screws. No wear and tear on the straps, the patent tightening lever never opens by itself. It is very easy to get the harness on and off. Used by many ski champions, and the best skiers everywhere. Alpina Harness is sold complete with plate covering screws in toe iron, padded metal footplates, screws, tacks and instructions.

No. **15443**—Ladies Price, pair **\$6.75**
 No. **15442**—Men's Price, pair **6.75**

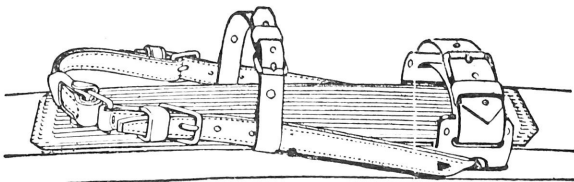

A. L. & W. PERFECT SKI HARNESS FOR CHILDREN

A. L. & W. Perfection Harness for children is absolutely correct in style and construction. It allows the children to use any kind of footwear, and at the same time gives the user absolute control of the skis; the base plate is made of Bulldog sole leather, 2 1/4 x 10 inches, with black harness leather straps and fittings. Sold complete with toe straps, and brass screws, for attaching. Adjustable, will fit any child 3 to 16 years.

Professional Model Ski Pole, same general specifications as pole above except this style has sewn on leather handle as Amstutz Pole shown above.

No. **15398** Price, per pair **\$3.50**

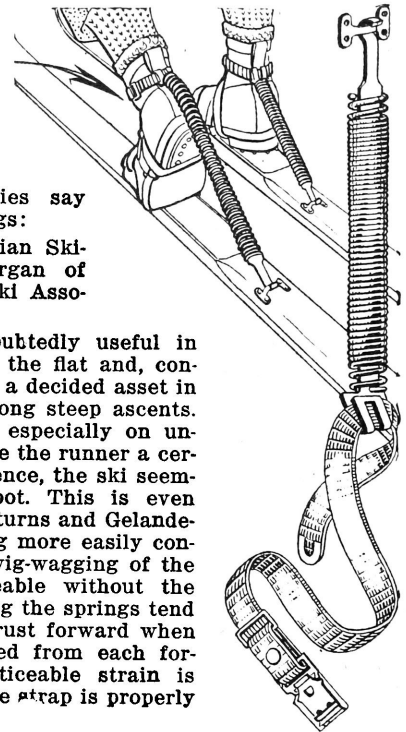

**SKI SPRINGS
"AMSTUTZ"**

An added pleasure to those who enjoy the sport of Ski-ing.

Read what authorities say about Amstutz Springs:

(Taken from "Canadian Skiing"—the Official Organ of Canadian Amateur Ski Association, 1931.)

"Springs are undoubtedly useful in downhill running, on the flat and, contrary to expectations, a decided asset in climbing, except on long steep ascents. In downhill running, especially on uneven ground, they give the runner a certain feeling of confidence, the ski seeming a part of the foot. This is even more evident in jump-turns and Gelandesprungs, the ski being more easily controlled without any wig-wagging of the back ends so noticeable without the springs. In flat running the springs tend to give the foot a thrust forward when the weight is released from each forward stride. No noticeable strain is felt on the ankle if the strap is properly adjusted"

No. **15800**—Complete with web straps fitted with patent buckles. All necessary fittings, screws and directions.

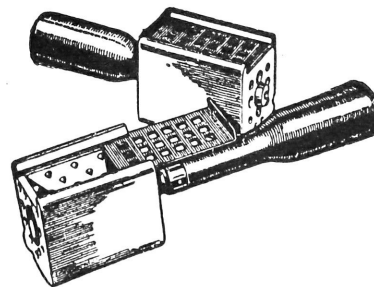

Price, per pair **\$3.50**

A. L. & W. SKI CLAMPS

A Complete Set of Clamps, consisting of block for the arch, adjustable spreader for the toe, clamps with thumb nuts for toe and heel of skis. They are easily put on or removed and will keep the skis in shape and prevent warping.

THIS YEAR'S GREAT SENSATION!

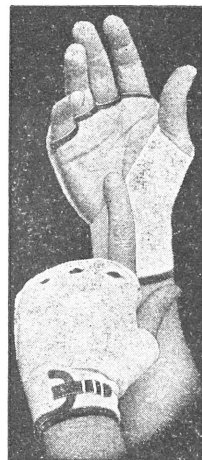

SPORTSMAN'S GLOVE

for the

GOLFER — HUNTER — TRAPSHOOTER

No more stiff fingers and freezing hands. Keeps wrists and backs of hands warm (where blood runs close to surface) and fingers will take care of themselves. True-grip gloves cover no part of hands which come in contact with Gun or Golf Club but cover all parts not needed for the grip. They cannot bind or bulk and cannot change the grip. Two sizes—small and large—one for men, one for women. Made of fine quality genuine grain leather, lined with Scotch fleece, that keeps out the cold and keeps in the warmth. Every Sportsman or Golfer should own a pair. They are just as essential as a windbreaker. A boon to all who play outdoors.

Per pair **\$2.50**
