## CHAIRMAN'S REPORT ON GALA DAY

Gala Day is now a pleasant memory and your executive are pleased to report a very happy and successful day.

On Saturday the home cooking booth, operated this year by Mrs. Mullinger and her badminton committee, was a real success. The net profit to the Association was \$43.50. Our thanks are due to these ladies and to all ladies who so kindly contributed cakes, pies, cookies, etc.

The raffles this year were very successful, and we sincerely thank those who worked very hard to dispose of the tickets. Mrs. Dedman and her helpers, who had charge of the tickets for the cabinet of silver; Clem Mullinger, Harry Baines, Hartley Gee, the bowlers, who sold tickets for the Marshall mattress; Mrs. Downes and her girls, the tickets for the bedspread and pillow slips; while the tickets for the two cameras were disposed of by Doug Riddell and Wallace Findlay. All the above truly did their part to make the day a success.

Early in the morning Art Sheppard, F. Barnes, John Hillock, Jim Davie and many other willing helpers were out in force to erect

tents, build booths, counters, etc., and after the children's parade, the games and booths were in shape and ready to go.

Promptly at 8 o'clock the stock-keepers, Harry Tasker, E. Vaughan, Wallace Findlay and Jim Davie, were in the club house ready to supply prizes to the different games. These men did real work and were kept busy until the last returns were made after midnight. We extend our thanks to them.

Mrs. Goulding, Mrs. Downes, Mrs. Saywell, Mrs. Fraser and a group of junior girls under Miss Patterson, had a splendid day in the tea room. Cup reading by Mrs. Murray was a special feature of the tea room, which attracted many who were anxious to know the future.

Mrs. Sisson, Mrs. Lynn, Mrs. Barnes and their junior girl helpers, dispensed cold drinks, sold peanuts, candy, etc., in the Tavern of Soft Drinks.

Lorne Sisson, with his helpers, Ev. Rennie, Bill Wickett, Fred Barnes, Milt Dedman, M. Soules, F. Staneland, had one of the best days ever in the Housie game. It was a real treat to see

**JUNIOR & SENIOR WATER SPORTS TOMORROW**

those seats filled continuously from 12 noon till 12 midnight, while the other Housie Housie, in charge of Frank Bean, Reg. Abrams, Frank Jones, Harry Leavens, Gilbert Parker, Fred VanBoven, also had a real good day.

Mrs. Sinclair was in her usual place with ice cream, cones, Eskimo pies and popsickles. She was assisted by Mrs. H. Tasker, and Mrs. Tom McClure, while just next door Mrs. Davie, Mrs. Hillock and Mrs. Swain served and completely sold out of Ward's Island Red Hots.

A. R. Whitten, chairman of horseshoers and his spielers, Chris Menzies, Geo. Counter and Norm Stein, at the Wheel of Fortune, not only entertained the crowd but sold paddles, and added a nice sum to the day's receipts.

Wally Randall, Frank Hanger, Harry Baines, Jack Williams, all in costume, worked hard and put over a good day at the Paddle Wheel.

Japanola, in charge of Art Dedman, also had a fair day.

The new game "Box Ball," in charge of Art Lynn and his ball players, enjoyed a nice steady play and always had some waiting to try their skill.

Ben Swain, Bruce Randall, John Swain, Frank Hillock, Bill Tasker, Bob Atkins, on the Whiffle Boards, under supervision of the Chief and Eddie Dillon, were a real asset to Gala Day, as there were almost 1,400 plays on these during the day. Our special thanks are due Roy Lapp, who arranged that we should get the loan of these boards for the day.

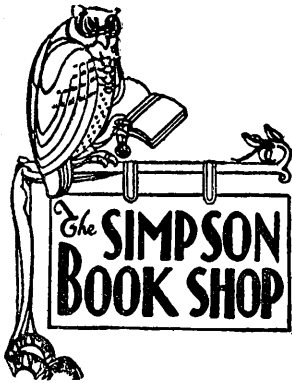

The ticket sellers were ever ready to serve those who came, and their work was certainly well done. They were: Monty Wright, F. Fraser, Eddie Dillon, J. Hillock, M. Todd, Milt Dedman.

Our efficient treasurer, Charlie Blaver, was on the job early and late collecting tickets and money. Charlie certainly worked hard, as did the ticket counters, Bert Garrett and Fred Clinckett.

Our president, Reade Davis, and the secretaries, Jack Crowley and Wallace Findlay, were ever around giving help where it was most needed.

Again this year the Toronto Silver Police Band, under the baton of Mr. Robertson, gave us a most enjoyable programme and helped to put everyone in a happy mood. We appreciate very much their coming to us, and I am sure we will look forward to hearing them again.

The evening dance proved one of the most successful ever held, and the hard working chairman, Jack Wilson, after buying prizes, paying orchestra, and other expenses, turned over to the treasurer the sum of \$121.00. Jack's idea of displaying his prizes certainly proved a good one.

## BASEBALL

This Saturday afternoon Ward's take on Centre Island on the home diamond in the second inter-island game. The match is scheduled to get under way at 3.30 p.m.

Last Saturday our boys were handicapped by the loss of two or three regulars, and Hanlan's managed to squeeze out a win. The score was 3 to 2, with the winning run being scored in the 9th inning.

Percy Millar's Otazels are very much in the running for second place honors by defeating Bob Maginnis' Dingbats 8 to 7 last Tuesday night. The game was called in the 8th inning on account of darkness. These teams are tied up again at this writing, each having won 6 and lost 5 games.

This Saturday evening Brownies and Osoeze hook up in a postponed scheduled game if the teams are not too badly depleted through week-end holidaying. Players are asked to co-operate in getting the

tie and postponed games played off when asked to turn out.

The standing in the inter-island league at present is as follows:—Hanlan's, won 2, lost 0; Ward's, won 0, lost 1; Centre, won 0, lost 1.

The following players are asked to be on hand Saturday afternoon: K. Barnes, A. Hillock, A. Barnes, B. Lillon, E. Tolley, D. Crawley, D. Horne, J. Smith, B. Maginnis, C. Blaver, J. Hillock, F. Mottram, R. Crawley, J. McLaren, F. Parsons, A. Rodgers, C. Hillock and S. Clarke.

## MEN'S BOWLING

Some surprises took place in the doubles. Sissons and Kay put up a smart performance in defeating Alex Sinclair and Hartley Gee, and Downes and Crowley eliminated Tupper and Pearl. Brown and Sheppard defeated Baines and Coleman in one of the closest and finest games seen this year.

In the singles, Mullinger beat Baines, Ball beat Tupper, and Counter took Willis into camp. Gee was the best in the game against Bill Brown, and Williams did the trick against Sinclair.

Saturday Hanlan's Point will be invaded, and the pot hunters will be in their glory. Given good weather the boys will have a grand time. The "Luella" has been chartered to take us there and back.

In the schedule, Saywell, Dobie and Baines are leading the skips, and Lye is in the driver's seat in the other section.

## FROM THE OLYMPICS

(Our Special Correspondent)

Los Angeles, Calif.

August 7, 1932.

Editor, Ward's Island Weekly,—

In a city where you can buy five dozen oranges for five cents, seven melons for ten cents, milk at five cents per quart, loaf bread at two cents per pound. When all the boulevards and main streets are as wide as our University Ave. Where the sun shines so darn much you wish it would rain just to relieve the monotony. Where the parks are all laid with sprinklers which are turned on each night about 10 p.m. and resemble a veritable fountain. Where the police siren screeches through the streets at all hours of the day and night. Where the beaches are filled with regular amazons who try to wear as little as possible and get away with it. Where you can rent a modern up-to-date bungalow around twenty-five dollars that would bring sixty in Toronto. Where the very state itself is filled with optimism and ballyhoo, you get a setting where they are holding the present tenth Olympiad.

Give the people of Los Angeles their due — there has never been a better run set of games than these. Everything is going ahead with promptitude and precision to-

gether with the western spirit that prevails, makes it so really interesting that you hate to miss a single event. When you figure the stadium is in one place, the swimming tank in another, although close by; the boxing and wrestling auditorium a couple of miles away; the rowing and yachting 25 miles from the stadium — you have to do some tall hustling to cover the events you are particularly interested in.

One of the most interesting developments in connection with these games is the Olympic village, which houses the competing athletes and the managers, trainers, coaches, etc. For an outsider to get into this secluded area cannot be done, that's all there is to it. A wire fence surrounds the grounds and mounted police guard that fence as though their very lives depended on it; certainly it is not on record that anyone escaped their vigilance. The front part of the village comprises a series of executive offices—each nation having an office of its own, with direct communication with the team manager of each nation located in the village. An iron gate is located in the centre of the front entrance, and an official demands your passport each and every time you go through, and he means it.

That the athletes seem satisfied and contented speaks well for this arrangement, as in every previous Olympiad there has always been a kick coming. If the public ever got into that village, and thousands line the outside front entrance daily, there would be no rest for the athletes, and in addition they would strip the place for souvenirs. On one occasion some friends of the American team got in on a pass, brought in some liquor, as a result no one can get an American pass into the grounds—they will not issue one.

The stadium itself is a thing of classic beauty and never will those present forget the opening day when 105,000 people crowded that arena — it was very impressive and made truly a wonderful sight. The Olympic ceremony has become almost ritual. The lighting of the torch on the main peristyle seems to reach the climax; this torch stays lit day and night until the closing ceremony of the games on August 14th.

The games themselves so far have been wonderful, with what results you already know from the daily newspapers. A perfect track, made of a mixture of dirt and peat, making it exceptionally fast. Such a track could only be built in a climate such as this, because any wet weather would spoil it for fast athletic work. No wonder records are going by the board every day conditions are ideal for it. Surely a great boost for southern Californians, and don't they know how to take advantage of it, and HOW!

So much for the games — hope they finish as well as they have started.

Was an interested spectator to some tennis games on public courts in the park where the stadium is situated. The courts themselves are made of a kind of composition resembling concrete which makes them fast, also, Eddie Tolley take note, they play their games at night in addition to the daytime, under arc lights. Tennis seems very popular here if the number of courts mean anything, and those I have seen play good tennis.

Taking everything into count, balancing conditions of California with our own Ward's Island, you can go a long way before you beat that good old community spirit that exists on that choice spot just west of the Eastern Gap, Toronto.

### BOYS' MINSTREL SHOW

Friday, August 19th, at the shelter, is the time and place. The gang will be there, black faces and all. They are practicing hard. The end men will be screamingly funny. They are hard at work learning their stuff, while the soloists are getting all the frogs out of their throats. The chorus is getting along fine and by the 19th will be full of pep. The boys give up some of their sports and pleasures to get up this show every year. Turn out, folks, and give them a hand. Oh, yes! they want to take up a collection to turn into the Association to help pay the supervision costs. Dig down.

## MAE TO ETHYL

Dear Ethyl:

Tom brought home some berries a customer from the country left in his office yesterday and here I have been all day making jam as if I didn't have enough to do. However, I guess, Ethyl, I shouldn't grumble, although goodness knows Ethyl, by the time I gave all the neighbors I've borrowed stuff from a little sample jar, I've not got much left. Oh, well, them as borrows must loan, as we used to say, eh, Ethyl? The masquerade is over, thank heaven, Ethyl, and Tom was called out of town at the last moment. Oh, Ethyl, what a relief. He had a dreadful scheme up his sleeve, I know, Ethyl. So I enjoyed it for once without him prancing around like a half baked potato or something.

One lady was a scream, Ethyl—she was supposed to be Cupid, I think, but she looked about as much like Cupid as Cousin Bertha. There's a laugh, eh, Ethyl? Tom's mother was over and she was terribly shocked. Can you imagine it, Ethyl, a bit of harmless fun!

I haven't done anything but the jam to-day, Ethyl, and I'm all tired out and Junior is a sight, not to mention an offence to another of the five senses as well. Oh dear, Ethyl, will I ever get away from this wash and iron day in and day out? Cheer up, Ethyl, your time is coming — yes? no? Bertha dropped a hint on a postcard she sent me last week. Tell me if she's right, Ethyl. Surely I'm entitled to know if anyone is. Here come the girls in from the beach, so I'll have to get up and iron them a couple of dresses I suppose. And there comes the ferry Tom should be on. I'll have to hustle.

So long, Ethyl; write soon and tell me,

Your confidant,

MAE.

## HORSESHOES AND QUILTS

The first player in the horseshoe singles' schedule to battle his way through to the head of his group is Clare Vinson, which means that he is the survivor of eight players. When the winners of the other seven groups are decided, play-off games of fifty points each will be arranged to find out who is the best individual player in the W. I. A. These games will be well worth watching. Dates will be announced later.

The doubles players are now engaged in the heavy end of their schedule, and the courts will be extra busy until the group winners are decided on the 31st. An important notice is posted on the board for players in this series.

At time of writing J. W. Arbuthnot and Bert Garrett are leading, and they have a clear record, with no defeats. The Saturday night sweepstakes were won by Frank Hanger and Clare Vinson from a strong field. The horseshoe courts are usually worth a visit on Saturday night for this event.

The Wheel of Fortune, operated by the horseshoes and quilts division, was well patronized by players, non-players and visitors. The writer gratefully acknowledges the assistance of George Counter, Norm Stein, E. Harding and Chris Menzies particularly.

## SUNDAY EVENING

Last Sunday evening service will long be remembered as a very pleasant one. Mr. Tom Sargeant and his choir from the Church of the Epiphany came over and gave us an evening of music. Anthems by the choir, solos by Miss Hunter and Mr. Hatley were all much appreciated by the large number present. We will all look forward with pleasure to a return visit.

The picture story for the children was given by Mr. Fraser.

Next Sunday evening there will be a story with slides, and for the sing-song Mr. Galbraith (now one of our Islanders), of High Park Presbyterian Church choir, is bringing over some of his soloists. We are assured another splendid evening.

May I urge that everyone attend these sing-songs; we are sure you will enjoy them.

I am sure you will join with me in saying "Thank you" to Geo. Counter, who very kindly supplied ferns, plants and flowers that were on the platform last Sunday evening.

### CHURCH NOTICE

The attendance last Sunday morning was exceptionally good, and our young student preacher, Mr. Keith McMillan, got off to a real good start in his month's work. Our own Mrs. Dixon favored us with two splendid solos, which added very much to the pleasure of the service.

On Sunday, 14th inst., Miss Muriel Grant will be our guest soloist. Miss Grant is well known in musical circles and her visit to us should be an outstanding event. She has also consented to sing at the evening service.

To Mr. and Mrs. J. M. Davis we are indebted for Miss Grant's visit to us. She and the other members of her family will be the guests of the Davis family.

Get your nominations in now. Nominate your favorite early and often. Nomination meeting is on Tuesday, August 16th. This is when you are entitled to get up and do your stuff. Then one week later comes the annual meeting. Some lively discussion is in the air. Let it be vigorous and good natured, as well as intelligent and for the good of our Association.
