TORONTO,

CANADIAN PRODUCT MANAGED BY CANADIANS.

Gentlemen:—

It has long been a needed want for Canada to have a Canadian Fair Exchange, owned, operated and managed by Canadians. You may come into **our office**, look over our list of attractions and select just what you want, and just what you select you get, as we contract all our attractions for a number of weeks. Therefore, we, the Ontario Booking Office, have to pay these acts whether they play or not.

Another feature of this Canadian Concern, is that **we do not book outside of Canada**. Therefore, all attractions, when booked and contracted by us, are in this country and on the spot.

Crossman & Gourley have had long experience in the Show Business as performers, managers and agents and know the worth and quality of the attractions they book.

Our Motto is, "Satisfaction and no disappointments."

We have communications daily from all the best attractions in the Show World. Nothing too big, nothing too small; we book the best and can be depended upon to deliver the goods. We bind all attractions to an Iron Clad Contract as per agreement (always excepting serious illness and accidents).

So, Gentlemen, we are here to stay and deliver the goods to the best of our ability. We are both **Canadians**, with a world-wide experience and knowledge of all branches of the Show World, and we have come to show you that Canadians can deliver the goods, and that you do not have to go to Foreign Markets.

Let Canadians do it for you.

MIDWAY BEACH PARK

"ON-THE-HUDSON."

Albany, N.Y., July 7, 1918.

Mr. D. D. Oliver,
Albany, N.Y.

Dear Mr. Oliver,—

It affords us much pleasure to volunteer to you the information that your "High Dive" act was a wonderful drawing card at our park.

This is proved by the fact that the week of your act at our park was one of the best in its history. Also by the fact that our receipts on July 4th (the week you showed here) were larger than on the same day for the years 1917 and 1916 combined.

We attribute this phenomenal increase of business largely, if not altogether, to your most sensational diving act and hope to be able to arrange a return engagement. You may consider yourself at liberty to use this letter and our name in any way you may deem proper.

Wishing you continued success, we remain,

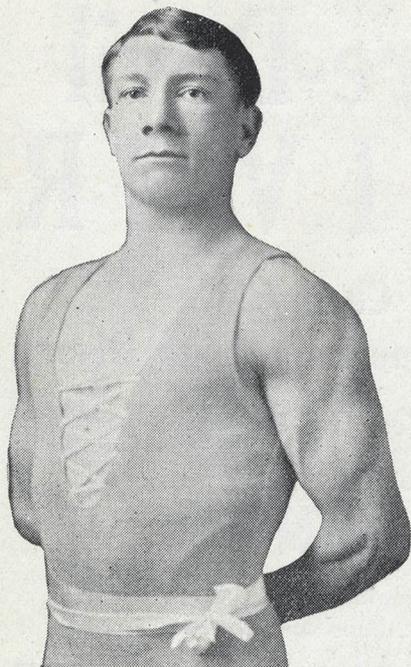

Very truly yours,

MIDWAY BEACH PARK

PROF. HARRY FINK, Conductor.

It can be safely claimed that Fink's Concert Band is second to no similar musical organization on the western hemisphere, and from an artistic standpoint is the most versatile in the world, and that it is natty in appearance, is conceded by all whose pleasure it has been to see it. Fink and his Band present programmes that are universally pronounced better than those of some of the most famous organizations at high prices of admission—programmes ranging from the most intricate classic to the popular and the raggiest of rag; programmes not handled by the average band, but are possible only with the highest class concert bands composed of soloists. Of such is Professor Fink and his organization.

Mr. Fink is practically a western product, having made his headquarters in San Francisco for many years. He, with his organization, was engaged and brought east from the Panama-Pacific International Exposition by one of the most successful amusement promoters in the country, under whose direction the organization toured for several years.

During the war this famous organization was disbanded, owing to the fact that nearly its entire membership rallied to the colors, however, it goes out this season more accomplished and versatile than ever, and better fitted to satisfactorily handle the work assigned to it.

Sergt. Reece

THE MAN WHO LETS A 7-PASSENGER AUTO PASS OVER HIS BODY.

Laughs as auto passes over him.—Chardon News, Chardon, Ohio.
Ed. Reece did the best Strong man act ever put on in Cuero.—Cuero News, Cuero, Texas.

Sergt. Reece has about the most remarkable pair of jaws it has been the lot of this writer to see. He uses his teeth as a vice, gripping various thicknesses of iron rods in them and bending them in various shapes. He allows a volunteer from the audience to bend a piece of $\frac{3}{8}$ inch iron over the biceps of his left arm by striking it. Not only that, but he has two men bend a piece of the same iron between his teeth. Then he allows ten men, five on either end, bend a much larger iron rod, while he grips it in his teeth. It takes the combined weight of the ten men to bend the iron, with Sergt. Reece's teeth constituting the point of resistance, to bend the rod.

He probably hasn't a superior, and few equals in his particular line of feats of strength.—New York Clipper.

Nay Bros. Alabama Troubadors

Has the Real Atmosphere of the Plantation and
Cotton Fields of the South.

The Alabama Troubadour with the Nay Brothers at the helm are bringing to your city the genuine old-time darkey atmosphere with its richness of melody and air of the cotton fields, where one can imagine he hears the swish and ripple of the Swanee River when strains of harmony fill the ears of its hearers. The Troubadours show is filled with laughs and joyous fun. And oh! when that Jazz Orchestra starts to play, the very air seems to melt in the melody of those ebony hued meadowlarks. The strains carry one back to the lore of the moonlight on the Mississippi and the peaceful life on the old plantation. The Jazz band which gives daily free street parades, is a veritable torpedo of tickling propensities. That is, it tickles your feet and makes you want to dance.

It's a big feature, and is the

MIDWAY AND CONCESSION DEPARTMENT.

To Secretaries and Managers:—

We book and manage Midways, Concessions, operating always under clean and up-to-date methods. No Fair or Exhibition would be a success without a **Real Midway**. People come for many miles around to see the Stock and hear the Music, and witness the racing and study the new Farm Machinery, but the Midway is an attraction that ranks with the best on the grounds, and those whom it does not attract to the fair, it holds after they get there. Anyone who can fail to find entertainment and interest in at least some part of the Midway, must be peculiarly constituted, as it caters to the taste of the masses. As stated above, we operate under clean, wholesome methods, all shows and concessions are under our own supervision and therefore must be O.K. Let us handle your Midway and Concessions. Get our terms early.
