

# *Gananoque*

The Gateway of the 1000 Islands.

PUBLISHED BY THE  
BOARD OF TRADE  
GANANOQUE, ONT.

A GOOD CATCH.

# ..GANANOQUE..

**T**HE Town of Gananoque is of consequence to the County at large on at least three different lines. It is noted for its manufactures, the products of which are shipped to all parts of America and to several foreign countries. It is the market town for a large agricultural district, rich in natural fertility and cultivated according to the modern scientific methods of farming. And it is now recognized as one of the leading summer resorts. The Town itself, the islands of the St. Lawrence River and the chain of lakes and streams to the north all combine to attract those who desire to spend the summer months amid varied scenery and wholesome surroundings. The summer business increases year by year, but its development and progress on that line are not yet in sight of its limit of capacity.

The name Gananoque is of undoubted Indian origin, and means "A Place of Health" or "Rocks Under Running Water." The first statement in so far as the locality being a healthy one is corroborated by the evidence of the first settlers who have left their testimony on record.

Joel Stone, the first settler, dated his letters in 1798 from "Leeds at the River Cadanoryhqua, near Kingston." And in a Crown patent of 700 acres of land to him, dated December 31st, 1798, the land is described as "a certain triangular tract upon the River Cadanoryhqua." For several years this spelling of word was retained in official documents. Shortly after 1800, the word Gananoque came into general use and was first employed to designate the village or settlement. It was afterwards applied also to the River. From that time on the name has remained unchanged. It is pronounced Gan-an-ock-wee, with accent on the first and third syllables. As the name of this town it is appropriate, as well as being original, euphonius and exclusive.

## LOCATION

Gananoque is situated in the southwest corner of the County of Leeds, Province of Ontario. It has a frontage of two miles on the St. Lawrence River, a portion of which at eastern and western extremities is farm lands. The Gananoque River coming from the northwest winds through the centre of the Town, and furnishes unlimited water-power for the

factories. The St. Lawrence River at this point is seven miles wide in a direct line, but the route in crossing by boat is longer as numerous islands obstruct a direct course.

Gananoque is 18 miles east of Kingston, at the foot of Lake Ontario; 30 miles from Brockville, the County Town; 155 miles west of Montreal; and 178 miles east of Toronto. Steamers connect with Clayton, N.Y., 1000 Island Park, Alexandria Bay and Cape Vincent.

The G. T. R. afford communication with outside places, three miles from town to which it is connected by the 1000 Island Railway.

During the tourist season steamers run direct from Gananoque to Montreal, to ports on the Bay of Quinte, Rochester, N.Y., Toronto, Hamilton, Ont., and other lake ports.

The Gananoque River is the outlet of numerous lakes and small streams. Some of the lakes are fed

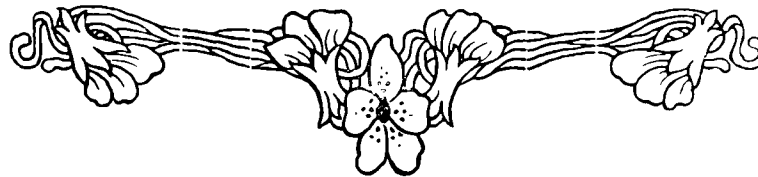

by springs of clear cold water, in which whitefish, salmon, trout and other game fish are plentiful. In season, ducks and other game are found about the drowned lands and along the waterways.

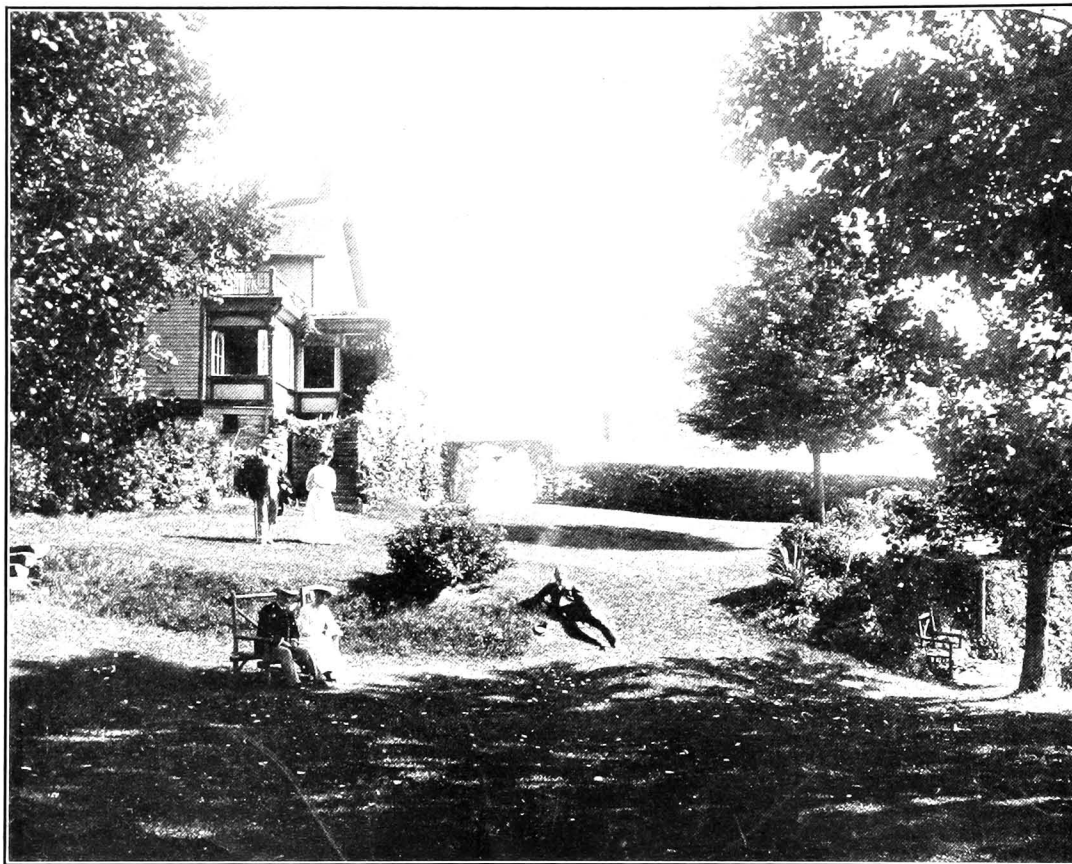

The Rideau Canal, connecting Kingston with Ottawa and Montreal, for several miles of its course is only 12 miles from Gananoque by road. The waters connect at a point 20 miles away.

Charleston Lake, a noted fishing resort, the water of which flows to Gananoque, is 16 miles from Town by road.

Clayton, N.Y., the summer terminal of the New York Central Railway System, lies immediately opposite Gananoque, and is connected by several lines of steamers.

Gananoque possesses a number of beautiful Churches and is noted for its excellent educational facilities, consisting of an excellent High School and graded Public School.

**SOMETHING THAT SHOULD INTEREST  
OUR NEIGHBORS ACROSS The BORDER**

Do you know the reason why goods imported  
from Europe, especially from England, Ireland and  
Scotland, can be sold cheaper in Canada than in the  
United States. IT'S THE DUTY.

#### **OUR DUTY IS LESS THAN HALF**

For example: Irish Table Linen, costing us 75c. per  
yard in Ireland we can pay the duty and retail it for  
\$1.25 per yard. This is less than the wholesale price  
in the States. Should you visit Kingston or Gananoque, or if you own a cottage among the Thousand Islands, you will save money by buying IMPORTED goods in Canada.

The QUALITY of Goods we carry are as good  
and our prices as low as any other house in the trade.

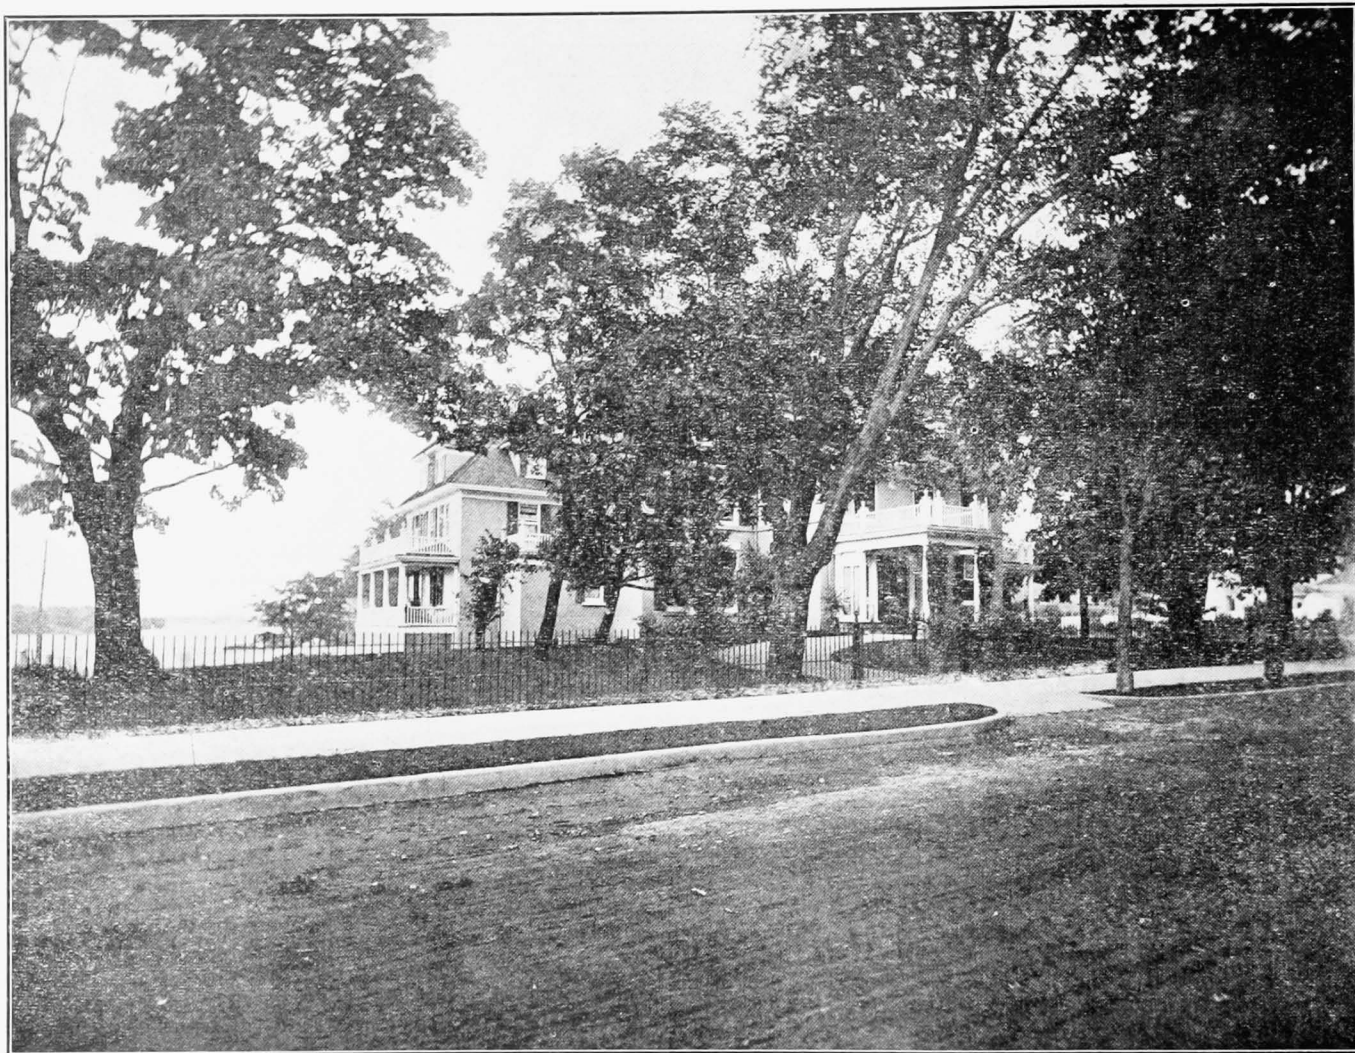

When you see the Thousand Islands you see the  
Grandest Scenery on the earth. Over four hundred  
islands close to Gananoque.

## GOIN' FISHIN'?

The following interesting conflagration between two devout followers of Isaak Walton was overheard in the Cafe at Delmonico's on February 8th, 1913.

"Well! well! I am pleased to meet you Charlie. I have been trying to decide where to spend the holidays this summer. I think I will to to Muskoka, they say the fishing there is fine. What is your opinion?"

"Oh Harry! don't make such a mistake, we'll go to Gananoque on the St. Lawrence, the heart of the Thousand Islands, the finest fishing in the world. Bass, Pike, Maskinonge, Pickerel, etc., and the best guides obtainable.

"That's all right Charlie, but my tackle is on the bum and I'll have to carry a lot of accessories if we go there."

"Not on your life Harry, we can get any and every kind of Tackle we require, Steel Rods, Split Bamboo, Greenheart, Lancewoods and any weight and King Fisher Lines. You know THEY CAN'T GET AWAY FROM A KING FISHER LINE. Landing Nets, Bait Pails, Tiger Traces, Leaders, Artificial Minnows, Spinners, Bass Hooks, Reels, Guy Hooks, Casting Spoons and the Finest Flies you ever seen."

"Say Charlie! Who in Gananoque stocks such a line of High Class Fishing Tackle? It is unnecessary to take anything with us if we can get the required articles there."

"Nothing Harry, you can get a complete outfit of the Highest Grades of Fishing Tackle, Lines, Rods, etc., at

## The Gananoque Reporter

B. O. BRITTON, Publisher

PRINTERS  
TO THE PEOPLE

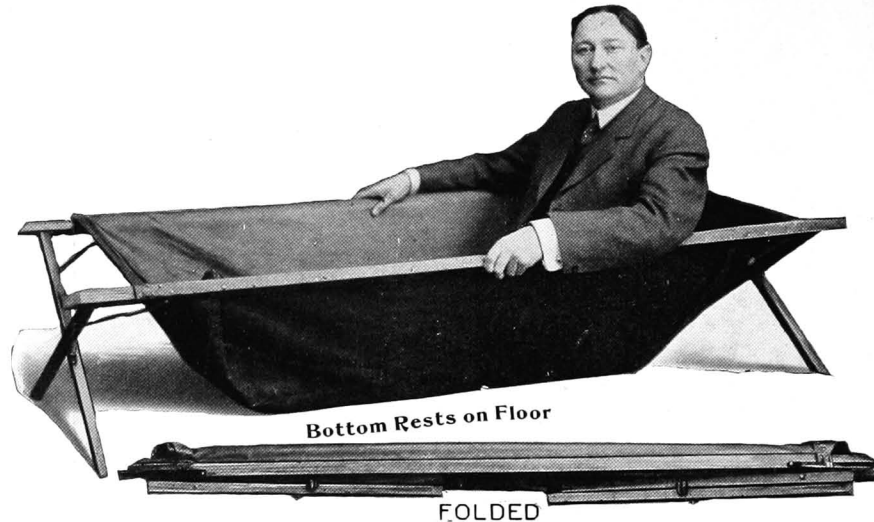

"OUR WORK SPEAKS OUR WORTH"

## A Bath Tub Which Folds Up into a Roll

The Baby Bath

Our Folding Bath Tub is a rare happy invention that supplies in every detail all the principal features of the Stationary Enamel Bath Tub; it is the same size as the standard tub, 5 feet long, 2 feet wide, 18 inches deep (inside measurements).

This Tub fills the long felt want in the home, where for any reason it is impossible to instal a stationary bath, and this great luxury is now placed within the reach of all.

The Bath Tub weighs only fifteen pounds which permits it to be easily carried from one room to another, and when it has served its purpose, may be folded up, and placed out of the way.

It is manufactured from Fabric Cotton and Brazilian Para Rubber, is absolutely un-leakable and will not rot or mildew. This material is securely tacked on hardwood frames, braced with steel supports, and each Tub carries a guarantee for five years.

There is no greater need to-day than a bath tub. To insure good health it is necessary to bathe the body often, and this can only be done properly in a tub made for the purpose.

Two pails of water will give one a satisfactory bath, owing to its construction, which permits the bottom to rest on the floor, and the water to come to the body.

No house without a bath tub is a fit place to live and raise a family. Every one should have pride enough to provide a family bath. It is not a question of whether you can afford it, BUT CAN YOU AFFORD TO BE WITHOUT IT?

Our Baby Bath Tub is made on much the same principal as the Adult Tub, and will readily appeal to every mother.

PRICE OF ADULT TUB, \$7.50; BABY BATH TUB, \$5.00. Express paid to any part of Canada.

Fuller particulars of these Tubs will be cheerfully furnished by the  
**FOLDING BATH TUB CO., Ltd., Gananoque, Canada, on request**
