

THIS COLOR PHOTOGRAPH is a reproduction of a modern room created and color styled by Glidden Color Studios. The ceiling and woodwork are finished in Glidden SPRED SATIN, the walls finished in DRAMATONE SPRED SATIN. Furniture is finished in JAPALAC ENAMEL and the floor in FLORENAMEL. Glidden Color Studio facilities are at your disposal through the services of the Master Painter sending you this message.

Dear Friend:

The room pictured on this card is beautiful because of Color and Paint properly selected and applied.

You can have this same "professional look" in your home by using our experience in the smooth application of durable, quality finishes. We work fast but carefully to complete a job to your satisfaction as soon as possible. We use the right Glidden product for each surface and give you the finish you need and color you want.

Good decoration requires care and thoughtfulness, and we take pride in handling our work in that manner. A painted room is the cleanest room, and you can keep it that way because the finishes we use are washable. They may be cleaned many times without losing their color and original beauty. Call us for an estimate.

It is freely given along with color suggestions based on modern home decorating trends.

Cordially yours,

M.P. 7
