

Dr. J. R. Homo's Pulmonic BLOOD PURIFIER.

The Best
Blood Purifier
in the World.

This medicine is highly recommended for the cure of Coughs, Colds, Catarrh, Influenza, Bronchitis, Asthma, All Lung Troubles, All Throat Troubles, Liver Complaint, Kidney Disease, Heart Failure, Dyspepsia, Indigestion, Catarrh of Stomach, Constipation, Neuralgia, Lumbago, Rheumatism, Nervous and General Debility, Run down System, Bloodlessness, All Female Weakness, Scrofula, Skin Diseases and Fits. This medicine purifies the blood, makes blood, renovates and strengthens each organ and leaves the system perfectly healthy from all weakness. In the removal of any of the above diseases, Pulmonic Blood Purifier takes the lead. When I was in the North West I came across an Indian Doctor that was treating the above diseases. I became very interested in the cures that he had made with the oil that he had prepared from the roots and herbs that he was using. Finding that satisfactory cures had been made, I obtained the recipe at a fabulous price, knowing that over two-thirds of the white race was affected with the above diseases. At a great sacrifice I obtained the same roots and herbs which he used and we now import direct from them. Each bottle of medicine contains twenty different roots and a berry. We do not boil or stew them we extract by a steam process and get the essentials from each root. Each bottle contains the extract of each root in it the oil from twenty different roots and a berry, now we are prepared to put this valuable medicine before the public. Give us a trial and we will prove faithfully and satisfactorily in all cases. No person need suffer from any of the above diseases when there is a remedy so close at hand to cure them. Give this valuable medicine a trial it will renovate the whole system and leave it in a healthy condition. We do not want any person to stop work, or diet themselves while using our medicine.

THE FOLLOWING TESTIMONIALS have been received from respectable parties unsolicited by us regarding the merits of our medicine. They reside right here in our own country and you may correspond with them at any time and obtain every satisfaction you require concerning this wonderful medicine which has done so much for suffering humanity. Centralia, P. O., Dec. 3, 1887.

J. C. GAMBLE & Co.,

Dear Sirs,—I have got two of the bottles of Blood Purifier and it has given me the very best satisfaction, and I hear it recommended every place it has been used. Can we get this medicine in drug stores? I have five bottles ordered by parties wishing to try it from what they have heard about it, and I want some more myself.

Yours respectfully, HENRY WRIGHT.

Lucan, Ont., Dec. 5, 1900.

J. C. GAMBLE & Co.,

Dear Sirs,—I must give your medicine a high recommend. I have been suffering for about five years with my stomach, heart trouble, nervous debility, had female weakness and general run down. I have been to a number of doctors and they told that I had a number of complicated diseases, and I have doctored with a number of doctors and never got any relief. They advised me to go to the hospital, and that I dreaded. There was a lady friend of mine advised me to write to you for a treatment of five bottles and before I used two I got a great relief, before the treatment was done I was sound and cured and as well as ever I was in my life. I will recommend your medicine to any woman that is troubled with any complicated diseases.

Yours truly, MRS. W. H. DERRISON,

J. C. GAMBLE & Co.,

Sirs,—I have to give your medicine a high recommend. I have taken those two bottles I got from you, and I feel better than I have for the past ten years. It is the only relief I ever got from medicine. Many have come to see if it is the case. As you said to write to you, and you would send me another bottle—is there any people here that have same disease, but when you were here they would not buy, but if you were here now they would all buy. I have not felt the least symptom of the disease since. Send another bottle for fear my symptom of asthma should return.

To J. C. GAMBLE,

Dear Sir,—I consider that the three bottles of "Homo's Pulmonic" I purchased from you have cured my son of asthma and bronchitis. He had suffered for five years. It has made him well and strong. I thank you for recommending the medicine to me.

J. C. GAMBLE & Co.,

Dear Sirs,—I have to give your medicine a high recommend. I have taken those bottles I got from you and I feel so much better. I have only been troubled once or twice since taking your medicine. As mine was a bad case of asthma and bronchitis, it was the first thing I had taken that gave me such relief, and I would highly recommend it to all others suffering from the same disease. Yours truly,

JOHN PHILLIPS.

Whittington, March 2nd, 1897.

DR. HOMO,

Dear Sir,—This is to certify that my son was subject to catch cold in some way very easy, and he would have a bad cough and spit with it; in a few hours he would get so bad that his mother often had to get up out of bed and apply mustard and hot flannels to his chest. He appeared to have no breath. Some thought it was asthma and some bronchitis. I got one bottle of your Pulmonic Blood Purifier and he appeared to be a different boy and we have not had any trouble with him since. Hoping this will benefit others, I remain, yours respectfully,

THOS. CAVEN.

Crown Hill, April 25, 1894.

DR. J. R. HOMO,

Dear Sir,—You sent my brother Joseph E. Emms, of Orono, two bottles of your medicine last summer and he tells me it cured him. My name is John E. Emms, of Vesper. About 6 years ago I was taken with a sick pain just below my stomach. I have been doctored ever since and am getting worse every day. If you think you can do me any good send me two bottles. I enclose \$2. Yours, etc.,

JOHN E. EMMS.

Salmon Point, Dec. 12th, 1893.

J. C. GAMBLE & Co.,

Dear Sirs,—Please send me two bottles of Homo's Pulmonic Blood Purifier by express c. o. d. as soon as you can as I cannot live without it. Of course I expect it the same as you let me have it before at \$1 per bottle. As this is about a dozen bottles I have taken I should have quite a reduction in it and I have recommended it to others which I believe they have sent for and are taking it at present.

Yours, etc.,

MRS. JONES COLLIVER.

Hawley, June 25, 1894.

D. J. R. HOMO, Brockville, Ont.,

Dear Sir,—Last winter I had two attacks of gripe which left me in a very weak condition, in fact it almost tired me out to walk to my school or saw a few sticks of wood. I went down to my brother's, who is an agent for your Blood Purifier, and got two or three bottles of the medicine, and took nearly two of them, and although I had a very bad cough I soon got better, could saw wood until 10:30 after working all day, and cough stopped. Then sold six bottles to Mr. Jacob Benn, who was not expected to live through the winter, and he is able to be out around and do some work. Since then I have sold a number of bottles and if these cases get through all right I think I can sell a lot of your medicine.

THOS. E. FURRS.

Wyevale, Nov. 30, 1894.

DR. J. R. HOMO,

Dear Sir,—I was troubled with a pain in my side and run down constitution and did not feel like working. I took two bottles, the pain has left me, and I can work with comfort. Would highly recommend it to all others suffering with the same disease.

Yours respectfully,
MRS. GEO. SNIDER.

Angus, Ont., Dec. 16, 1894.

DR. HOMO,

Dear Doctor,—Please send by express to Angus, three bottles of your Blood Purifier. Send it c. o. d. My wife was troubled with liver complaint and two bottles which I got from Dr. Homo has completely cured her. About a year ago I caught cold which settled in the tubes leading to the lungs. I have a very bad cough and spit which gets worse betimes whenever I get a slight cold. I tried two doctors who sounded me and told me my lungs were all right, that the trouble was in the tubes. If you can send me medicine to break the cold so that I can cough it off, I will be much obliged indeed.

Respectfully yours,
J. W. ANNETTE.

Tamworth, Jan. 16, 1895.

DR. J. R. HOMO,

DR. J. R. HOMO,

Dear Sir,—This is to certify that I was afflicted with dropsy and kidney disease for over two years. Was not able to do anything and doctors seemed to do me no good. You called on me and induced me to try your Pulmonic Blood Purifier. After taking five bottles of your valuable remedy I am well and can work as well as ever. Enclosed you will find \$3, for which send three bottles of your P. B. Purifier. I consider you saved my life, or at least your valuable remedy.

With respect,
HIRAM BARNHART.

Seymour, Sept. 28, 1893.

DR. HOMO,

Dear Sir,—Last spring when you were around my husband, Wm. J. Morton, blacksmith, was bad with what you said was rheumatism, and he got five bottles, \$5 worth of your Pulmonic Blood Purifier, and it cured him so that he has been quite well since. I have a niece, a young woman 22 years old, who is in very poor health, but she does not want to hear of changing from the doctor who has been attending her, so I thought as you had done my husband so much good I would have you send \$5 worth of your medicine and I would get her to take it, hoping that it will effect a cure with her. I would like you to answer at once and send the medicine, \$5 worth, c. o. d.
