Upon a careful analysis of the Receipts and Expenditure as compared with the estimates of the year the reason or cause of this deficiency will at once be apparent. The estimated revenue was increased considerably beyond what was realized, and on the other hand the estimated expenditure was made lower than it should have been, whilst frequently during the year certain appropriations were sanctioned by the Council without any provision having been made therefor, thereby creating a deficiency of \$41,107 90 as shewn above, which will have to be provided for during the current year.

The Chamberlain also begs to submit statements of the various Special Fund Accounts of the Corporation, shewing the amount at the credit of each fund on the 31st December, 1863, as follows:—

| | |
|-------------------------------------|--------------|
| Sinking Funds | \$150,999 68 |
| Public Walks and Gardens Fund... | 4,243 57 |
| Jail and Industrial Farm Fund | 3,545 34 |

The amount at credit of the Sinking Fund Accounts is applicable to the reduction of the Debenture Debt of the City, a statement shewing the position of which on the 31st December, 1863, is hereto annexed.

Respectfully submitted.

A. T. McCORD,

Chamberlain.

CHAMBERLAIN'S OFFICE,
Toronto, April 17, 1864.

No. 53.

TO THE COUNCIL OF THE CORPORATION OF THE CITY OF TORONTO.

AUDITORS' REPORT.

73. The undersigned respectfully report that they have completed their Audit of the City Accounts for the past year.

That in the course of said Audit they have not only gone carefully through every transaction, with its accompanying voucher, in the Day Book, Cash Book, Journal and Ledgers, kept in the Chamberlain's Office, but they have further audited in detail the Returns of the Inspector of Tavern and Shop Licences, and the Books of the Inspector of other Licences, also of the Police Clerk, Weigh Master and of the several Collectors of Taxes and Sewer Rates.

As regards the Returns submitted by the Inspector of Tavern and Shop Licences, it appears by a comparison with the "Certificate Receipts," in the Chamberlain's Office, that 183 Tavern Licences were issued, whereas 181 is the number limited by law. The Shop Licences (125) were verified by a like comparison, so that these two items have been regularly audited, but as regards certain Irregular Licences, termed "Testimonials of Qualification," the same were audited only so far as they could be done from the Inspector's own statements. 55 of such Licences were issued, realizing with interest on Deposits in Bank \$2754, of which sum \$2000 has been paid over to the Chamberlain, as shewn in the Statement of Receipts for 1863. The balance \$754 has been paid into Bank by the Inspector, and placed to the credit of the Commissioners, who have recently transferred it to the credit of the Chamberlain.

A Return of 12 Licence Transfers paid to the Inspector has also been audited, so far as the same could be done from his own statement, but the sum of \$60 received therefor has not been paid over to the Chamberlain, it being claimed by the Inspector as a perquisite sanctioned, as he alleges, by the Commissioners.

For the better information of the Council and Ratepayers, the undersigned report herewith, compiled from the Chamberlain's Books, and duly audited, the following statements, viz. :—

1st. An abstract of Receipts and Expenditure for 1863. 2nd. A general statement in extensive detail of all particulars of said Receipts and Expenditure. And 3rd. Statements shewing the Debt of the City at 31st December, 1863; the position of the Sinking Fund at the same date, and the Jail and Industrial Farm Fund, also the Public Walks and Gardens' Fund, December 31st, 1863.

These statements have been prepared with great labor and care in the Chamberlain's Office, and reflect great credit on the Book-keeper. They are so plain and so comprehensive as to require no explanation from the Auditors to enable the Citizens properly to understand the Financial affairs of the City.

In conclusion the undersigned feel it to be their duty to direct the attention of the Council to the fact that the excess of Expenditure over Estimated Receipts in 1863, appears to be upwards of \$40,000.

Respectfully submitted.
