**ANGULAR WOMEN
BECOME PLUMP**

THROUGH THE USE OF THE
**GREAT SOUTH AMERICAN
NERVINE TONIC,**
A WONDERFUL NERVE FOOD AND FLESH PRODUCER

Ladies, if you are scrawny, pale, weak, nervous, or are suffering from any of the diseases peculiar to your sex, we ask you to give **SOUTH AMERICAN NERVINE** a trial. One dose will improve your appetite, and at the end of the first week's treatment you will find you have gained several pounds. This remedy cures by acting directly on the nerve centres at the base of the brain, which control all the organs of the body. It will put the bloom of health on your cheeks, strengthen your nerves, round your figure, and dispel your disabilities.

SOUTH AMERICAN NERVINE worked a marvellous cure with me last year. The first week I made a gain of 16 lbs., and that time on I made a steady gain until I reached my normal weight, making in all a total gain of 30 lbs.

"An American Triumph."

English railway men are becoming alarmed at the great success of the fast trains on the New York Central. It was freely predicted in England and Scotland, that the Empire State Express was overrated, that it would probably run for a few weeks and then be withdrawn, as it was believed in the British Isles that no American road-bed could sustain the strain of a heavy train running at the speed of the Empire State Express for any considerable time. This train has been running continuously for more than a year, and has made the time so regularly that for thirty-six consecutive days the train was not "off time" once. It has become the most popular train in the country, and fully half the time every seat is taken. It is gradually drawing upon the railways of the world that the Empire State Express is an established fact, and that the New York Central deserves the title accorded it by the press of two continents of "America's Greatest Railroad."
