## THE TREASURER'S REPORT.

*To the Members of the Board of Trade of the City of Toronto.*

GENTLEMEN,—In presenting my annual statement of the financial affairs of the Board on the 31st December, 1887, I cannot help congratulating you on its healthy condition, and the financial and numerical strength it has gained during the past year.

Our year's income has been derived from the following sources, viz:—

|                                                                         |             |
|-------------------------------------------------------------------------|-------------|
| Members' annual subscriptions .....                                     | \$ 9,135 00 |
| Entrance fees of six members @ \$100 .....                              | 600 00      |
| Rents for use of Rooms.....                                             | 192 50      |
| Transfer fees.....                                                      | 69 00       |
| Sales of Statistical Reports.....                                       | 30 50       |
| Interest on Bank deposits .....                                         | 247 35      |
|                                                                         | <hr/>       |
| Making in all .....                                                     | \$10,274 35 |
| Our expenses have amounted to .....                                     | \$5,973 04  |
|                                                                         | <hr/>       |
| Leaving the sum of.....                                                 | \$4,301 31  |
| To be carried forward. This added to the .....                          | 2,794 47    |
|                                                                         | <hr/>       |
| At your credit at the beginning of the year, gives, now<br>in hand..... | \$7,095 78  |
|                                                                         | <hr/>       |

### REVENUE.

| Balance of this year's income<br>over expenditure.....                                                                    | 4 301 31 |             |
|                                                                                                                           | <hr/>    | \$10,274 35 |

During the year 6 new certificates were issued, and 69 transfers effected.

The membership now numbers 915, including one life member.

Of the above number EIGHT HUNDRED AND SIX MEMBERS have taken advantage of the Gratuity Scheme.

We lost eight members by death during the year.

Respectfully submitted,

GEO. MACLEAN ROSE,

*Treasurer.*

TORONTO, January, 1888.

WE CERTIFY that we have audited the above Report, and checked the various items with the Books and Vouchers of the Treasurer of the Board of Trade of the City of Toronto, and find it to be correct.

The Books and Accounts have been carefully and accurately kept.

(Signed) E. R. C. CLARKSON, F. C. A.  
WM. POWIS, F. C. A.

TORONTO, 27th January, 1888.

*Auditors.*

# TORONTO BOARD OF TRADE.

---

## PRESIDENT'S ADDRESS, 1887.

---

Following the custom established by my predecessors, of presenting you with a President's annual address, I propose to refer as briefly as possible to topics which should interest us, not only as members of the Board of Trade of this city, but also as residents of the Dominion of Canada.

Although the year which has just closed has not been one of universal prosperity to Canadians, still in some of the Provinces prospects are brighter than they have been for several seasons. In this connection, Manitoba and the North-West may be mentioned as notable instances where abundant crops have resulted in a more hopeful feeling throughout the country generally. Two or three more years such as the last cannot fail to enhance its character as a most attractive country for immigrants to settle in.

### GRAIN AND FLOUR.

Owing to the extremely dry weather last summer, the crops in Ontario have not proved satisfactory. In many sections wheat was a failure, in others it was better, while in a few places it was a fair crop and of good quality. Barley, although not up to the average of former years in quantity, was of superior quality, and consequently commanded good prices. All the other kinds of grain suffered more or less from the drought, as did dairy products also.

The year 1887 opened with fair prospects for the grain trade, and continued so until the collapse of the Chicago wheat ring, in June, followed by that of the California ring shortly afterwards, the effect being that prices receded until about the end of August, when wheat and flour, I am told, touched the lowest price ever recorded in the history of the trade. About this time the deficiency in the crops, both here and in the United States, began to have effect, and ever since prices have been advancing, thus affording fair profit to the handlers; so that, on the whole, the year just closed should be a good one for those grain and flour merchants who have acted prudently.

The millers of Ontario may be congratulated in that the bounteous crop of the North-West has enabled them to supplement the shortage of this Province, so that they have been able to keep their mills moving, and thus bring the season's operations to a more satisfactory close than would otherwise have been the case.

#### MANUFACTURES.

The manufacturing interests of the Province appear to be in a fairly prosperous condition. There has been over-production in some branches, with the inevitable consequences of unremunerative prices. While no one likes better to see industries of a useful character commenced in our country, I would caution persons starting new factories to consider well whether or not there is room for them before carrying out their intentions.

#### LUMBER AND TIMBER.

Amongst the most important productions of the country are its timber and lumber, and I have noticed that whenever business in these is in a prosperous condition, others are so as well. I am informed that the past season has not been all that could be desired, but, if the recent sales of limits is any indication, prospects for the future must be very good. The prices for which these limits sold were the highest ever paid, the sum realized for a comparatively small area aggregating considerably over a million dollars.

The carpenters' strike, which occurred last summer, had a very injurious effect on the local lumber trade. It checked building operations, and lessened the demand for lumber. It is to be deplored that these strikes should so frequently occur, and how much better it would be for all parties were they prevented. Arbitration, it appears to me, is the only remedy for an evil, the injurious effects of which extend far beyond those who are immediately concerned. This Board would be doing a noble work if it could arrange some plan by which differences between employers and their employees could be reconciled without appeal to this extremity.

#### DRY GOODS.

In this important branch of trade, it is generally conceded that much derangement has arisen from excessive importations, and all that is implied in this policy. The forcing of dry goods upon the retailer at the smallest margin of profit, nay, often the throwing of large quantities upon

the market at less than cost, enhances, if it does not originate, the evils of excessive crediting, dating forward and over-lapping of credit. The remedy lies, it seems to me, in lessening imports, so as to proportion them to the consumptive needs of the country. This done, a reasonable profit may be secured upon the business transacted.

Another point I would emphasize in this connection. Toronto dry goods houses now do business with the Maritime Provinces, with Manitoba, and even British Columbia. This is, of course, highly creditable to the enterprise of our citizens, but the remoteness of these fields, the impossibility of gauging their normal requirements by personal visits, and the tendency of merchants in new communities to overdo purchases, should all induce care in the opening of accounts and the granting of credits.

Our houses, as a rule, there is reason to believe, are both prudent and responsible; and, while rivalry is keen, there is not, I am happy to think, any such foolish unfriendliness as would prevent frank consultation between Toronto merchants, or even with those of other cities, for the common good. With friendly conference and united action, aimed to cure such evils as I have suggested, there can be no doubt that the prosperity of this extensive branch of trade of the country will be greatly enlarged.

#### GROCERIES.

The business in groceries for the year just closed was a fair average, both as regards volume and profits. Sugars, which constitute a large proportion of the trade, have been advancing in value in the markets of the world during the year, and thus it has been possible to secure some profit on an article which is usually sold at about cost, or, as frequently occurs, under cost. Wholesale grocers happily do not have to contend with the difficulty of long credits, as do their brother merchants who deal in dry goods, but nevertheless they and other branches of business sometimes suffer from its consequences. It too often happens that when the crash comes the stock of an insolvent consists chiefly of an overload of dry goods, much of which is old and unsalable, and which the party was induced by the long credit system to purchase. The danger of overstocking is not so great or so serious in groceries as in other branches, but there still lurks the temptation to import more goods than the circumstances warrant. If merchants will take the trouble of looking back on their business for some years, I am satisfied they will convince themselves that the most money has been made in years when less rather than more than supposed requirements were imported.

## HARDWARE.

So far as I can ascertain the hardware trade has been very good lately. Steady advance in the value of iron has made the business more remunerative than usual. I am informed that payments are being fairly well made, and prospects for the present year appear to be excellent.

## PAYMENTS.

Payments during the year have been well maintained. I am aware that this must be the result of very energetic effort on the part of those who had engagements to meet, for the shortage of the cereal crops must have made money scarce throughout the rural districts.

Some traders are always behind in their payments, and these are they who take advantage of any pressure or of any exceptional circumstance, as an excuse for not meeting their engagements, but I am happy to think that this class of dealer is every day becoming less numerous.

## BANKING.

Although the past year has been unfortunately marked by two bank suspensions, this branch of business has in some respects been better than usual. A more active demand for money has enabled the banks to procure higher rates of interest. During the autumn there were appearances of possible stringency in the money market, but an easier feeling has since prevailed. Money is again cheaper in London, the great financial centre, and there is now every likelihood it will be still lower as the present year advances.

Our banks generally are in a healthy condition. Unfortunately the recent suspension of the Central Bank, brought about by reckless mismanagement, has had a disturbing influence, and institutions well conducted and perfectly sound have suffered undeservedly in consequence.

It is to be hoped that no attempt will be made for some time to come to establish new banks, those at present in existence being fully sufficient for the requirements of the country for many years.

## INSURANCE.

There are few things of more importance to merchants than the question of insurance. They have ample means of securing themselves against losses by fire, but so far they lack the means of knowing whether or not

their customers are insured, and they may therefore themselves be thus carrying risks which they never contemplated.

About two years ago an attempt was made to adopt some plan by which wholesale merchants could be informed of the extent to which their customers were insured. A committee of this Board was appointed to meet a committee of the Underwriters' Association and considerable discussion was had. The commercial agencies were willing to do all in their power to carry to successful operation any plan that might be agreed upon. An arrangement was proposed, which I believe would have been satisfactory and quite workable, but I regret much that the insurance companies did not appear to approve of it. No really conclusive reply to the proposition made has yet been given by the insurance companies, and I would suggest that the new Council name a small committee from among themselves whose duty it should be to again take this question up, and have further conference with the Board of Underwriters, a meeting of which body will, I understand, be held in Toronto next March. It is of vast importance, not only to the wholesale merchants, but also the retail traders themselves, that they should carry a proper amount of insurance.

#### INSOLVENCY.

In his address last year, my predecessor, Mr. Darling, made special reference to the subject of insolvency, but no Insolvency Act for the Dominion has yet been passed. This Province is tolerably well provided for by the Ontario Act governing the distribution of Insolvent debtors, estates, but a Dominion Act will alone supply what is yet wanted, viz.: a measure by which those who are insolvent can be compelled to assign, and that to assignees who would have the confidence of their creditors. At present many of our merchants do business in nearly all parts of the Dominion, but if a debtor becomes insolvent who does not reside in Ontario, they find that they are under a totally different law in other Provinces, and frequently they are at the mercy of traders who are either unscrupulous or thoroughly dishonest. I trust that at the approaching session of the Dominion Parliament insolvency legislation will be taken up, and comprehensive and practical bill passed. This Board should, however, carefully watch such legislation and do their utmost to prevent objectionable clauses being introduced into the bill. I should be glad to see the power of discharge left in the hands of creditors or as nearly so as possible. Debtors who are unsuccessful in business, and who act honest-

ly, need have no fears that they will not at a proper time get a discharge from their creditors.

## MUNICIPAL MATTERS.

The health of Toronto has been very good during the past year, and it is the duty of all parties to do their utmost that it so should continue. Proper drainage and ventilation, with full supervision over the sanitary arrangements of all houses, will help greatly in maintaining the healthy condition of our city. I am pleased to observe that Sanitary Inspectors have been appointed for the municipality, and if these important officials will only do their duty without fear or favor, good results may be expected to follow.

It was unfortunate that before the By-law provided for the construction of trunk sewers was submitted to the citizens at the recent elections, the drainage scheme was not put in a more intelligible form. Had this been done, and had it been of such a nature as would have commended it to the people's judgment, I believe it would have carried. Very probably what defeated the measure was fear of reckless expenditure for something that would not serve the purpose intended.

The like distrust caused the defeat of the By-law to provide for an improved water supply. This is a matter of grave importance to all in the city, but especially is it of serious import to merchants and manufacturers, who are compelled to trust to a plentiful supply of water for their protection against fire. One has only to read what our new Mayor says on the subject in his message, to see in what peril we stand. At the present moment, were the larger of the two engines now at work to meet with a serious accident, a water famine would almost inevitably result. The only perfect safeguard would be in procuring by gravitation a supply of water from Lake Simcoe. If this could be done at reasonable cost, I believe it would be a saving of expense in the end. I would suggest that this Board memorialise the City Council to have put in the estimates for the current year a sufficient sum to cover the cost of a survey, and of estimates of what the cost of such a work would be. In the meantime, however, something should be done towards placing the city in a more secure position as regards its water supply. The details of what is necessary may be safely left in the hands of the City Council, but I think that it is quite within the province of this Board to say to the Council that if a carefully considered statement of what is necessary to afford an ample supply of good water is again prepared, and a By-law

submitted, it would render every possible assistance in having such a By-law carried.

The subject of the proposed new court house having been considered by this Board some time since, and action taken by it to prevent too lavish expenditure on the building, I may be allowed to refer to the matter, and express the hope that our City Council will not be tempted to commence the work without having first ascertained what the ultimate cost will be, and that the cost will be kept within reasonable bounds. I feel quite sure that the members of this Board wish to see handsome buildings erected that would be a credit to the city, and which would furnish ample accommodation, but I also consider this may be done without incurring the charge of extravagance.

#### THE BOARD.

Coming to matters more closely relating to our own immediate concerns, I am happy to be able to report the continued prosperity of the Board, and the interest taken in its affairs by the members. I intend leaving all statistics to be submitted by our Secretary, and will only notice generally circumstances of interest. Changes in our membership are constantly occurring, but there is a steady, active demand for the places of those who, from one cause or the other, wish to retire. There were those who prophesied that ere this our membership would begin to fall off, but I am pleased to say they have been disappointed, as reference to the Secretary's report will show that, notwithstanding the adoption of an entrance fee of \$100.00, the membership has increased during the past year. There is not up to the present moment any lack of interest in the concerns of the Board, but on the contrary such interest appears every day to increase; and if we can only accomplish the acquiring of a local habitation of our own, I fully believe that our success will be perfectly established.

A large amount of business has been transacted by the Council of the Board during the year, and I have at every gathering been struck with the energy and intelligence shown by members in approaching the various matters with which they have had to deal. I have also been surprised to notice how cheerfully time so valuable to all, was given to the concerns of the Board, and how regular the attendance at the meetings has been. I cannot recall a single instance during my term of office when the Council had to adjourn for want of a quorum, and the attendance was generally very full.

The Board of Arbitration has also been doing good work during the year; many matters which would have otherwise involved costly and protracted litigation have been settled in a short time, and at smallest expense. Further, I would observe arbitration always tends towards better feeling between members of the Board. Disputes being settled promptly, there is not time for bitterness of feeling to become intensified as it would be in the case of litigation.

Unfortunately the discipline of the Board had in one instance to be severely exercised, but even this will probably result in good. The integrity of the Board has been vindicated, and members are now well aware that transactions of a doubtful character will not be tolerated.

#### COMMERCIAL UNION.

There was a meeting of the Board in May last for the purpose of discussing Commercial Union with the United States, a subject then occupying a good deal of public attention. Throughout the debate, the attendance was large and great interest manifested. No decision having been reached on the first meeting, the meeting adjourned from time to time, until finally the following resolution was adopted unanimously:

Moved by Mr. J. Macdonald, seconded by Mr. D. R. Wilkie:

"That this Board desires to place on record the conviction that the largest possible freedom of commercial intercourse between our own country and the United States, compatible with our relation to Great Britain, is desirable."

"That this Board will do everything in its power to bring about the consummation of such a result."

"That in its estimation no treaty which ignored any of the interests of our own country, or which gave undue prominence to any one to the neglect or to the injury of any other is one that could be entertained."

"That in our agricultural, mineral, manufacturing, and our diversified mercantile interests, in our fisheries, forests, and other products, we possess in a rare and in an extraordinary degree all the elements which go to make a people great, prosperous, and self-reliant."

"That these are fitting inducements to any nation to render reciprocity with Canada a thing to be desired, and such as should secure for us a reciprocal treaty with the United States of the broadest and most generous character which, while fully recognizing these conditions, would contain guarantees which would prove of mutual and abiding advantage to both nations; but that this Board cannot entertain any proposal which

would place Great Britain at any disadvantage as compared with the United States, or which would tend in any measure, however small, to weaken the bonds which bind us to the Empire."

#### PROPERTY.

Much delay was experienced in procuring a title to the American Hotel property, intended as a site for a Board of Trade building, but all was finally completed in November last, and it now actually belongs to the Board. It only remains to adopt some plan by which an edifice worthy of this important body will be erected on the site. I have no doubt but that, if properly managed, arrangements could be made for the erection thereon of a building which would give a good return for the investment, besides providing handsome and convenient premises for the Board itself. What I would recommend is that the new Council be instructed to name from the Board generally a committee of gentlemen who would be likely to interest themselves in the matter, and who would take charge of the whole business of managing the property, and arranging for the erection of suitable premises.

#### GRATUITY FUND.

The "Gratuity Fund" of this Board is now in successful operation, and appears to meet the expectation of its promoters fully. The number of deaths has not yet reached nearly the maximum of the estimates, being only ten since the inauguration of the system, or about the rate of 6 per annum, while the limit of assesment is 13. The reserve is steadily increasing and now amounts to over \$19,000,00. If estimated as a life assurance, the annual payments are extremely low, in fact about the minimum attainable. It is not a life assurance, however, but a benevolent provision made by the members of the Board, for the families of those of their number who it may please Providence to call from amongst them. The gratuity has already proved a blessing, and a timely help in more than one instance.

I have to congratulate the Board on its continued usefulness and prosperity. Its funds are in a healthy condition, there being a balance of cash in the Treasurer's hands amounting to over \$7,000.00, but all this and very much more will be required when arrangements for the new building are being made. The Board is growing daily as an exponent of the views, not of our own merchants alone, but of those also from other parts of the Province who have joined our ranks; and whenever the sug-

gestions or remonstrances of such a body have to be brought under the notice of either the Dominion or Local Government, they cannot fail to command that attention to which its representative character entitles it.

## BANQUET TO MR. H. W. DARLING.

Some pleasing events of a social nature which tended to relieve the routine of ordinary business, have occurred during my year of office, and in which I participated with a great deal of pleasure. The Board, appreciating the valuable services rendered by my predecessor, Mr. Henry W. Darling, proposed that such services should be recognised in some marked way, and after consideration, it was resolved that he should be invited to a banquet to be given in his honor. Mr. Darling kindly accepted the invitation, and the banquet was held in the Rossin House, on 16th February, 1887. The attendance was large, and the enthusiasm with which Mr. Darling was received, while only a just recognition of the zeal which he had thrown into his work while President of the Board, must have been gratifying to him as an indication that his services were not likely to be forgotten. During the progress of the banquet a piece of plate was presented to him, which I trust will be preserved in his family as a testimony of the estimation in which he is held.

## VISIT OF THE GOVERNOR-GENERAL.

It having come to my knowledge, early in May last, that His Excellency, Lord Lansdowne, Governor-General of Canada, was about to visit Toronto, I considered it advisable to bring the matter before the Council of the Board with the view of having His Excellency invited to visit our rooms, and his being presented by the Board with an address. He kindly accepted the invitation, and paid us a visit on the 9th of May, when it was my pleasing duty to read the address, and to introduce to him the members of our Board who had assembled in large numbers to receive him.

## ANNUAL DINNER.

The other event, and one which will mark it as a red-letter day in our history, was the inauguration of the annual Board of Trade dinner. The first of these was held in the Rossin House, on the 30th December last, and I need hardly say that it was a great success. Having ascertained that the Right Honorable Joseph Chamberlain, British Plenipotentiary to the United States on the fishery question, was at Ottawa, the guest of

Lord Lansdowne, the Secretary of the Board was sent thither with invitations to the Governor-General and Mr. Chamberlain to honor us with their company on the occasion. Unfortunately His Excellency was unable to leave Ottawa, but Mr. Chamberlain kindly accepted our invitation, and was present at our dinner. His reply to the toast of "The Commercial Interests of the Empire" will long remain fresh in the memory of those who were fortunate enough to have the opportunity of listening to it. It was an address of the highest order, brimful of eloquence, and marked business ability, and abounding in kindly expressions towards the Canadian people. It was matter of regret that the size of the room in which the dinner was held would admit of only about 350 of our members being present. Fully as many more wished to obtain tickets, but could not. Several of our members desired besides to obtain admission for friends, but it was impossible to grant the favor, as the rule, that none but members should be admitted, had to be rigorously enforced. The time within which the dinner had to be held was too short to admit of larger accommodation being provided. I hope, however, that future events of the kind will be arranged for earlier, so that a room of sufficient size to seat all those who desire to be present may be secured.

There are many other matters to which I would like to allude, but having already occupied so much of your time, I hesitate to trespass any longer. In closing this address I would be remiss in my duty were I to neglect referring to the pleasure I have experienced in presiding over this Board, and to the cordial support I have received in my capacity of President from all those connected with it. To the Vice-Presidents and Council, I am particularly indebted, and I shall always look back on this past year with pleasure as well as pride, and I shall ever remember with the kindest feelings those many friends whom I have so frequently met at our Council. Of our active Secretary I cannot speak too highly. The zeal and energy he has thrown into his office has contributed much to the great measure of success which the Board has attained and my earnest wish is that he may long be spared for those duties which he has hitherto so faithfully performed.

WM. INCE,  
*President.*

## SECRETARY'S REPORT.

TORONTO, 31st December, 1887.

GENTLEMEN,—I herewith respectfully submit a report of the official proceedings of the Board for the past year, ending 31st December, 1887.

The Exchange of the Board was open for business 306 days, and closed 59, viz., 52 Sundays, New Year's Day, Good Friday, Queen's Birthday, Dominion Day, Civic Holiday, Thanksgiving Day, Christmas Day.

During the year 515 meetings have been held, as follows:

|                                                   |    |
|---------------------------------------------------|----|
| Board meetings.....                               | 19 |
| Council meetings.....                             | 26 |
| Board of Arbitration.....                         | 14 |
| Board of Examiners in Grain.....                  | 9  |
| Board of Examiners in Flour and Meal.....         | 4  |
| Board of Examiners in Hides and Leather.....      | 2  |

| Subscribers to Gratuity Fund.....                 | 3  |
| Trustees of the Board.....                        | 2  |
| Wholesale Lumber Section.....                     | 2  |

Six members have been elected during the year qualifying by the payment of the entrance fee of \$100.00, and 69 members by the transfer to themselves of outstanding certificates of membership. Three applications for membership were refused by the Board.

Eight members have died, seven of whom were members of the Gratuity Fund, making the total number of deaths of members since its organization on the 3rd June, 1886, 10.

Eight hundred and six members out of the total of 915, are members of the Gratuity Fund, an increase of 71 since the 1st September, 1886.

Pursuant to a By-law to that effect, certificates of membership suitably engraved were issued to the members on the 16th of March, 1886. From that period up to the close of the present year, 130 certificates have been transferred. Of this number eight were those of deceased members.

For the first time in the history of the Board it has been found necessary to suspend two members for conduct unbecoming members of this corporation, and also to expel a member for a breach of the act of Incorporation and By-laws.

During the year the following amendments to the By-laws have been adopted :—

#### AMENDMENTS TO RULES.

##### (1.) ARBITRATIONS.

*Passed 25th February, 1887.*

Sub-section (1) of Section 16 repealed, and the following substituted:—

“For matters not involving pecuniary transactions, the fees to be charged in proportion to the time and trouble, and referred, if objected to, to the Council. In every arbitration case, on cause being shown to the Council, the fees of the arbitrators may be increased or decreased, as may seem to them just and reasonable.”

The following is the Sub-section repealed :—

“For matters not involving pecuniary transactions, the fees to be charged in proportion to the time and trouble, and referred, if objected to, to the Council, and on cause being shown to the satisfaction of the Council, the fees of the arbitrators may be increased as may seem to them just and reasonable.”

##### (2.) ENTRANCE FEE.

*Passed 25th February, 1887.*

#### AMENDMENT TO SECTION 2.

“An entrance fee of one hundred dollars shall be charged to all persons desiring to become members of the Board, and as soon as there shall be recorded, as issued, one thousand certificates of membership, then the entrance fee shall be two hundred dollars.”

Part of section 2 repealed as follows :—

"An entrance fee of one hundred dollars shall be charged to all persons desiring to become members of the Board after the 1st January, 1886, so far as persons residing in the city are concerned, and after the 1st February 1886, as far as relates to non residents."

(3) CALL BOARD.

*Passed 23rd July, 1887.*

That in future at the Call Board or on 'Change, or at other times, between the members, property, produce, flour, grain, meats and all other products of the soil, mine, forest, and dairy, may be bought and sold under the following rules and regulations :—

1st. All sales or contracts made for wheat hereafter, unless otherwise specified, shall be understood to be for, No 2 wheat, and on such contracts a tender of either No 2 White, No. 2 Red, No. 2 Manitoba Hard, No. 2 Spring, No. 2 Canada Hard, No. 2 Northern Spring, and higher grades of each, or a tender in part of one kind or grade, and in part of another, making the quantity required by the contract, shall be deemed sufficient, not less than one car load, unless otherwise specified. All sales of grain, when the variety or kind is named, shall be understood to be of No. 2 grade, not less than one car load, unless otherwise specified.

CLAUSE EXPUNGED.

That in future at the Call Board and also during the regular sessions on 'Change, flour, grain, and all other produce may be bought and sold for future delivery under the following rules and regulations :—

1st. All sales of grain shall be understood to be of No. 2 grade and not less than one car load, unless otherwise specified.

On the 15th April, the amended Gratuity By-laws, as approved by the subscribing members of the fund, were adopted, the leading feature of which was the limitation of age for participation in the fund to 50 years; the providing for the admission to the Board of those whose condition of health might not be satisfactory to the trustees, without participation in the fund; the providing that all liabilities in respect of the rights and interests of the Gratuity Fund shall date back and be computed from the time of the formation of the Gratuity Fund; that all memberships shall be chargeable with all assessments, also that the transfer of membership in the Board shall involve the transfer of all claim and interest in the Gratuity Fund.

Seventy-eight donations have been received for the Library, irrespective of the reports, etc., from the Dominion and Local Legislatures.

Pursuant to the instructions of the Board, the first annual dinner was inaugurated on the 30th December, 1887, and was in every way a most encouraging success.

During the year the final arrangements for the handing over to the Board of the property known as the American Hotel have been completed, and the same is now in its possession.

I am, gentlemen,

Your obedient servant,

EDGAR A. WILLS,

*Secretary.*

# Board of Trade of the City of Toronto.

## GRATUITY FUND.

### REPORT OF THE TRUSTEES.

TORONTO, July 4th, 1887.

The Trustees of the Gratuity Fund beg to present to the Council their First Annual Report and Financial Statement brought down to the 30th June, to which is appended the Certificate of the Auditor.

As a matter of record and for the information of the Board, it may be stated, that the scheme of the Gratuity Fund was submitted by the Council to a general meeting of the Board held on the 16th November, 1885, and the necessary legislation having been obtained, the By-laws giving effect thereto were adopted by the Board on the 29th June, 1886, on which date the subscription books were first opened. On the expiry of sixty days, 733 members had made subscription, and at a meeting of the subscribers held on the 3rd September, 1886, in accordance with the By-laws, the following Trustees were duly elected, viz. : Mr. D. R. Wilkie, to serve for 3 years ; Mr. Wilmot D. Matthews, to serve for 2 years ; Mr. Wm. Ince, to serve for 1 year ; the then President and Treasurer of the Board being also Trustees by virtue of their office.

At the first meeting of the Trustees, Mr. Henry W. Darling was elected Chairman, Mr. G. M. Rose, Treasurer, and Mr. Edgar A. Wills was appointed Secretary.

A vacancy in the Board of Trustees having occurred through the retirement of Mr. Darling from the position of President of the Board of Trade, in January last, and the election of Mr. Ince to that post, the remaining Trustees reappointed Mr. Darling, and were gratified at his accepting the office and continuing his aid as Chairman in administering the important affairs of the Trust.

It was scarcely to be expected that the By-laws, as originally framed, would meet all the exigencies of a somewhat new and comparatively untried scheme with us, and experience having demonstrated the importance of certain emendations, additions and amendments thereto, the subscribers were called together on the 17th March, 1887, and unanimously adopted the suggestions made by the Trustees.

The effect of these was greatly to improve the scheme and to afford much needed protection to the existing membership by prohibiting members of the Board, 50 years of age and over, from participating in the gratuity system, making provisions at the same time for admission of applicants to membership of the Board who may be over 50 years of age, or in ill health, on terms that do not operate disadvantageously to the existing subscribers to the Gratuity Fund, and are not onerous to those labouring under the disabilities mentioned.

It has afforded the Trustees much satisfaction to notice the practical unanimity and heartiness with which the members of the Board have joined the scheme, and the com-

mendable punctuality with which the various assessments have been paid, and they see no reason to doubt the ultimate success of its operation with such a measure of equity to all as to leave little ground for complaint. The gratification with which the subscribers will witness the steady accumulation of their fund, and the added average expectancy of life of the subscribers as the younger members replace those of maturer years, on the one hand, and the beneficent effect of the gratuities paid the representatives of the deceased members, on the other hand, will amply compensate them for the trifling contribution made by way of assessments from year to year.

The subscribers are respectfully referred to the accompanying tables for full information as to the assessments made, gratuities paid, expenses and balance carried forward, which are in the main what was anticipated, and should be regarded as highly satisfactory.

It will be noticed that the amount of the gratuity paid the first year varied from \$829.10 to \$864.18, and in accordance with the By-law in that behalf, the amount of gratuities will be increased the second year by \$100.00 each. The amount paid to the beneficiaries is determined by taking such proportionate part of the gratuity of each year as the subscribing membership at the time of each death bears to the full membership of the Board.

A new Trustee falls to be elected at the first annual meeting of the subscribers, in lieu of Mr. Darling, who retires by rotation.

Respectfully submitted,

|                 |             |

#### ORDER OF DISTRIBUTION OF THE GRATUITY FUND.

##### BOARD OF TRADE OF THE CITY OF TORONTO.

1. If the deceased member shall leave surviving him a widow and no children, the whole is to be payable to the widow.
2. If the deceased leave a child or children and no widow surviving, the whole is payable to such child or children in equal shares.
3. If the deceased member leave a widow and a child or children surviving, one-half shall be payable to the widow and half to the child or children in equal shares.
4. In any case under which any child or the children of a deceased member would, if surviving him, be entitled to the gratuity payable on his death or a share therein under any of the foregoing clauses, and such child or children do not survive him but leave (surviving him) more remote descendants, they shall take (in equal shares, per stirpes) the gratuity or share therein to which their parent or parents respectively, if surviving, would have been entitled.
5. If the deceased member leave no widow or children or more remote descendants surviving him, the Gratuity shall be payable :—
6. If the deceased leave father and mother, or either surviving him, then to the father and mother in equal shares, or to the one if only one surviving.

7. If the deceased leave no father or mother surviving him and leave brothers and sisters, or both, the gratuity shall be paid to the brothers and sisters in equal shares, and if there be also children of any deceased brother or sisters, such children shall take in equal shares the share which the deceased parent, if surviving, would have taken; relatives of half-blood to take equally with those of whole blood.
8. The shares of minors to be paid to the legal guardians of their personal estate.
9. If there be no person entitled to the gratuity under any of the foregoing clauses the same may be disposed of and paid to any person or persons whom the Trustees of the Gratuity Fund in their uncontrolled discretion shall deem to have been wholly or partly dependent upon the deceased member, or reasonably entitled to the benefit of the gratuity, or if the same be not so disposed of by the Trustees, it shall go to and form part of the Gratuity Fund.
10. The shares of minors for whom no guardians shall be appointed, may be paid into a legal depository of trust funds, subject to the order of such minors when they shall arrive at full age, or to the order of their guardians when appointed.
11. All guardians must accept the guardianship in writing.
